

Zoning hassle goes to court

Referendum petitions rejected

ON TO THE NATIONALS - Carla Hay, 15, daughter of Mr. and Mrs. Frederick Hay, 14170 Huron River Dr., Romulus, and her horse, "Cest La Vie," have compiled an outstanding

showmanship record this year and have qualified in five divisions for the U.S. National Arabian Horse Show in Oklahoma City next month. (Story on Page 5)

By JOE CHAREST

With the refusal of the city council to accept petitions for a referendum, Romulus' latest zoning hassle is in court.

Attorney Ernest Ryback filed the suit yesterday morning and indicated that Wayne County Circuit Court Judge Charles S. Farmer would hear the case Aug. 18.

The Citizens Advisory Committee on Zoning and others, including the Romulus Democratic Club, have blasted the city council for closed-door changes in the zoning ordinance just prior to its adoption May 6.

Leading the referendum fight is Robert Plank, chairman of the Citizens Advisory Committee and a spokesman for the group that initiated the campaign for a referendum.

He and lawyer Ernest Ryback explained the group's position at last week's council meeting and informed the councilmen that they would file suit if the petitions were rejected.

"We feel that you have a moral obligation to handle city affairs in public and not behind closed doors," Ryback told the council.

He said private sessions prohibited the people from expressing themselves to the public officials the council.

The suit contains two elements, the attorney said yesterday. The first states that the people have the legal right to a referendum on the ordinance; the second argues that unauthorized changes were made by people not empowered to make such changes.

Ryback said several times that his group would rather sit down and negotiate with the council to arrive at a solution than take the battle to court.

He explained that the council had two courses of action: To place the zoning matter before the people for a referendum vote or to say that the people had no right to a referendum, in which case court was the next step.

The council decided on court when they followed the advice of legal counsel John Young and voted to reject the petitions. Young's obligation declared that the zoning ordinance was not legally subject to a referendum.

Councilmen Jimmy C. Rasperry, Edmund Bizek, Ellis Pennington and Brook Edwards voted against the referendum.

Councilman Fred Junior Block, William Oakley and James C. Stewart were in favor of a referendum.

"In my opinion," Stewart said, "the legal counsel has based his recommendation on a ruling from a case in another city that dealt with only a portion of the zoning ordinance. Here we are dealing with the whole thing. I think our legal counsel is confused."

Ryback also indicated that, once the court moves on the suit, the zoning ordinance would be suspended.

The citizens group recommendation was that the council rescind the zoning ordinance it passed, vote to

accept the original form of the ordinance, and then begin amending the ordinance as necessary.

Council President Rasperry suggested instead that the objecting citizens go back through the planning commission to ask reconsideration of objectionable items in the zoning law. He said then the council would consider whatever the commission recommended.

Ryback said his clients opposed this procedure because delay in filing suit would close some of the legal channels available to them.

Among the specific complaints of the citizens group is the lack of a local building code and a local subdivision control law which they say the council promised to adopt simultaneously with the zoning ordinance.

Other contentions of the group are:

—That multiple zonings have been granted by council in an area where the people are already upset with the over-abundance of multiples; —Gas station zonings granted against the wishes of the citizens, while other zonings and text changes requested through the advisory committee were denied;

—Failure of the council to discuss other changes that they made and the fact that all of their actions were taken in private executive sessions.

Interviewed after the meeting, Plank said, "This is typical of the actions the four council members (Rasperry, Pennington, Bizek and Edwards) have been taking. The

Teamsters present counter proposals

By JOE CHAREST

The Teamsters local representing city employees in Romulus is laying it on the line to the city council.

Local 214 of the State, County and Municipal Workers Union, which took over representation for the employees after they voted out Council 23 of the AFL-CIO in April, has presented counter-proposals to a contract offer

submitted by the city council late Friday afternoon.

Joseph Valenti is president of Local 214. He outlined exactly why he thought the city's offer was inadequate.

"I think we have been more than tolerant with the City of Romulus," Valenti said. "when you convert from one union to another, there are problems, but it shouldn't take four months to straighten them out."

The employees present contract expired April 19.

Valenti said that the union is seeking wages for Romulus employees comparable to those received by workers in other Detroit suburbs with income comparable to Romulus.

To this end, the local has compiled a comparison of such cities and come up with some wage averages to use as bargaining guidelines.

Valenti indicated that the averages presented to Mayor Hyle J. Carmichael last week were put together using figures from five communities with which the union has recently completed negotiations. They are Sterling Heights, Redford Township, Madison Heights, Birmingham and Hazel Park.

Some of the average figures arrived at are as follows:

Persons in labor classifications for these cities earn an average wage of \$4.01 per hour. Romulus, in its contract proposal has offered \$3.76 per hour.

Equipment operators in these communities average \$4.49 per hour. Romulus has offered \$3.93.5 per hour.

'Heavy equipment operator's average is \$4.98. Romulus' figure is \$4.26.

Meter readers in the averaged cities receive \$4.25 per hour. Romulus has offered \$3.65.

Valenti said that although some of the pay raises offered by the city appear to be

Krause receives probation, fine

Former Huron Township Treasurer James J. Krause, 32, has been sentenced to five years probation and \$750 court costs following his conviction on charges of embezzling public funds.

Wayne County Circuit Judge Edward S. Piggins told Krause Wednesday he must also repay the township the \$5,798 he took from the public sewer fund.

Krause faced a possible five-year prison term and a fine of up to \$10,000 after he was convicted on the charge June 15 following a five-day trial. He had been indicted by a Wayne County Grand jury.

Krause was specifically accused of embezzling the money from the township's general fund in 1970 by shifting money from the sewer receiving fund and then using

JAMES J. KRAUSE money from that account for his personal use.

The funds Krause placed in the sewer receiving account came from the State of Michigan and represented a

Family needs miracle

Mother of 6 girls dying of cancer

By BEVERLY McANALLY

Arnold McGinnis, his wife, Eva, and their six little girls live in a modest white house on Huron River Drive, about a half mile west of the Kelsey-Hayes plant in Romulus.

They badly need a couple of miracles. Their neighbor, Rick Franz, is trying to get at least one miracle started for them.

Eva McGinnis, 29, has a cancer that her doctors say is going to take her life before another summer passes. On warm days she lies on a cot under a willow tree in her yard and thinks about the miracle that could happen to relieve her from her harsh sentence.

But, because her swollen body hurts and the terrible, swift weight loss has made her pretty face gaunt during the past three months, she is thinking more about accepting what she calls "God's will."

In fact, she's depending on her faith in God to see her through her ordeal.

While Rick and Ruby Franz are neighbors to the McGinnis family, they were not acquainted until recently.

"The first we heard about their troubles was when Ruby and I stopped at Betty's restaurant in Romulus for a bite to eat. Everyone was so somber and we asked what was wrong. They told us about the situation," Franz explained.

"This family has terrible problems," he went on. "The father has worked at Willow Run Rubber Company for 16 years, but he's cut back to two or three days a week. He's working all kinds of odd jobs, a day here on construction and a day there doing something else."

But he doesn't earn enough. Eva's prescriptions sometimes run \$35 to \$40 a week; six kids cost plenty to clothe and feed; then there are the house payments. The McGinnis' a little behind in their land contract installments right now, and Eva worries about that.

She worries about the kids too, although she tries not to.

(Continued on Page 3)

Road patrol will take over within a month

Romulus' depleted police force should be replaced by the Wayne County Sheriff's Road Patrol by the end of the month. A contract between the city and county is expected to be signed shortly.

The Romulus City Council met in executive session last week to ratify the contract offer. This ratification had been pending for several weeks following final approval from the court.

The Sheriff's Department is scheduled to take over 21 days after the signing of the agreement.

The contract does not include Police Chief Jacob J. Koch,

whose employment on the force was a stumbling block to a quick agreement.

The commissioners did not want Koch on the Sheriff's payroll because it created seniority and job classification problems.

Chief Koch considered filing suit to seek a position with the sheriff but apparently abandoned the idea when Mayor Hyle J. Carmichael indicated that a position with the city was forthcoming.

The contract calls for 24-hour police protection for the city (Continued on Page 3)

BLAZE PROVES COSTLY - Little merchandise remained after a fire last week at the A & D Motor Company, where damage

estimates ran as high as \$125,000. Cause of the blaze is unknown, but arson has been ruled out.

Arson ruled out in blaze

The possibility of arson has been ruled out as the cause of a fire that gutted A & D Motor Co. on Huron River Drive in Romulus last week.

About 20 Romulus firemen battled the blaze for almost three hours. Approximately \$125,000 damage was estimated.

Although no one was injured, as many as 175 motorcycles were destroyed by the fire, which left nothing standing but the charred walls.

Romulus Fire Chief Joseph Crova said his department received the call for help at approximately 8:20 p.m. July 27.

The state fire marshal's office aided in the investigation last week.

Romulus man wins, but still has no money

A Romulus area resident, William R. Curylo, was awarded a \$425,000 settlement last week for injuries sustained seven years ago when he was run over by a piece of construction equipment, says he may have

to leave town to get some peace and quiet. Since a report of the settlement appeared in a Detroit paper last Thursday, Curylo says he has been besieged by phone calls and salesmen

pounding on the door "trying to sell us stuff."

He no longer answers the phone himself. "They all seem to think I've got the money in my hand," he said, "The truth is I had to borrow money this morning to get food to eat."

He doesn't know when he will get any money. If there is an appeal, his lawyer, Jeffrey Shillman, assistant to Howard Silver, says there's a possibility that it could take a year.

Meanwhile, Curylo, 47 is unable to work. He has not received any compensation since the suit was filed and his doctors say he will probably never work again.

At the time of the accident,

Curylo was a jack hammer operator on a construction site near Pontiac. His doctors say that as a result of his injuries he is unable to do anything that requires bending, lifting, walking sitting or climbing. There are occasions when, he says, the pain is so severe that he is unable to move from his bed and must have medication for relief.

The award was made by a Circuit Court jury after 2½ weeks of testimony. They returned a verdict in Curylo's favor after an hour and five minutes deliberation.

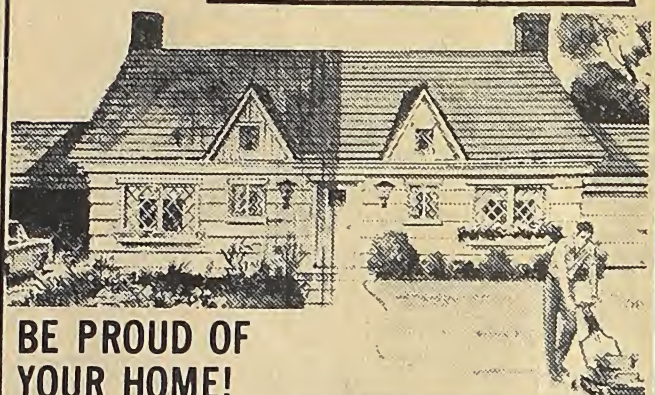

The judgment was handed down by the honorable Eugene S. Huff, a visiting judge from Saginaw. It is possible that any subsequent action in the case will take place in Saginaw.

As for Curylo, he says he's glad it's over and he's satisfied with the verdict. He says he won't go for more, but he's afraid this "phone thing" is just the beginning.

"I haven't been getting very much mail lately," he said, "but now, I'll probably have to put a barrel out there."

SMILES FROM NOVICE SAILORS — The Bond family doesn't have much sailing experience right now, but they'll learn quickly after having won a boat in a raffle sponsored by

the Carousel Co-op Nursery during Belleville Sidewalk Sales. Shown (from left) are Cindy, Arthur, Debbie, Lonnie, David, Eddie and their mother Sarah. —Enterprise-Roman photo

Van Buren to resume contract negotiations

Van Buren School officials are ready to resume negotiations with teacher representatives from the Van Buren Education Association. The first session is scheduled for Aug. 4. The last one was on June 22.

School Superintendent Dale Kaulitz said the primary reason for the long break was the lack of financial information from the state of Michigan.

The legislature has still not come up with a school aid formula, which is important in settling economic issues, Kaulitz indicated.

The district obtains approximately one-third of its revenue from the state.

The superintendent said that the district had presented

a salary schedule to the teachers, but was unable to give them a total economic package without a decision on the state level.

Cosmetology classes planned in Romulus

Candidates for the federally funded cosmetology training classes for out-of-school youth will meet at 6:30 p.m. Thursday in the Romulus Senior High School cosmetology room.

The course offered free to any Romulus resident who has not completed high school, will provide training to earn a diploma.

According to Mrs. Lorena Burton, State and federal coordinator, many of the

students who have completed their training in the regular school day or in previous federal programs, have passed their state examination and are now employed in shops.

Romulus High School has a fully equipped beautician training laboratory and a specially trained staff. All modern techniques and applications are taught.

Classes are open to men, Mrs. Burton said.

Family to learn sailing

The Ron Bond family is richer by a sailboat this week, thanks to a Sidewalk Sales raffle held by the Carousel Co-op Nursery of Belleville.

Mrs. Sarah Bond purchased the raffle ticket while checking out the bargains at Belleville's annual event last week. But like most other people who buy raffle tickets, she was taken completely by surprise when raffle chairman Kay Hooten drove into her back yard with the boat.

The Bonds will put it to good use, a fact emphasized by the six Bond youngsters, all anxious to learn the ropes of sailing.

The Bonds live at 18035 Morton Rd. They include Cindy, Arthur, Debbie, David, Lonnie and Eddie.

The Carousel Co-op is a nursery for pre-schoolers. It will be operative at the Presbyterian Church on Belleville Road during the regular school year, with three sections open for children three and four years old.

The winning ticket was drawn by Sherry McArthur, 45109 Harris Rd.

Road patrol to take over

(Continued from Page 1)

and the absorption of the present Romulus Police Force into the county department, on a pay scale determined by individual years of experience with the city force.
County officials reported that rising costs forced the county to raise the price of one unit from \$175,000 annually to \$198,216.
However, total cost for the first year of operation will be \$378,000. The Sheriff's Road Patrol will provide officers to cover Romulus on a full-time basis.

Another clause in the contract prevents cancellation by either party before three years, with one year of notice.
A further complication in the contract was a court suit by the Romulus Police Officers Association (RPOA), which was steadfastly opposed to the city-county merger.
That suit was settled when Circuit Court Judge Charles S. Farmer ruled in favor of the city.
The RPOA maintained that a merger would be a violation of the city charter, which they said required that the city be patrolled by a "city police force."

A millage proposal passed in 1968 established a police force for the then Romulus Township. This 1½ mill levy does not expire until 1972.
The county was of the opinion that the millage was no bar to a contract, since the City Charter adopted with the incorporation of Romulus as a city superceded township rules.
Judge Farmer apparently agreed with the county and city, ruling that the merger was legal.

Hazen, Meldrum selected

Department heads named

Romulus Mayor Hyle J. Carmichael appointed two men to top posts in city departments last week.
Charles W. Hazen is now director of planning and community development at an annual salary of \$12,000 and Clayton Meldrum has been officially named building manager, a post he has been occupying unofficially since the April resignation of Joseph B. Gallagher. Meldrum will receive an annual salary of \$13,000.
The appointments were made public and the salaries approved at last week's meeting of the City Council.

Hazen, who has been industrial coordinator for Romulus for 2½ years, has been a resident for nine years. He is a former public relations man for the Detroit News.
Hazen and his wife, Helen, have two children, Carol Ann, 10, and Frances, 8.
The function of his department is overseeing the industrial, commercial and residential development of the city as a whole.
His job includes supervision of the urban renewal and public housing projects and code endorsement.

Hazen is chairman of the city's Code Enforcement Committee and coordinator of the Commercial and Industrial Advisory Committee, which is chaired by the mayor. He also has a seat on the Planning Commission.
Meldrum, although a relatively new addition to the city administration, has been a Romulus resident for 30 years.
He has been a licensed electrical contractor for 21 years and is president of his own company, Mel-Malone Electronics, Inc., of Redford and Livonia, which specializes in the design of electrical control equipment.
Prior to starting his own business, Meldrum was electrical and mechanical supervisor at McLouth Steel Corp., overseeing the maintenance and repair of many different types of industrial equipment.

The new building manager was first hired as the city's electrical inspector in February. He assumed the duties of the building manager on April 1 and has been heading the building department since then.
Meldrum has two daughters, Connie and Linda, and lives with Connie and three of his six grandchildren.

CHARLES W. HAZEN

CLAYTON MELDRUM

Family of 8 needs miracle

(Continued from Page 1)

"I know that God will see that my children are cared for," she says with a wane smile.
There's Diane, who's 13 and works like a little mother to keep things going. Carol's 11, Rosie's eight, the twins, Pammy and Tammy, are seven and little Rhonda is four.
The Franz' have taken Rosie to stay with them and they're fixing a room for her. The Richard Lindsay's, Ruby's sister and brother-in-law, have the twins at their home in Wayne. It relieves Mrs. McGinnis to know the children are well tended and makes things a little easier for the older girls.
"We can do that much," Franz says. "But it's not enough. We need the community to get behind this family and see them through. They've never asked anyone for help. They thought they could get through it by themselves, but they need us."
Rick has opened an account in Arnold McGinnis's name at the Manufacturers National Bank with a donation received when he took his project to Mayor Hyle J. Carmichael. He says the account can be added to by sending donations to P.O. Box 185, Romulus, 48174.
Because they haven't been able to afford a phone, Eva depends on her neighbors for visits to cheer her up. She says they've been good about coming.
Some cards through the mail might help too. Her address is 39820 Huron River Drive, Romulus, 48174.

Zoning hassle goes to court

(Continued from Page 1)

advisory group sent one year working on the Master Zoning Program.
"We had the advice of many professionals, held many public meetings and worked in conjunction with the Romulus Planning Commission, the mayor and his staff, several councilmen and the city attorney."
"After all these groups reached agreement on the zoning ordinance, it was presented to the council for adoption. After a public meeting," Plank explained, "the council, in a closed door session, adopted an ordinance substantially different from the one agreed upon by various people involved and the ordinance presented at the public hearing."
Both Plank and former state senator Terry Troutt advised the council that they thought their action in rejecting the petition was illegal and in violation of the City Charter.
"We intend to find out if four councilmen can dictate to the entire community in direct violation of the City Charter," Plank continued.
Plank says it was Council President Raspberry's idea to

have the advisory committee work with the mayor and planning commission. Now that this has been done, he says, the city council refuses to allow the areas that they disagreed on.
"Their simple refusal to meet, forcing the case to the courts, could cost the taxpayers approximately \$25,000," Plank said.
"I think it is a sad day when citizens of Romulus have to fight for their tax money and government to achieve equity in our laws."
"Our City Charter states we are entitled to referendum on all ordinances, and this is the charter these four councilmen supported. Now they wish to violate it," added Plank.

Krause

(Continued from Page 1)

quarterly rebate on state income tax collections to the township.
During the trial, it had been disclosed that Krause apparently replaced the cash he removed from the sewer fund with personal checks. However, none of them had ever been cashed to cover the shortage.

Reel named guest speaker

Jim Aitchison, district representative of Little League, will be the guest speaker at the Romulus Youth Baseball Association (RYBA) Senior Division banquet at 6 p.m. Tuesday.
Master of ceremonies for the banquet, to be held at the Romulus Progressive Hall, will be Mickey Reel.

JACKIE LOST 20 POUNDS IN 10 DAYS

Jackie, the world's richest and most beautiful woman, decided to lose 20 pounds in 10 days. She did! Jackie is an expert horsewoman, bicyclist, takes long walks and reportedly pays \$40 an hour at the Nicholas Kournovsky Gym. BUT, she still was not losing weight. So, this fantastically rich woman went on a special diet and lost - not 10 pounds, but 20 pounds in 10 days! Imagine! Jackie lost 20 pounds in 10 days! Now you can have the same diet used by this famous, beautiful woman.

We have a copy of the exact diet she used! It works! But it takes the same kind of strong desire to be slim and "wellie" that Jackie has. DO NOT order this diet unless you are determined to lose up to 20 pounds in 10 days - unless you want to have Jackie's slim, trim figure! If she can do it, you can! (Note: Jackie's diet has never been advertised before!)

For an exact copy of Jackie's amazingly successful diet, send \$1.50 (\$2.00 for Air Rush) to: JACKIE'S DIET, P.O. Box 5447, Santa Barbara, Calif. 93108. (Calif. res. add 5% tax). Jackie didn't want to lose 20 pounds! Why should you? Order today! ©

Counter proposals told city by teamster local

(Continued from Page 1)
substantial, they appear so because Romulus has paid such low wages in the past.
"We are not looking at the percentages where salary increases are concerned," the union spokesman said, "because percentage raises are only good if your salary is where it is supposed to be to start with."

Valenti said that if Romulus

Polling places changed

With the new municipal center now occupied, Precinct 5 voters will cast their ballots at the City Hall rather than at Fire Hall No. 1, City Clerk Leonard J. Folmar has announced.
The Romulus Board of Education has also agreed to allow the use of the new Merriman Elementary School, 15303 Merriman Rd., as polling place for Precinct No. 4. Voters from that precinct have been casting their ballots at Fire Hall No. 4.

Church festival slated

St. Stephen's Church in New Boston will hold its 23rd annual festival on the parish grounds beginning at 1 p.m. Saturday. Hours on Sunday will be noon until 10 p.m.
There will be bar-b-que chicken on Saturday. The annual family style chicken dinner will be served Sunday from noon until 6 p.m. Carry-outs will be available.
There will also be games, prizes, refreshments and rides.

can satisfactorily show the union that the cities included in the wage comparison in reality have much higher incomes, then Local 214 would re-evaluate its position. He feels this is not likely.

He also indicated that there are a variety of ways by which the city and the union could reach an agreement.

For instance, pay raises could be split, partially taking effect retroactive to April, partially in July and again in January. The employees are seeking pay retroactive to when their contract expired in April.

A multi-year arrangement is also possible, by which Romulus employees could get substantial raises as employee salaries in other cities went up. The eventual goal, over a period of two years, for example, would be parity with these other communities.

"Another method," Valenti stated, "is the conversion method. But it may be a little premature to begin mentioning that yet."

By this type of arrangement, the city would abandon its Blue Cross insurance plan to convert to the Teamsters' Health and Welfare Plan, which contains three major benefits: full health and welfare payments (\$60 per week out-of-work pay for 26 weeks), full eye and dental care for the entire family, and \$10,000 worth of life insurance.

Valenti indicated that such a plan eliminated three major demands from the bargaining table immediately, since eye and dental care and raises in the out-of-work provisions and life insurance are now being sought.

In our opinion

Romulus council, public are at fault

It appears the City of Romulus is highly jinxed where zoning is concerned. The city fathers can't seem to come up with a zoning ordinance that will keep them out of court.

The latest upheaval is between members of the Citizens Advisory Committee and other citizens and groups, and four members of the city council—Jimmie C. Raspberry, Edmund Bizak, Ellis Pennington and Brooker Edwards.

Committeeman Robert Plank and his associates rounded up signatures for petitions seeking a referendum on the zoning ordinance. These councilmen would not accept the petitions on the grounds that the zoning ordinance is not legally subject to a referendum.

While the court suit is in progress, the zoning ordinance is ineffective.

We will trust in the courts to decide whether the council can legally prevent a referendum on the question. However, involved in this dispute is a larger issue, which is not a legal question.

It concerns the people's right to govern themselves, and the council's moral obligation to listen to the people who elected its members.

We feel that the council was out of line when it made changes in the zoning ordinance behind closed doors. We feel the people were cheated by the backhanded way the council decided on the final version of the ordinance.

Executive sessions sometimes have a legitimate purpose. We don't think legitimate purposes were served here.

Such secretiveness automatically gives rise to questions about councilmen thinking more of their own interests than of the good of the City of Romulus. This is unfortunate when it is true.

But the councilmen would be hard pressed to convince the public that depriving the people of their right to know and their right to determine the shape of their laws is in their best interest.

We think the fair, and certainly more democratic, means of settling this dispute would be for the council to adopt the original zoning ordinance and then, in full view of the public during regular council meetings, discuss the changes it thinks are necessary.

At the same time, we are not satisfied either with the participation of the people of Romulus in such important decisions as zoning.

We feel that at a time when weighty subjects—as zoning, new employee contracts and police mergers—are being discussed, the new municipal building should be jammed. Such crowds are sadly lacking. Such lack of interest severely hurts only the citizens themselves, whose taxes support every measure passed in those city council sessions. Romulus is by no means a beautiful city. On the other hand, it has vast potential for development into a solid, good looking community supported by a broad tax base.

A good zoning law will make the city; a bad one will break it.

It's up to the citizens to find out which they are getting.

Since the council has refused to sit down with the petitioners and discuss disagreements, we support the efforts toward a referendum.

And we strongly urge the citizens, who have a very real interest in good zoning, to dig into what the council is doing.

Although there won't be a council election until 1973, it is definitely not too early for people to start learning which way to vote.

Public officials forum

Environment act is good law

By WILLIAM FAUST
State Senator 13th District

On Oct. 1, 1970, a much publicized law took effect in Michigan.

The law, dubbed the "Environmental Protection Act of 1970," offered Michigan citizens a vehicle for combating the destruction of the air, water and other natural resources.

Prior to enactment of this law, people had been forced to rely on the effectiveness of existing government agencies charged with enforcing local, state and federal regulations. Pollution of our natural resources continued as violations went undiscovered, often due to inadequate staffing of regulatory agencies or because the agencies themselves simply failed to act on complaints registered by citizens.

Efforts against pollution also suffered because many of the regulations were too weak. It became increasingly apparent that additional legislation was needed to correct this problem. Michigan's Environmental Protection Act was passed by the legislature and signed by the Governor in July of last year.

The most controversial segments of this law, and perhaps its chief assets, define what parties may initiate court action and for what cause. Individual citizens are permitted to bring suit against the state, any of its political subdivisions or agencies, or any person, or corporation, and need not wait for the attorney general or a state agency to act against alleged polluters.

Not only may cities and corporations be sued, but cases may arise in which one state agency is bringing another state agency or the state itself into court. Legal proceedings may be started to protect the public trust in instances where pollution violations have already occurred, or where violations are "likely to occur." Rather than being forced to sit back and wait for environmental damage to take place before legal steps may be employed, the mere likelihood that pollution might occur is sufficient ground to begin court action.

During hearings and debate on the bill, several arguments were raised concerning the effects such a law would have. Opponents of the measure claimed that the courts would be flooded with frivolous suits of little or no relevancy. It was maintained that such an onslaught of legal action would place unnecessary demands on state agencies required to defend their actions.

Testimony was also heard which asserted that passage of this law would disrupt established and proven methods of procedure developed over a period of years. Business and industry representatives held that implementation of such a sweeping law would result in much employment and serve economic consequences, as industries would be shut down by enforcement of this law.

The fears and claims raised by the law's opponents prior to its enactment 10 months ago have failed to materialize. Circuit courts in Michigan have not been inundated with a rash of legal suits

brought under the auspices of the Environmental Protection Act.

In fact, fewer than 15 cases have been initiated as a result of this law. Similarly, the state, while hardly experiencing an economic boom, has not witnessed the permanent closing of any industries. And the much ballyhooed argument that state agencies would find their operations crippled also has proved false.

While it is still too soon to make definitive conclusions about the law's effectiveness, it is possible to record some degree of measurement. The law has given leverage to local and state governments and agencies to deal with existing or potential polluters. Rather than being forced to take an industry to court, agreements to correct practices damaging to our natural resources have been reached.

The ability of citizens to seek redress of their grievances has been greatly enhanced. Last week, 11 families in Wyandotte brought suit in Wayne County Circuit Court against practices of the City of Wyandotte, Detroit Edison and two industrial firms under this law for polluting the air.

State agencies, as well, also have been put on notice that they are liable in court for failure to enforce the laws protecting Michigan's natural resources. In addition, Michigan's Environmental Protection Act of 1970 has served as a model which other states have adopted to deal with pollution of air, water and other natural resources.

It's a good law!

Our readers write

EDITOR'S NOTE: The Daily Eagle and Associated Newspapers, Inc., a division of Panax Corporation of East Lansing, welcomes letters from our readers. Letters must include signature and address, which will be withheld from publication if requested. Letters also should be typed double-spaced or written clearly and should not exceed 300 words. All are subject to condensation.

Children, drivers asked to be careful

To the editor:

I have had many scares since warm weather began, seeing children and teenagers on bikes scooting across intersections against red lights or suddenly darting out from street curbs, driveways or shoulders of county roads into traffic.

No one wants to hit a child on a bike, even if the child is at fault. It would haunt me for the rest of my life if I were to cripple or kill one of these young bike riders.

This is a plea to parents, and to children themselves, please, please wait for the green light and watch for oncoming traffic before pedalling into a street or road.

Mrs. A. Garst

Townhouse rezoning opposed by resident

To the editor:

I am expressing my disapproval on a rezoning change from R1-B (residential) to R-M (Multiple dwellings).

This parcel of land lies between Hannan and Haggerty roads. I have resided here for the last 21 years and the zoning has been R1-B.

I moved into Van Buren to live in the country. Why should it become a subdivision now?

Mr. Bowes states that the townhouses will bring in high tax. That's a big joke! The people, who are property owners in Van Buren, will have to pay more taxes to cover police and fire protection for the owners of the townhouses in three or five years from now.

This 24-acre land parcel has been vacant all these years because: 1. No city water, which we put in seven years ago, 2. No sewer, which just went in this year. Big deal, folks!

This development will total 73 buildings and 292 units (townhouses) all on 24 acres.

Our schools are overloaded now and the traffic on our road is terrible, as we are between two factories.

If these townhouses go up, we will have to put up a traffic signal to get our children across the road to the bus, also to get our cars out of our own driveways. How about that!

Jane Malone

In years gone by...

A look through The Daily Eagle files at news of Western Wayne County one, 15 and 25 years ago:

25 YEARS AGO

Aug. 4, 1946—Mrs. George Hess, 4834 Woodward, took first place in the Michigan State Women's Skeet Meet at the Detroit Gun Club. Her score of 94 out of 100 was also tops in the Class B field, to give her another blue ribbon as champion over both men and women participants.

Mrs. Hess has been shooting for the past five years, and is a member of the Eloise Gun Club and the Detroit Gun Club.

St. Mary's Roman Catholic Church is undergoing several renovations, according to a statement this week from Father Gerard Brennan. The vestibule inside the church has been enlarged and new windows and doors have been added to it. When the necessary stone arrives, work will begin on the two new front entrances to the church. This will probably start the first part of the week.

The rectory has also received a new coat of paint.

Mrs. Edith Carver Engel, who has served as first violinist in the St. Louis Philharmonic Orchestra and instructor of violin at Huron College, Huron, South Dakota, has opened her home to

students of violin and piano. Mrs. Engel will handle the lessons at her home, 4436 Carnegie, preferring advanced students or beginners particularly talented.

Prospective candidates of Belleville's new City administration are reminded that all nominating petitions for these offices must be filed with City Clerk Joseph Spring by Saturday, August 17.

Belleville will vote on its proposed new Charter at a special election set for Monday, September 16. At the same time voters will elect the following City office holders: Mayor, four Councilmen, Treasurer, Justice of the Peace and Constable.

15 YEARS AGO

Aug. 4, 1956 — Harold Petrowsky, son of Mr. and Mrs. George Petrowsky of 34848 Main St., Wayne, has been accepted for admission to Valparaiso university, beginning in September, 1956.

A record freshman enrollment exceeding 800 is expected at the Lutheran school, located 45 miles southeast of Chicago at Valparaiso, Ind.

Four hours after Inkster basements were flooded for the third time this year, the council approved the installation of three main relief drains and set Oct. 8 as date for approval by the voters of a bond issue to cover the costs.

A surprise dinner party, honoring Mr. and Mrs. Cecil Glover of Hubbard, was given at the Farm Cupboard in celebration of their 25th wedding anniversary.

Upon arrival, Glover asked for a table for two, but in following the hostess, they were led to a long table occupied—to the consternation of Mrs. Glover—by all their five children! Eyes danced and smiles played across the faces as they noted the surprised expression on their parents' faces.

Verbal exclamations that membership in the Peoples Community Hospital Authority is worthless to Sumpter Township filled the air as the township board started its bid to get out of the Authority.

A bill for \$1,500 as the township's annual payment to the PCHA started efforts to drop membership.

ONE YEAR AGO

Aug. 4, 1970—State Senator William Faust, D-13th District, swept to a 2-1 victory over challenger State Rep. Vincent J. Pettipren, D-37th District, in returns for Western Wayne County communities.

Faust carried every community in the 13th District, including Westland, both candidates' hometown. Faust carried Garden City by a margin of better than 2-1 and Wayne by a margin of 3-2. Westland gave Faust a 2-1 margin, with Pettipren winning only two precincts—including his home precinct by 8 votes.

The John Glenn High School band, directed by Robert Story, has been asked to participate in the Michigan State Fair's musical program. The 75-member band will perform a half-hour concert in the music shell at noon, September 2.

A Garden City girl, Katherine Kitzman, daughter of the Richard Kitzmans of 3174 Marquette St., has been involved this summer in a musical tour of the British Isles as a member of Musical Youth International (MYI).

City Council will be meeting with residents in their respective districts for discussions of city activities. Mayor Edward Bivens Jr. said he also would attend each of the meetings.

King Features Syndicate, Inc., 1971

P.O. Box 'Drugs'

Q. I'm teaching a summer school class in science and was asked about boric acid being a dangerous drug being used in narcotics. I've looked through some standard references on drug abuse and can't find any reference to this drug being used for a "high". To me it's been something used in baby powder and eye wash. Can this drug really be abused? And if so, shouldn't its sale be controlled?

(Mrs. R.M., Westland)

A. Boric acid really cannot produce a "high" but has found its way into street drugs anyway. Here's a recent statement from the Bureau of Narcotics and Dangerous Drugs:

A potentially harmful mixture of cocaine and boric acid has been found in the illicit drug market in at least three cities. The boric acid content runs as high as 50 per cent. Based on use by cocaine abusers this may result in an intake of up to 150 mg. of boric acid a day.

The fatal dose of boric acid is upwards of 15 grams (about one-half ounce). The average cocaine abuser who is getting this adulterant in this drug would be getting only 1-100 of this amount per day. However, unfortunately, boric acid tends to build up in the body; and ultimately a toxic or even fatal level may be achieved.

The first symptoms of boric acid poisoning are nausea, vomiting and diarrhea. Death results from collapse of the circulatory system. Kidney damage may also occur.

This is a good example of a good drug gone wrong. It has its uses, but was just never intended to be "snorted" or

As a service to our readers, the Daily Eagle is printing this release from the Community Commission on Drug Abuse. Send all inquiries to the Community Commission, P.O. Box Drugs, Livonia, Michigan, 48151.

injected as it is with cocaine.

It should be pointed out that even in legitimate use this drug, along with any other drug you may mention, has its attendant hazards.

For example, boric acid was used in almost all the largest selling baby powder as a mild antiseptic up to about 15 years ago. Then it was discovered that some infants were dying as a result of the drug being absorbed through the skin. Today it is not used for this purpose.

It is still used properly and safely in eye drops and eye washes. In this usage it is not harmful to either the eyes or to the general system.

The point to be made here is that any drug may be hazardous to certain people but it takes often many years to discover this. A second, and fairly obvious point is that many drugs used in ways other than legitimately may be toxic or fatal to anyone.

We heard a physician not long ago describe marijuana as "just another drug." One of his listeners asked "You mean it's that safe?" "No, it's that bad."

Q. Does LSD cause birth defects?

W.M., Livonia

A. This has to be the most commonly asked question asked about this drug. We have answered it before in this column, but it might be a good idea to approach it now in a slightly different way: the ability of LSD to cause birth

defects in humans has neither been finally proved or disproved at this time. There are very few drugs or chemicals of any sort that have been given a clean bill of health in this respect. This is true even of highly researched prescription medications. A good physician is generally very reluctant to give any medication, unless really needed, to a woman in the first three months of her pregnancy. The point we are trying to make is that it is unwise to use any drugs promiscuously when pregnancy is possible.

Can LSD kill you?
R.B. Redford

A. No. The danger is that you may kill yourself under the influence of this drug. Things such as flying from tall buildings, walking on water etc. seem well within his capabilities to someone who is really "tripping".

Q. What do you think is the greatest danger in LSD.

N.L., Plymouth

A. Probably strychnine. This is highly lethal poison which is all too commonly used around here to adulterate LSD. You have no way of knowing if it is in a dose until it's too late. There have been fatalities reported; a sad and senseless way to die.

Huron school calendar set

The Huron Board of Education has approved the calendar for the 1971-72 school year. Orientation for new staff members has been set for Sept. 2. The entire staff reports for orientation on Sept. 7. Students begin full-day classes on the 8th. Christmas vacation will start Dec. 23, while the Easter break will extend from March 31 through April 9. Last day of student attendance will be June 9, with staff members returning the 12th and 13th for record days. The calendar is based on a total of 190 days, with 181 days of classroom instruction. Regular meetings of the Board of Education, as previously, will be held the third Monday of each month in the Hannan Elementary School at 8 p.m. President of next year's board is Leo Kyko, vice-president Chuck Larabell, secretary Jean Richert, treasurer Carl Rush and trustees Lee Betz, James Pershing and Lincoln Ward II.

Huron shares new director

Huron School District has joined with Airport, Flat Rock, Gibraltar and Grosse Ile school districts to hire a new director of vocational education for the cooperative. Earl Laich was selected by the executive council to replace Tom Riley. Riley submitted his resignation in May after having been selected by the Division of Vocational Education for a two-year doctoral program at Michigan State University. Laich comes to the cooperative with a great amount of educational and work experience. He left the position as director of vocational education with the Crestwood School District in Dearborn Heights to accept this job. The new director also taught at Osborn High School in Detroit and worked for

ADDING TO THE LABOR FORCE — Thomas Janack (left), director of maintenance and operation for Romulus Community Schools, presents a check to Earl Laich, coordinator of the "Hire A Kid" program. Laich says the donation is enough to put two youngsters to work for a few weeks.

'Hire a Kid' project boosted in Romulus

The Romulus "Hire a Kid" project got a boost Friday when Tom Janack, president of the Romulus Kiwanis Club, presented the program with a check. According to Earl Lamb, who has sponsored the venture, the donation will be enough to put at least a couple of kids to work for a few weeks. Lamb, assistant principal at Romulus Senior High School, has devoted his summer to insure that every Romulus youngster who wants a job will have an opportunity to earn some money before September. So far, he has received job offers from the 7-11 Store on Wayne Road, The Cudini Corporation, Romulus Urban Renewal Depart-

ment, Trucking Associates, Jack in the Box Drive-In, Sam's Pizza Mr. and Mrs. Charles Haubrick, Mr. and Mrs. Yancy Sutton, Mrs. Deanna Lovenduski, Mrs. Paul Clark and Richard Kakila. Lamb says he is pleased with the response and cooperation he has received from the city administration, area businessmen, citizens and the kids. Many of the boys and girls who applied for work in June have since found jobs on their own. Although they all did not find their jobs through "Hire a Kid," Lamb feels the community is responding to the program by making work available to Romulus youth.

Lunch system okayed

The Romulus Board of Education has approved a new lunch system for the Merriman Elementary School. The new hot lunch concept was explained by representatives of the Mass Feeding Corporation at the board's special meeting last week. The system requires only the installation of a freezer and an oven and the utilization of one employee to make it operative. It also takes very little space. Basic equipment is one oven and one 3 foot freezer, but the amount of equipment furnished depends upon participation. The basic set-up is sufficient for 200 to 300 lunches per day. Electrical installation will be the responsibility of the school district. MFC will make a service engineer available with advice on installation at low cost. The program may be discontinued by either party with 30-days notice and each lunch will cost 45 cents.

Sewing classes set

Back to school clothing budget got you down? Learn to sew at Teen Sewing Classes at Hudson's, Westland. Two lessons a week for three weeks are offered at a cost of \$15 beginning Tuesday, Aug. 10. Also offered are beginning classes for adults two evenings a week for three weeks at a cost of \$18 beginning Monday, Aug. 9. Register in the pattern department at Hudson's Sewing Centers. Romulus girl, horse head for nationals

Fifteen-year-old Carla Hay of Romulus and her champion purebred Arabian gelding, "Cest La Vie," placed second over-all during the recent four-day Michigan All-Arabian Horse Show. Carla and her horse earned 27 points in the 15th annual event, as compared to the 30 points scored by first place finisher Stanley White of Brighton. "Sailor", as "Cest La Vie" is affectionately known, was also runner-up in scoring for high points for purebred geldings of the Michigan Arabian Show. He and his rider earned 12 points as compared to 16 for the first place horse. Carla and "Cest La Vie" won the International Arabian Horse Association (IAHA) saddle seat medal class in stiff competition on Friday evening to qualify for the National Arabian Show at Okaloosa City in September. The two are qualified in four other divisions at the 1971 Nationals, including English pleasure, Western pleasure, Purebred costume horse class, and purebred gelding at halter. The two also took top blue

ribbon honors in the Arabian English pleasure class for geldings at the Detroit show. Setting their best record of the season at the Empire State Arabian Horse Show in Syracuse, N.Y. Carla and "Cest La Vie" earned three championships. This Class A show featured some 500 of the finest Arabian horses in the country at the New York Coliseum. Carla and her mount topped the field in the purebred costume horse class for mares and geldings, and then went on to win the purebred costume horse championship. They won the high point championship trophy of the Empire State Show for Junior riders, which Carla will retain for one year.

"Cest La Vie" was also named Champion purebred gelding of the Empire Show by earning the highest number of points during the three-day event and was given a large award trophy. The young Romulus horsewoman is the youngest daughter of Mr. and Mrs. Frederick W. Hay of 14170 Huron River Dr. Her trainer and advisor is Margie Herrmann, her older sister who is a teacher in the Romulus Community Schools and an excellent horsewoman herself. Carla, in her sixth year of 4-H Club work in Wayne County, is secretary of the Romulus Western Riders. She will enter the 10th grade at Romulus Senior High School this fall, where she is an honor student.

Adult classes expand

The Huron School District adult education program will be expanded to accommodate 500 people in September, with more than 30 classes being offered. It is designed to allow participants to receive their diplomas at no cost by attending classes two or three nights a week. Those interested can enroll by calling Rog Benner or Chris Fields at 788-3357. More than 300 were enrolled for adult high school courses last year when 16 received diplomas.

Romulus man pleads guilty

A 27-year-old Romulus man is free on personal bond and awaiting sentencing after pleading guilty Monday to charges of selling dangerous drugs from the gas station he managed.

Wayne police arrested Gary Lee Weber, 27, of 28474 Oakdale Ct. in Romulus after an undercover policeman allegedly bought 100 amphetamine sulphate capsules (speed) from Weber at the Clark Gas Station at 33623 Michigan Ave. in Wayne.

Police say, Weber had been dealing drugs from the station. The arraignment was held before 39th District Judge John C. Seiler.

Judge Seiler is awaiting a pre-sentencing report from the Wayne County Probation Department before handing down a sentence.

Police made the purchase on July 22, but waited until a laboratory test by the Michigan State Police lab in Lansing analyzed the purchased drug before obtaining a warrant.

SUMPTER TOWNSHIP NOTICE

The Township of Sumpter is now accepting bids for:

- 1 back-hoe
- 1 end loader
- 1 triple-axle trailer

Specifications can be obtained at the Sumpter Township Hall, 23483 Sumpter Road, Belleville, Michigan.

Closing date of bids: August 11, 1971.

TO PERFORM — The Honey Bee Quartet, residents of the Rebekah Home for Girls, will perform on four separate occasions this weekend at the Prayer Baptist Church, Westland.

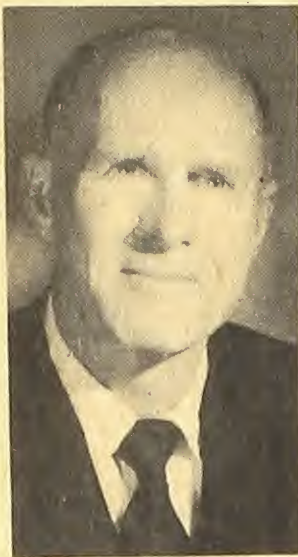

Baptist church slates program

Highlighting services at the Prayer Baptist Church in Westland on Friday and Saturday evenings and Sunday will be a special program provided by a girls' quartet.

The Honey Bee Quartet from the Rebekah Home for Girls in Corpus Christi, Texas, will perform during the services scheduled to begin at 7:30 p.m. Friday and Saturday and at 10 a.m. and 2 p.m. Sunday at the church, located at 855 Edwin, Westland.

Members and guests will also hear evangelist Lester Roloff, the founder of the girls home, located on a 79-acre tract of farm land. There are currently 100 girls living at the home. Roloff says that three-quarters of the girls at the home had, at one time, used drugs.

Roloff has also founded two rescue missions and four other homes for people in trouble.

LESTER ROLOFF

Belleville man noted

Tony Pappas, 16800 Lohr, Belleville, will appear in the 1971 edition of "Outstanding Young Men of America."

A 1968 graduate of Eastern Michigan University, Pappas is assistant manager of the Ypsilanti office of the Fidelity Union Life Insurance Co.

The theme of Roloff's ministry is "Christ is the Answer" and "Now the Just shall Live by Faith" - Hebrews 10:38.

Rev. Jack Story is pastor of the Westland church.

CITY OF ROMULUS NOTICE OF LETTING

1) Sealed bids will be received in the Office of the City Clerk, 11111 Wayne Road, Romulus, Michigan 48174, until 5:00 o'clock p.m., September 7, 1971 for the demolition of structures on property described as:

The S.W. 1/4 of the N.W. 1/4 of Section 13 except the west 60 feet thereof; also the S. 1/2 of the N.W. 1/4 of the N.W. 1/4 of Section 13 except the west 60 feet thereof; also except that part thereof described as beginning at a point on the east and west 1/4 line of said section distant N 89 32' 30" E., 936.90 feet from the W. 1/4 corner of Section 13 and proceeding then N 89 32' 30" E. along said line, 370.0 feet; thence due north, 327.94 feet; and then S 89 40' W., 370.0 feet; thence due south, 328.80 feet to the point of beginning, and commonly known as the Salvation Army Buildings No. 1 thru No. 10.

Legislators' tally sheet

Each week, the Belleville Enterprise and Romulus Roman will list a weekly tally of local legislators' voting on mayor roll call issues in Lansing during the previous week.

The legislators include Sen. William Faust (Democrat-13th District) for the cities of Belleville and Romulus and townships of Huron and Van Buren; Sen. John E. McCauley (Democrat-11th District) for Sumpter Township, and Rep. Edward E. Mahalak (Democrat-38th District) for all of the above listed areas.

A synopsis of the measures will be used, followed by their disposition and local legislators' actions.

STATE SENATE

Senate was in recess for the week. No votes were taken.

STATE HOUSE OF REPRESENTATIVES

House vote on Senate bill allowing mortgage foreclosure by advertisement. Passed, 56-40. Yea — Mahalak.
House bill to increase the district court filing fee in civil cases when the amount at issue is more than \$3,000. Passed, 72-24. Yea — Mahalak.

House bill permitting worker injured on the job to obtain his own physician under workman's compensation laws. Passed, 78-18. Yea — Mahalak.

House vote on Senate-passed budget for military affairs and State Police. Negative vote showed Republican resistance to passing budget before tax bills and was later reversed. Defeated, 27-72. Yea — Mahalak.

First House vote on budget for legislature, judiciary, the executive, attorney general and other general government departments. Vote later reversed (See previous issue). Passed, 54-41. Yea — Mahalak.

House vote on military affairs and State Police budget (See issue two items previous). Passed, 59-34. Yea — Brown, Mahalak, Pilch, Tierney. Nay — Young.

House vote on budget for department of natural resources and department of agriculture. Passed, 73-25. Yea — Brown, Pilch, Tierney. No vote — Mahalak, Young.

House vote to place property tax relief plan on the ballot. Defeated, 63-36 (two-thirds vote needed). No vote — Mahalak.

First House vote on raising state income tax from 2.6 per cent to 3.9 per cent. Defeated, 32-71. No vote — Mahalak.

Second House vote same night raising state income tax from 2.6 per cent to 3.9 per cent. Passed, 58-34. No vote — Mahalak.

Faust bill guards funds for patients

Legislation aimed at protecting funds deposited with nursing homes by their patients was proposed last week by Senator William Faust.

A bill introduced by Faust, whose 13th District includes Belleville, Romulus, Van Buren, Huron and Sumpter, would require nursing homes to provide, as a condition of licensing, a surety bond for funds deposited with the home in behalf of patients.

"By requiring nursing homes to post a bond, patients and their guardians will have some assurance that the money will be used as they have directed," said Faust. Under existing law, he added, patients and their guardians have no way of recovering any money misused by a nursing home unless legal action is initiated.

Faust's bill would require nursing homes to file a bond equal to at least one and one-fourth times the average balance of all patients' funds held during the previous year.

If a nursing home misappropriated or comingled patients' funds, the patient or his guardian could thereby recover the money through the bond.

"Such a bonding requirement," said Faust, "will give some protection to the public as well as private monies deposited with nursing homes."

our business isn't business...
it's a pleasure

Why do we enjoy banking so much?

Maybe it's because we've been in Wyandotte for five generations now. We've had the opportunity to see a small boy proudly open his first savings account... helped him get an education... financed his first car... assisted with the mortgage on a new home when he got married... helped him get started in his own business... and stood by proudly with him, while his boy opened his first savings account. Like we said, banking isn't business to us. It's a pleasure.

COMPLETE LINE OF MONUMENTS & MARKERS

Do you have any questions on funeral customs and procedures? Come in or write to me for an answer.

Q. My son is a close friend of the clergyman who officiated at my husband's funeral service. He told me the clergyman would be insulted when I attempted to give him an honorarium for his services. Is this true?

A. Certainly not. For the simple reason that a clergyman has bills to meet - even while doing God's work - like all of us. And you may be interested in knowing that these contributions are often placed in a special fund to help others rather than himself.

Teacher pact talks explained to parents

The negotiating team for the Romulus Education Association (REA) met with PTA leaders and citizens Thursday to inform them of the nature and status of teacher contract negotiations and to hear the concerns of the parents.

"It was a successful meeting in that we had a good turn-out and parents had an opportunity to hear what the teachers were asking in their talks with the school board appointed negotiators," said Mrs. Fran Petre, area PTA president.

"I think that both groups came away with a more realistic attitude," Mrs. Petre said.

"Teachers realized that there are some hostilities and misunderstandings among the parents. Parents learned that not all the teacher demands are unreasonable. I think they found some areas where they could work together," she added.

Some of the items that needed further exploration were teacher tenure and the grounds upon which a teacher may be dismissed, terminology for playground and noon supervisors — current contract language terms them para-professionals which some parents thought implied special training — teacher dress codes and discipline for students.

A discussion about class sizes led to speculation about possible solutions to the problem of overloaded classrooms. The parents were informed that overcrowding could be eliminated through the use of portable classrooms which, in spite of recent bond issue failures at the ballot box, could be rented from operating funds.

Both groups expressed interest in a joint policy board to be made up of administrators, citizens, parents, teachers and a school board member. The proposed board would hear complaints and, after investigation, make recommendations to the school board for resolution of problems.

Questions were raised by parents concerning counselors and their duties and qualifications. Preparation and consultation time for teachers was also discussed.

It was agreed that each PTA unit would be supplied a copy of the master contract when it is approved. It was also agreed that future meetings between the two groups would be scheduled.

The Belleville City Council met Monday for an hour to consider a permit request from Michigan Consolidated Gas Co.

The council advised the gas company to seek the permission for laying 17 feet of gas line on Sumpter Road from Wayne County since Sumpter is a county road.

NOT THE PREFERRED METHOD - Burning down buildings is not the recommended method of urban renewal. But apparently it is occasionally unavoidable. Romulus fireman were called Monday to extinguish a blaze that

Our men in service

Airman Steven L. Eller, son of Mr. and Mrs. Phillip E. Eller, 13135 Lake Pointe Pass, Belleville, has completed basic training at Lackland AFB, Tex. He has been assigned to Chanute AFB, Ill., for training in the aircraft equipment maintenance field. Airman Eller is a 1970 graduate of Belleville High School.

Danny R. Rice, whose wife, Deborah, is the daughter of Mr. and Mrs. George Wenzel, off 6624 S. Inkster Rd., Romulus, to has been promoted to sergeant in the U.S. Air Force.

Sergeant Rice, an administrative specialist, is assigned to a unit of the Tactical Air Command which provides combat units for air support of U.S. ground forces.

He graduated from Taylor Center High School in 1967 and attended Henry Ford Community College.

Navy Petty Officer Second Class Garry J. Bastedo, 50521 Huron River Drive, Belleville, was advanced to his present rate while serving with the United States Seventh Fleet in the Western Pacific aboard the guided missile destroyer USS Towers.

destroyed an abandoned house and garage at 6025 Columbus. Fire Chief Joseph Crova said the cause of the blaze is not certain, but arson is a strong possibility.

Romulus woman gains promotion

Mrs. Mary Jane Wallace, of Romulus has been appointed assistant manager for recruiting and employee relations, by W.B. Chase, president and chairman of the board of Shatterproof Glass Corporation, 4815 Cabot Ave., Detroit, manufacturer of Shat-R-Proof automotive windshields.

Mrs. Wallace came to Shatterproof in 1967 as secretary to Mrs. Georgia Gakle, director of employee relations. She was later promoted to assistant employee relations supervisor.

As assistant manager, Mrs. Wallace supervises personnel interviewing, testing and hiring, and assists Mrs. Gakle with employee relations and labor relations.

Born in Ury, W. Va., Mrs. Wallace lives with her

husband, Samuel, and son, Samuel, Jr., 6, in Romulus. She was previously employed by Simon & Bahadurian, CPA, and by American Standard.

Gas line referred to county

The Belleville City Council met Monday for an hour to consider a permit request from Michigan Consolidated Gas Co.

The council advised the gas company to seek the permission for laying 17 feet of gas line on Sumpter Road from Wayne County since Sumpter is a county road.

TOWNSHIP OF SUMPTER ORDINANCE NO. 17-C AMENDMENT TO WATER SYSTEM OPERATING ORDINANCE

AN ORDINANCE to amend Ordinance No. 17 of the Township of Sumpter entitled:

AN ORDINANCE PROVIDING FOR THE MAINTENANCE AND OPERATION OF PUBLICLY OWNED WATER SUPPLY FACILITIES IN THE TOWNSHIP OF SUMPTER ON A PUBLIC UTILITY BASIS; PROVIDING FOR THE FIXING AND COLLECTION OF RATES AND CHARGES TO USERS OF SAID FACILITIES; PROVIDING FOR THE ALLOCATION AND USE OF THE REVENUES DERIVED FROM THE COLLECTION OF RATES AND CHARGES; PROHIBITING UNAUTHORIZED CONNECTIONS, AND PROVIDING PENALTIES FOR THE VIOLATION THEREOF.

IT IS HEREBY ORDAINED by the Township Board of the Township of Sumpter, Wayne County, Michigan: Section 1. That Section 5 of the Ordinance be amended to add the following paragraph entitled Contractor's License.

CONTRACTOR'S LICENSE

License Required: No person, persons, firm or corporation shall engage in the business of contracting to perform the work of piping water service from the property line to the building of the owner or user, unless such person, persons, firm or corporation shall have received approval from the Water and Sewer Commission for a "Water Service Contractor's License"; nor shall any person, persons, firm or corporation, except a person duly licensed by the Township and employed by and working under the direction of a holder of a "Water Service Contractor's License" in any manner undertake to execute any piping for water service from the property line to a building, except that a bonafide home owner may do work for his own residence (place of abode) without license providing he first obtains a permit, does the work himself in accordance with all the rules and regulations and receives approval of the Field Superintendent of the Township Water Department.

Application for License: Each application shall be made in writing, stating the qualifications and experience which shall be attested to under oath and submitted to the Water and Sewer Commission and shall be accompanied by a fee of \$150.00 dollars.

The Commission may act upon the written application or may request the presence of the applicant for oral examination by the Commission and the Commission may employ such experts as may be necessary to substantiate the applicant's qualifications.

Approval of License: Upon approval of the license the application fee shall be paid into the General Fund of the Township and shall be credited as applicant's license fee. The Township Clerk shall issue a "Water Service Contractor's License" upon the presentation of a bond running to the Township of Sumpter with good and sufficient sureties in the penal sum of \$1,000, conditioned upon prompt and complete compliance with all of the provisions of this Ordinance and any and all rules and regulations adopted by the Water and Sewer Commission or the Township Board pursuant thereto, and evidence of insurance coverage in the following amounts:

- Personal Injury-one person \$10,000
- Personal Injury-one accident \$20,000
- Property Damage-one accident \$10,000

Denial of License: Upon denial of application for "Water Service Contractor's License", the applicant may appeal to the Township Board for review of application. Township Board, on appeal, may reverse or affirm the Water and Sewer Commission's decision, or refer the application back to the Commission for further study and examination.

Upon denial of the license, the application fee shall be returned to the applicant, less \$50.00 if no appeal to the Township Board was taken, and less \$100.00 if an appeal was held, as and for the reasonable expenses incurred by the Township in the processing of the application.

Expiration & Renewal of License: All licenses shall expire on April 1st of each year and may be renewed without Commission or Board action provided said

renewal application shall be properly certified by the Field Superintendent of the Township Water Department, his duly authorized agent, or such persons as may be designated by the Township Board to enforce this Ordinance; that the applicant has complied with all local and state laws and that the rules and regulations promulgated hereunder have been strictly observed.

The Township Clerk shall issue and renew the "Water Service Contractor License" upon evidence of certification as prescribed above, payment of \$100.00 as renewal fee, which fee shall be paid into the General Fund of the Township. Renewal of the Bond and Insurance as prescribed and required in the original application.

Revocation of License: The Water and Sewer Commission or the Township Board may revoke or suspend any license upon the recommendation of the persons charged with the responsibility of enforcing this ordinance or upon written complaint of any owner, user, or resident of the Township of Sumpter. No license shall be revoked until the Commission or Township Board taking jurisdiction for the revocation has held a hearing of the matter and allowed the licensee to present his case.

Complaints presented to the Township Board may be referred to the Water and Sewer Commission for hearing and determination or the Township Board may hear and decide the matter originally.

Revocations and suspensions decided by the Water and Sewer Commission may be appealed to the Township Board, but an appeal from such decision must be made within ten (10) days from the date of revocation or suspension in writing.

The decision of the Township Board shall be final in all instances.

Liability: This Ordinance shall not be construed to relieve from or lessen the responsibility or liability of any party owning, operating, controlling or installing any water service piping for damages to person or property caused by any defect therein, nor shall the Township of Sumpter be held as assuming any such liability by reason of the inspection authorized herein, or certificate of inspection issued as herein provided.

Section 2. That Section 10 of the Ordinance be amended by adding the following sentence:

Unless another penalty is expressly provided by this Ordinance for any particular provision or section, every person convicted of a violation of any provision of this Ordinance or any rule or regulation adopted or issued in pursuance thereof, shall be punished by a fine of not more than five hundred (\$500.00) dollars and costs of prosecution or by imprisonment for not more than ninety (90) days, or both such fine and imprisonment.

EFFECTIVE DATE, CONFLICTING ORDINANCES:

Section 3. This Ordinance shall become effective thirty (30) days after the publication thereof, and any Ordinance in conflict herewith is hereby repealed to the extent of such conflict except that the Ordinance establishing the higher standards for the promotion of the health and safety of the people shall prevail and govern.

THE ABOVE AND FOREGOING ORDINANCE was duly adopted by the Township Board of the Township of Sumpter, Wayne County, Michigan, at a regular meeting held on the 27th day of July, 1971; and ordered to be given publication in the manner prescribed by law.

SUMPTER TOWNSHIP BOARD

By Elmer Parraghi, Supervisor and Clarence Hoffman, Jr., Clerk

DATE PASSED : July 27, 1971
DATE PUBLISHED: August 3, 1971

I hereby certify that the foregoing Ordinance No. 17-C, Amendment to Water System Operating Ordinance, was passed and adopted by the Township Board of the Township of Sumpter, Wayne County, Michigan, at a regular meeting of the Township Board held in said Township on the 27th day of July, 1971.

CITY OF ROMULUS ORDINANCE NO. 71-48

WHEREAS, In order to comply with Act Number 189 of Michigan Public Acts of 1968, it is necessary the City Council of the City of Romulus, the local legislative body, to designate a District Area for the Development Area known as Wayne-Beverly Renewal Project No. 1, Project Michigan R-187, and

WHEREAS, a public hearing has been held pursuant to notice thereof; and

WHEREAS, it is the belief of the City Council that the said Development Area will not significantly affect surrounding territory; and

WHEREAS, it is hereby determined that a majority of the residents of the District Area reside in the Development Area;

NOW THEN BE IT ORDAINED:

Section 1. That the District Area for the Development Area known as Wayne-Beverly Renewal Project No. 1, Project Michigan R-187 shall be coterminous with said Development Area and shall be described as follows:

The area generally bounded by Chesapeake and Ohio Railway on the West; Howe Street Extended on the East; Ecorse Road on the South; and Van Born Road on the North; and includes the Wayne-Beverly Renewal Area Project No. Mich. R-82 (GN).

All of said land is located within the City of Romulus.

Section 2. This Ordinance shall be of effect immediately upon publication thereof.

I, Leonard J. Folmar, Clerk of the City of Romulus, do hereby certify that the foregoing is a true copy of an ordinance adopted by the Romulus City Council at their Regular Meeting held on July 27, 1971.

ROMULUS CITY SIGN ORDINANCE NO. 71-53

PRELIMINARY CONSIDERATIONS:

1. All commercial signs and billboards shall be limited to Commercial and Industrial Zoning Districts.
2. All commercial signs adjacent to a superhighway or expressway shall be spaced not closer than seven hundred (700) feet apart along each side of the superhighway or expressway.
3. All commercial signs adjacent to throughfares (section line roads) shall be spaced not closer than two hundred (200) feet apart along each side of the throughfare.
4. A license fee for each sign shall be five dollars (\$5.00) and shall terminate one (1) year after date issued.
5. A renewable license fee for each sign shall be four dollars (\$4.00) for each year and shall terminate one (1) year after date issued.
6. A surety bond shall be provided with each sign license and each renewable sign license in an amount of one thousand dollars (\$1,000.00) to insure faithful performance of license agreement.

AN ORDINANCE TO LICENSE AND REGULATE THE ERECTION AND MAINTENANCE OF ALL SIGNS IN THE CITY OF ROMULUS.

THE CITY OF ROMULUS ORDAINS:

ARTICLE I

SHORT TITLE

This ordinance shall hereafter be known and cited as the "Sign Ordinance".

ARTICLE II

DEFINITIONS

The words used in this Ordinance, unless the context otherwise indicates, shall mean as follows:

Section 2.01 "ACCESSORY USE". Shall mean incidental to the principal use of the building or land.

2.02 "BUILDING LINE". The building line shall be the existing or proposed right-of-way line as established by the Master Plan for the city of Romulus.

2.03 "ERECT". Shall mean to build, construct, attach, hang, place, suspend or affix.

2.04 "INCOMBUSTIBLE MATERIAL". Shall mean any material which will not ignite at or below a temperature of twelve hundred (1200) degrees Fahrenheit and will not continue to burn or glow at that temperature.

2.05 "PERSON". Shall mean and include an individual, firm, partnership, association, corporation, company or organization of any kind.

2.06 "SIGN". Shall mean any announcement, declaration, demonstration, display, illustration or insignia designed to attract public attention.

(a) Display Sign. A structure or device that is arranged, intended, designed or used as an advertisement, announcement or direction.

(b) Ground Sign. A display sign supported by uprights or braces in or upon the ground surface.

(c) Marquee Sign. A display sign attached to or hung from a marquee, canopy or other covered structure projecting from and supported by the building and extending beyond the building wall, building line or street lot line.

(d) Movable Signs. Any sign of light construction, such as collapsible sandwich sign, or pedestal type sign, capable of being moved from one location to another and used for directing attention to a business, commodity, service or entertainment, conducted, sold or offered on the premises.

(e) Projecting Sign. Projecting sign means a sign which is affixed to any building or structure, other than a marquee, and any part of which extends beyond the building wall.

(f) Roof Sign. A display sign which is erected, constructed and maintained above the roof of the building.

(g) Temporary Sign. A display sign, banner or other advertising device constructed of cloth, canvas, fabric or other light temporary material, with or without a structural frame, intended for a limited period of display; including political announcements, decorative displays for holidays or public demonstrations.

(h) Wall Sign. A display sign which is painted on or attached directly to the building wall.

2.07 "STRUCTURAL TRIM". Shall mean the molding, battens, cappings, nailing strips, latticing, and platforms which are attached to the sign structure.

2.08 "SURFACE". Shall mean the part of the sign upon, against or through which the message is displayed or illustrated.

2.09 "TOTAL SURFACE AREA OF SIGN". The sum total of all exterior surfaces of the sign computed in square feet. In the case of a broken sign (a sign with open spaces between the letters) the total surface area shall be measured by multiplying the height of the largest individual letter by the distance between the outer edges of the two (2) furthestmost letters.

ARTICLE III

PERMITS REQUIRED

It shall be unlawful for any person to erect, repair, alter, relocate or maintain, within the city of Romulus, any sign as defined in this Ordinance, without first obtaining an erection permit from the Building Inspector, with the exception of the following:

Section 3.01 "SIGNS FOR WHICH A PERMIT IS NOT REQUIRED."

(a) Professional name plates not exceeding two (2) square feet in area.

(b) Signs painted on the exterior surfaces of a building or structure and less than twelve (12) square feet in area, except where said signs have raised borders, letters, characters decorations or lighting appliances.

(c) Bulletin boards not over twenty (20) square feet in area for public, charitable or religious institutions; provided, however, if said signs are electrically illuminated, and electrical permit must be obtained.

(d) Occupational signs denoting only the name and profession of an occupant in a commercial, public or institutional building, and not exceeding two (2) square feet in area.

(e) Memorial signs or tablets, name of building and date of erection when cut, cast or engraved into any masonry or metal surface.

(f) Traffic or other municipal signs, legal notices, danger and such temporary emergency or non-advertising signs as may be approved by the Building Inspector.

(g) Those signs excepted in Section 5.02 and those signs described in Section 5.04.

3.02 "APPLICATION FOR ERECTION PERMIT". Application for erection permits shall be made upon blanks provided by the Building Inspector, and shall contain or have attached thereto the following information:

(a) Name, address and telephone number of the applicant.

(b) Location of building, structure, or lot to which or upon which the sign or other advertising structure is to be attached or erected.

(c) Position of the sign or other advertising structure in relation to nearby buildings or structures.

(d) Two blueprints or ink drawings or the plans and specifications and method of construction and attachment to the building or in the ground.

(e) Copy of stress sheets and calculations showing the structure is designed for dead load and wind pressure in any direction in the amount required by this and all other laws and ordinances of the city. Provided, further, that where the Building Inspector deems it advisable he may require the approval of the structural design by a registered engineer.

(f) Name of person, firm, corporation or association erecting structure.

(g) Written consent of the owner where the sign is to be erected on vacant land.

(h) In all cases where wiring is to be used in connection

with the structure, it shall comply with the electrical code of the Township of Romulus.

(i) Insurance policy or bond as required by Section 3.10.

(j) Such other information as the Building Inspector shall require to show full compliance with this and all other laws and ordinances of the Township.

3.03 "PERMIT ISSUED IF APPLICATION IN ORDER". It shall be the duty of the Building Inspector, upon the filing of any application for an erection permit to examine such plans and specifications and other data and the premises upon which it is proposed to erect the sign or other advertising structure, and if it shall appear that the proposed structure is in compliance with all the requirements of this Ordinance and all other laws and Ordinances of the city of Romulus, he shall then issue the erection permit. Any person filing an application for an erection permit who feels that he has been aggrieved by the decisions of the Building Inspector shall have the right of an appeal before the Zoning Board of Appeals, providing such appeal is filed with the City Clerk within ten (10) days of the notice to him of the decision of the Building Inspector.

3.04 "PERMIT FEES". Every applicant, before being granted a permit hereunder, shall pay to the Treasurer of the City of Romulus a Permit Fee as shall be established by resolution of the City Council.

Every permit, except those for temporary signs shall be renewed on or before March 31st of each year.

(a) Inspection Fees. Every year the Building Inspector shall inspect each sign or other advertising structure regulated by this Ordinance for the purpose of ascertaining whether the same is secure or insecure, and whether it is in need of removal, repair, or painting, and to meet the expense of such inspection, the owner thereof shall pay to the City Treasurer the sum of two (2) cents multiplied by the number of square feet of area for each unit so inspected; provided, however, that in no event shall the inspection fee, per unit, be less than Two Dollars (\$2.00). The paying of the fee as described above shall constitute the renewal of the original permit for such sign. The Building Inspector shall not renew said permit if the sign does not pass such inspection or the fee is not paid; and he shall then request the owner of said sign to remove the same within a period of two (2) weeks.

(b) Relief from Personal Responsibility. The Building Inspector, officer or employee charged with the enforcement of this Ordinance, while acting for the municipality, shall not thereby render himself liable personally, and he is hereby relieved from all personal liability for any damage that may accrue to persons or property as a result of any act required or permitted in the discharge of his official duties. In no case shall the Building Inspector or any of his subordinates be liable for costs in any action, suit or proceedings that may be instituted in pursuance to the provisions of this Ordinance; and any officer of the Building Department, acting in good faith and without malice, shall be free from liability for act or omission in the performance of his official duties in connection herewith.

3.05 "REMOVING OR RECONSTRUCTION OF EXISTING SIGNS". No sign heretofore approved and erected shall be altered or moved, nor shall any sign or any substantial part thereof, which is blown down, destroyed or removed, be re-erected, reconstructed, rebuilt or relocated unless it is made to comply with all applicable requirements of Article III.

3.06 "REPAIR OF UNSAFE SIGNS". This section shall not be construed to prevent the repair or restoration to a safe condition as directed by the Building Inspector of any part of any existing sign when damage by storm or other accidental emergency.

3.07 "RELOCATED SIGNS". Any sign that is moved to another location, either on the same or to other premises, shall be considered a new sign and a permit shall be secured for any work performed in connection therewith as required by Article III.

3.08 "PERMIT REVOCABLE AT ANY TIME". All rights and privileges acquired under the provisions of this Ordinance, or any amendment thereto, are mere licenses and may be revoked upon the violation of any of the conditions contained herein. If the work authorized under an erection permit has not been completed with six (6) months after date of issuance the said permit shall become null and void.

3.09 "LICENSES FOR SIGN ERECTORS".

(a) Every person, firm or corporation engaged in the business of erecting or installing signs for which permits are required by this Ordinance shall obtain a sign Erector's License from the Building Inspector to conduct such operations.

(b) The Sign Erector's License shall be renewed annually.

3.10 "BOND". Prior to the issuance of a Sign Erector's License, the person, firm or corporation desiring such license shall file with the City Clerk a good and sufficient bond running to the City of Romulus in the penal sum of \$5,000.00 to indemnify, save and keep harmless the City of Romulus from any and all costs, damages or expenses of any kind whatsoever which may be suffered by the City of Romulus or which it may be put to, or which may accrue against it by charging to or recovering from said Township from or by reason of the granting of permission to erect said sign or by reason of the negligence, failure or refusal of any person, firm or corporation to comply with all the provisions of this Ordinance applicable to such signs.

3.10 A. A person or persons owning a particular parcel of land and who are desirous of erecting their own ground sign shall not be required to secure a Sign Erector's License nor furnish a \$5,000.00 bond. However, said person or persons shall be held liable for negligence or failure to comply with the General and other Requirements for all signs referred to in this Ordinance.

3.11 "LAPSING OF BONDS". At any time the bond of any Sign Erector is permitted to lapse, his license shall be automatically revoked.

3.12 "REVOKING OF LICENSES". The City Council shall revoke the license of any Sign Erector who does not comply with the requirements of this Ordinance.

3.13 "SIGN ERECTORS LICENSE FEE". Every applicant before being granted a Sign Erector's License shall pay to the City Treasurer the fees as follows:

(a) Original License \$25.00

(b) Annual Renewal License 10.00

ARTICLE IV

GENERAL REQUIREMENTS FOR ALL SIGNS

WITHIN THE CITY OF ROMULUS

All signs within the limits of the City of Romulus shall meet the following general requirements:

Section 4.01 "WIND PRESSURE AND DEAD LOAD REQUIREMENTS". All Signs shall be designed and constructed to withstand a wind pressure of not less than thirty (30) pounds per square foot of surface area and shall be constructed to receive dead loads as required in the Building Code or other Ordinances of the City of Romulus.

4.02 "NUMBER, DATE AND VOLTAGE TO BE ON SIGN". Every sign, hereafter erected, shall have placed in a conspicuous place thereon, in letters not less than one-half inch in height, the date of erection, the permit number, the voltage of any electrical apparatus used in connection therein and the name of the person, firm or corporation owning, erecting or operating such sign.

4.03 "ILLUMINATION PERMITTED". Reflectors, lights and other forms of illumination shall be permitted on all signs. All illumination shall be concentrated on the face area of the sign so as to prevent glare upon the street or adjacent property. Reflectors, lights and reflector arms shall not extend more than eighteen (18) inches beyond an established building line. All electrical devices and wiring shall be installed in accordance with the

requirements of the National Electrical Code and regulations of the Building and Electrical Departments.

4.04 "OBSTRUCTIONS TO DOORS, WINDOWS AND FIRE ESCAPES". No sign shall be erected re-located or maintained so as to prevent free ingress to or egress from any door, window or fire escape. No sign of any kind shall be attached to a stand pipe or fire escape.

4.05 "SIGNS NOT TO CONSTITUTE A TRAFFIC HAZARD". No sign shall be erected at the intersection of any streets in such manner as to obstruct free and clear vision; or at any location where, by reason of the position, shape or color, it may interfere with, obstruct the view of or be confused with any authorized traffic sign, signal or device; or which makes use of the words "Stop", "Look", "Danger" or any word, phrase, symbol or character in such manner as to interfere with, mislead or confuse traffic.

4.06 "FACE OF SIGN SHALL BE SMOOTH". No nails, tacks or wires shall be permitted to protrude in or from the front of any sign. This shall not exclude, however, the use of block letters, electrical reflectors or other devices which may extend over the top and in front of the advertising structure.

4.07 "OBSCENE MATTER PROHIBITED". It shall be unlawful for any person to display upon any sign or other advertising structure any obscene, indecent or immoral matter.

4.08 "REMOVAL OF CERTAIN SIGNS". Any sign in a residential district now or hereafter existing, which is a non-conforming sign, shall be taken down and removed by the owner, agent or person within thirty (30) days after written notice from the Building Inspector.

Any sign in business and industrial districts, now or hereafter existing, which is a non-conforming sign as to use, and which no longer advertises a bona fide business or industry conducted, or a product manufactured or sold on the property, shall be taken down and removed by the owner, agent or person having the beneficial use of the building, structure or land, within one (1) year from the date of a written notice from the Building Inspector.

Any sign in business and industrial districts now or hereafter existing, which is a conforming sign as to use, and which advertises a bona fide business or industry conducted or a product manufactured or sold on the property, but is nonconforming as to size, projection, location, position, material or construction, shall be taken down, removed, repaired, rebuilt, or replaced by the owner, agent or person having the beneficial use of the building, structure or land within five (5) years of the effective date of this Ordinance.

4.09 "PUBLIC RIGHT-OF-WAY". No sign or sign illumination shall be erected or placed in the public right-of-way nor be allowed to project further than eighteen (18) inches into the public right-of-way as measured from the building line as established by the Master Plan for the City of Romulus.

The owner of any sign, which has been removed by the City from the right-of-way, in violation of this provision or when license has expired, shall pay to the City the sum of Five Dollars (\$5.00) before recovering said sign, when said sign is of a size that may be easily transported by one person. For larger signs and those constructed of steel or other heavy material, a sum equal to the cost of demolition or removal shall be paid to the City before recovering such sign. If any sign is not claimed within thirty (30) days, it shall be destroyed.

ARTICE V

SIGNS IN RESIDENTIAL AREAS

All signs permitted in Residential Zone Districts, as defined in the Zoning Ordinance of the City of Romulus, shall satisfy the following conditions:

Section 5.01 "MATERIALS". Signs in these districts may be illuminated and may be constructed of combustible materials except as required in Section 5.08 of this Ordinance.

5.02 "BANNERS AND PENNANTS". No cloth pennants, banners or advertising devices of a similar nature may be erected in these districts, except placards as political announcements for a limited period of display.

5.03 "UNSAFE SIGNS". All signs must be maintained in a safe and secure condition; and any sign not so maintained shall be removed by the owner upon notice from the Building Inspector.

5.04 "SIGNS, ADVERTISING THE RENTAL, SALE OR LEASE OF THE PROPERTY UPON WHICH THEY ARE LOCATED". Such signs shall not have a surface area greater than six (6) square feet and there shall be not more than two (2) such signs on any one (1) lot.

5.05 "SIGNS ADVERTISING THE LOTS AND/OR BUILDINGS ERECTED IN ANY ONE SUBDIVISION AND DIRECTIONAL SIGNS". It shall be permissible for a licensed real estate broker or licensed builder to erect one (1) sign with a single surface area of no greater than seventy (70) square feet, or with two (2) surface areas of no greater than one hundred forty (140) square feet, nor an over-all height of nine and one-half (9½) feet, the lower edge of which shall not be less than eighteen (18) inches above the surrounding ground level, to advertise the lots and/or buildings erected in any one (1) subdivision within the Township, provided that said licensed real estate broker or licensed builder owns, has listed for sale or has the owner's permission to sell a minimum of five (5) lots in said subdivision. He shall also be permitted to erect three (3) directional signs in different locations leading to the subdivision. Such signs shall be no larger than thirty-two (32) square feet in area and shall be located entirely on private property. No subdivision sign or directional sign shall be erected or maintained within one hundred (100) feet of any occupied residence unless the written consent of the owner and occupant of such residence is first obtained.

5.06 "SIGNS ADVERTISING BUILDINGS UNDER CONSTRUCTION". Such signs may be erected for the period of construction and shall not exceed a face area of twenty (20) square feet. Such signs shall be erected on the building or lot where such construction is being carried on and shall advertise only the architect, contractor, sub-contractor, building or materials and equipment used.

5.07 "BUSINESS RESIDENCE USES IN RESIDENTIAL DISTRICTS". Any person conducting a professional or semi-professional business as permitted under the Romulus City Zoning Ordinance in R-1, R-2, R-1-F, R-1-P, R-2 and R-3 Districts may display a sign not to exceed two (2) square feet in area.

5.08 "CHURCHES AND SCHOOLS". Churches, colleges, Sunday schools, schools, buildings housing governmental functions and utilities of the City, County or State or any subdivision thereof, are permitted to erect a sign not to exceed twenty (20) square feet in area or an over-all height of six (6) feet upon the property upon which the principal building is located. Such signs, when of a permanent nature, shall be constructed of incombustible material and shall meet all the requirements as stated under general Requirements for Signs", Article IV.

5.09 "PARKING LOT IN R-1-P DISTRICTS". No sign shall be maintained on any parking area, other than one (1) sign at each entrance or exit. The sign may indicate the entrance, exit and condition of use, Single faced signs shall not exceed nine (9) square feet in area, and double faced signs shall not exceed eighteen (18) square feet in area. No sign shall have an over-all height above ground in excess of nine (9) feet and shall not project beyond the property line.

ARTICLE VI

SPECIAL REQUIREMENTS FOR SIGNS PERMITTED IN C-1 DISTRICTS

All signs permitted in these areas designated as C-1 Districts, as defined in the Zoning Ordinance of the City of Romulus, shall meet the following special requirements.

Section 6.01 "ACCESSORY TYPE SIGNS PER-

MITTED". Signs shall be illuminated or non-illuminated wall signs, installed and maintained on the front face of the building, with no portion projecting more than eighteen (18) inches therefrom and if illuminated shall not be of the flashing or intermittent type and shall advertise business transacted or goods sold or produced on the premises.

Signs shall not exceed two (2) square feet in area for each lineal foot of building frontage. Where more than one (1) business or industry, requiring a sign, is located on the same floor or on a different floor in the same building, a sign may be permitted for each separate business or industry, but the total sign area shall not exceed the amount permitted for the frontage of the building.

6.02 "SIGNS ADVERTISING THE RENTAL, SALE OR LEASE OF THE PROPERTY UPON WHICH THEY ARE LOCATED". Such signs shall not have a surface area greater than six (6) square feet and there shall be not more than two (2) such signs on any one (1) lot.

6.03 "SIGNS ADVERTISING BUILDINGS UNDER CONSTRUCTION". Such signs may be erected for the period of construction and shall not exceed a face area of sixty-four (64) square feet. Such signs shall be erected on the building or lot where such construction is being carried on and shall advertise only the architect, contractor, sub-contractor, builder or materials and equipment used.

6.04 "PARKING LOT SIGN". No sign shall be maintained on any parking area, other than one (1) sign at each entrance or exit. The sign may indicate the entrance, exit and condition of use. Single faced signs shall not exceed nine (9) square feet in area, and double faced signs shall have an over-all height above ground of more than nine (9) feet and shall not project beyond the property line.

ARTICLE VII

SPECIAL REQUIREMENTS FOR SIGNS PERMITTED

IN C-2, M-1 AND M-2 DISTRICTS

All signs permitted in those areas designated as C-2, M-1 and M-2 Districts, as defined in the Zoning Ordinance of the City of Romulus shall meet the following special requirements.

Section 7.01 "ACCESSORY SIGNS". All signs, except billboard and temporary signs, shall advertise business transacted or goods sold or produced on the premises, and if illuminated shall not be of the flashing or intermittent type. Signs as listed under Sections 6.01, 6.02, 6.03 and 6.04, shall be permitted in the C-2, M-1 and M-2 Districts.

7.02 "GROUND SIGNS". Every ground sign over fifty (50) square feet in total surface area and/or more than eight (8) feet in height shall have a surface or facing of incombustible material.

(a) Material Required. All ground signs except those specifically permitted in Section 3.01 of this Ordinance shall have a surface or facing of incombustible material.

(b) Letters, Etc., To Be Secured. All letters, figures, characters or representations in cut-out or irregular form, maintained in conjunction with, attached to or superimposed upon any sign shall be safely and securely built or attached to the sign structure.

(c) Height and Area Limitations. It shall be unlawful to erect any ground sign the height of which is greater than twenty (20) feet above the level of the street upon which the sign faces, or above the adjoining ground level, if such ground level to be above the street level. No ground sign shall have a single surface area exceeding one hundred (100) square feet for a single face sign and two hundred (200) square feet for signs of two (2) or more faces and shall be placed on the same parcel of property as the building or use to which it is accessory.

Provided, however, where several shops are developed together as a shopping center development, two (2) free standing ground signs pertaining to the name of the shopping center shall be permitted on approval of the Planning Commission.

(d) Projection. A ground sign may extend eighteen (18) inches into the public right-of-way beyond the established building line, provided the lower edge thereof is ten (10) feet or more above the ground level.

(e) Anchorage and Support. All ground signs shall be securely built, constructed and erected upon posts and standards sunk at least three (3) feet below the material surface of the ground and imbedded in concrete. Such supports shall be constructed as to meet the requirements of Section 4.01 of this Ordinance.

7.03 "WALL SIGNS".

(a) Materials Required. All wall signs, except painted signs, of a greater area than fifty (50) square feet, shall have a surface or facing of incombustible material.

(b) Limitation on Placement. No wall sign shall cover wholly or partially any wall opening, nor project beyond the ends or top of the wall to which it is attached.

(c) Projection Above Sidewalk and Set-back Line. No wall sign shall have a greater thickness than eighteen (18) inches measured from the wall to which it is attached to the outer surface, and shall not be attached to a wall at a height of less than ten (10) feet above the sidewalk or ground.

(d) Area Limitations. The total surface area of any wall sign placed on the front of a building shall not exceed two (2) square feet for each lineal foot of building frontage. Where a building has developed a main entrance at the rear of the building, a sign may be permitted on the rear of the building the same size as permitted on the front wall of the building.

On corner lots where business is zoned along the side street beyond the normal depth of such corner lot, a sign shall be permitted on the side street side of the corner lot equal to the sign permitted on the front wall of the building.

On corner lots where the side street is a residential street, no sign shall be permitted on the side street wall of the building.

(e) Supports and Attachment. All wall signs shall be safely and securely attached to the building by means of metal anchors, bolts, or expansion screws. In no case shall any wall sign be secured with wire, strips of wood or nails.

7.04 "ROOF SIGNS".

(a) Material Required. Every roof sign, including the upright supports and braces thereof, shall be constructed entirely of incombustible materials; provided, however, that combustible structural trim may be used thereon.

(b) Area Limitations. Any roof sign or signs located less than thirty (30) feet from the established building line of any street, or from the rear property line shall have a total surface area not to exceed forty (40 per cent) per cent of the lineal feet of building frontage multiplied by eight (8).

Any roof sign located more than thirty (30) feet from the established building line of any street or from the rear property line shall have a total surface area not to exceed sixty (60 per cent) per cent of the lineal feet of building frontage multiplied by ten (10).

No one roof sign shall have an over-all display area of more than three hundred (300) square feet.

No roof sign shall be located closer to a side lot line than ten (10 per cent) percent of width of the lot; provided, however, this dimension shall not be less than five (5) feet and need not be greater than fifteen (15) feet.

(c) Height Limitations. Roof signs shall not extend to its highest point more than twelve (12) feet above the roof level of the building to which it is attached; however, this height limitation shall not apply to an industrial sign when located on a parcel of land containing five (5) or more acres.

(d) Set-back From Roof Edge. No roof sign shall be erected or maintained with the face thereof nearer than three (3) feet to any outside wall of the building unless the

(Continued on Page 10)

ROMULUS CITY ORDINANCE NO. 71-53

(Continued from Page 9)

principal steel supports for such sign are an integrated part of the building structure and are designed as part of the sign. In such case the sign may project to any exterior face of the building.

(e) Prohibited Obstructions. No roof signs shall be placed on the roof of any building or structure in such manner as to prevent free passage from one part of said roof to any other part thereof or interfere with openings in said roof.

(f) Bracing, Anchorage and Supports. Every sign shall be thoroughly secured to the building by iron or other metal anchors, bolts, supports, rods or braces.

7.05 "PROJECTING SIGNS"

(a) Construction. Every part of a projecting sign, with a total surface area greater than ten (10) square feet, shall be constructed of incombustible materials.

(b) Movable Parts to be Secured. Any moving part of a projecting sign, such as the cover of a service opening, shall be securely fastened by chains or hinges.

(c) Area Limitations. All projecting signs shall be limited to thirty (30) square feet for each side.

(d) Thickness Limitation. The distance measured between the principal faces of any projecting sign shall not exceed eighteen (18) inches.

(e) Projection Over Public Property. Every projecting sign shall be placed at a minimum height of ten (10) feet above public sidewalk and at a minimum height of fifteen (15) feet above public driveways, alleys and thoroughfares. No projecting sign may project a distance greater than eighteen (18) inches beyond the established building line.

(f) Bracing, Anchorage and Supports. Projecting signs of a greater total surface area than ten (10) square feet or fifty (50) pounds in weight shall not be attached to nor supported by frame buildings nor the wooden framework of a building. All projecting signs shall be thoroughly secured to the building by iron or other metal anchors, bolts, supports, rods or braces.

(g) Height Limitation. No projecting sign shall exceed a height greater than ten (10) feet above the roof line of the building to which it is attached.

(h) No projecting sign shall be erected within twenty (20) feet from any other projecting sign. This provision, however, shall not deny any place of business at least one (1) projecting sign.

7.06 "MARQUEE SIGNS"

(a) Material Required. Every marquee sign including the upright supports and braces thereof, shall be constructed entirely of incombustible materials.

(b) Height and Area Limitations. No marquee sign shall have a total surface area exceeding forty (40) square feet nor be of a greater over-all height than two (2) feet.

(c) Bracing, Anchorage and Supports. Every marquee sign shall be thoroughly secured to the building by iron or metal anchors, bolts supports, rods or braces.

7.07 "TEMPORARY SIGNS"

(a) Construction.

Permits Required. Permits are required to erect any temporary sign in excess of six (6) square feet. Such temporary sign may be erected for a period not to exceed three (3) months.

(b) Cloth or Canvas Signs. Cloth or canvas signs, pennants or banners shall be erected for a period of not to exceed two (2) weeks in any six (6) month period.

(c) Projection. No temporary sign shall be strung across any public right-of-way nor shall any temporary sign project beyond the property line.

(d) Area and Height Requirements. No temporary sign may be of a greater total surface area than fifth (50) square feet nor of a greater height than ten (10) feet above the ground; provided, however, that the lower edge of said sign shall be not less than eighteen (18) inches above the surrounding ground level.

(e) Erection.

It shall be the duty of the owner of any temporary sign to notify the Building Inspector at such time as any temporary sign is to be erected. Any temporary sign found by the Building Inspector to be in an unsafe condition must be removed by the owner within three (3) days of his receipt of notice to do so from the Building Department. Signs or placards, of any kind, nailed or fastened on trees, in the City of Romulus shall not be permitted.

7.08 "BILLBOARDS"

(a) Area and Height Limitations. No billboards may be erected or maintained having a greater surface area than three hundred (300) square feet; no outdoor advertising display sign may be erected or maintained having a surface greater than three hundred (300) square feet unless it has been approved by the Zoning Board of Appeals and in no case shall such a sign have a surface area greater than six hundred (600) square feet or an over-all height above the ground of more than twenty-four (24) feet, or the bottom of which extends to within less than three (3) feet above the ground surface.

(b) Location. Billboards and outdoor advertising display signs may be located in C-2, M-1 and M2 Zoning Districts. No billboard or outdoor advertising display sign may be erected or maintained within five hundred (500) feet of any public park, recreation ground, public reservation, school or church, nor within fifty (50) feet of street lines at any street intersection. All billboards and outdoor advertising display signs shall observe set-backs as required by respective zoning districts.

No billboard or outdoor advertising display sign shall be located closer than seven hundred (700) feet apart along each side of major thoroughfares having a right-of-way of more than one hundred twenty (120) feet in width, nor closer than two hundred (200) feet apart along each side of secondary thoroughfares having a right-of-way of one hundred twenty (120) feet or less.

(c) Material Required. All billboards and outdoor advertising display signs, when attached to buildings or structures, shall have all structural and supporting members of incombustible materials.

Mouldings, cappings, nailing blocks, letters, latticing and other ornamental features of signs may be constructed of wood, approved plastic or other materials having combustible characteristics similar to wood.

Sign facings may be made of approved combustible plastics when complying with the general requirements and the areas listed below:

NON-ILLUMINATED AND EXTERNALLY ILLUMINATED SIGNS (OTHER THAN GROUND SIGNS) INTERNALLY ILLUMINATED FLAT AND SKELETON PARAPET SIGNS.

Area of Facing or Display Surface	Area Occupied or Covered by Plastics
100 square feet or less	100 per cent of display surface area.

WELCOME ADDITION TO STAFF — Daughter-in-law Mrs. Janet Richardson will round out the sales staff of Belleville's new Argyle Gift Galleries.

Speaking of your health

Braces can save a child's teeth

By DR. LESTER COLEMAN

At what age should braces be used to straighten teeth? We are confused because we have had three yearly opinions, and were told to wait before having orthodontia for our 12-year-old daughter.

Now we learn from another dentist that the process should have been started a year earlier.

Mr. and Mrs. G.R. Kans.

Dear Mr. and Mrs. R.: Your real concern of course, is that you feel you may have done an injustice to your child by waiting too long.

The likelihood is that her good dental health will not be affected by the lapse.

Each child must be individually evaluated since there is no universal age at which tooth straightening should be started.

This specialized science of dentistry has progressed remarkably and has been responsible for the preservation of teeth that might otherwise have been unnecessarily sacrificed.

The decision to straighten teeth should be the combined judgment of the dentist and the specialist. Once the decision is made, too long a delay may convert a simple problem into a complicated one.

It is my belief that when there is a possibility of such need, a child should be seen at more frequent intervals than a year. Thus confusion such as yours can be avoided.

Dr. Lester Coleman has prepared a special booklet for readers of this column, "Alcoholism — A Family Disease." It probes this grave problem and offers hopeful advice. For your copy, send 25 cents in coin and a large, self-addressed 6-cent stamped envelope to Lester L. Coleman, M.D., P.O. Box 5170, Grand Central Station, New York, N.Y. 10017. Please mention the booklet by title.

Helen Help Us

Will serviceman believe his wife?

By HELEN BOTTEL

Dear Helen:

I only knew Jim two weeks before we were married, and then he left for Vietnam four days later. Because I was having lots of trouble at home, he told me to stay with his folks, so I went down south, 1000 miles away to be with people I'd never met.

They didn't like me, and I ended up being a baby sitter for all the relatives. I had a hard time keeping some of those husbands away from me, especially Jim's cousin. I told my in-laws about his passes, but they just laughed and said I asked for them. Then they wrote to Jim and told him I was flirting around, and they could prove it.

After that I went home. Yesterday I got a letter from Jim saying he'd heard from his cousin that I threw myself all over him. Because he doesn't know me very well (less than three weeks in all), he doesn't know who to believe, but he'll probably side with his family. His letters already sound like he thinks we made a mistake.

I guess I should tell you that Jim's folks are pretty well off while mine are poor, and don't get along with each other. His mother says he married me out of pity and I should just quietly get a divorce and forget this ever happened. They'll pay for it.

Helen, I love Jim. Should I give up without a fight? — Alice

Juliet encourage teen-age shooting because they were at a festival.

The choice is up to the individual, not the pusher, the rock musician, or the writer. Songs and publications do not hook people. People hook themselves. — Music Lover

Child care

A child can catch anxiety

By WILLIAM G. CROOK, M.D.

Q — Our 5-year-old daughter is a nervous, sensitive child who worries about everything and frequently breaks out in hives. She has episodes of nightmares during which time she screams and breaks out in a sweat. We are quite concerned and I feel I may be partly responsible for her nervousness, as I am also extremely nervous. Is this just a vivid imagination or could it be something much more serious? I would appreciate your opinion. — Mrs. E.S.

A — Since you have already told me you are "extremely nervous," I dislike saying anything would add to your burden of anxiety. I also hate to put all the burden of blame for a child's behavior on the parent. But since you asked for my opinion, I'll give it.

Tense, anxious, nervous, sensitive children are rarely born that way. Instead, they acquire this nervousness and sensitivity from countless experiences they undergo during the early weeks, months and years of life. One observer put it this way: "A child can 'catch' anxiety and tension from a parent just as easily as he can catch the TB germ."

So it seems to me that the first step in helping your nervous, sensitive child is to get professional help for yourself as well.

Q — I'm working on a master's degree program in the reading center at Montclair State College. My topic is preschool learning.

In one of your columns, you mentioned a study made by Dr. Frank Kodman of Murray, Ky. Could you suggest other reference sources and tell me how I could get them? — Mrs. H. McMillan

A — Through the Federal Regional Medical Program (RMP), library consultation has been made available to physicians and other professionals in our area. All a physician or professional has to do is call or write the record library and say, "I would like to get information on the following topics (such as preschool learning). I'd especially like copies of articles which have been published on this subject within the last two years."

Then within 24 to 48 hours, copies of publications on this subject are mailed out to the physician or professional.

I don't know whether this sort of service is available in all parts of the country under the RMP program, but it would be worth investigating.

You might ask the library at a nearby medical school to help you.

(If you have a child care problem you would like discussed in this column, write in care of The Daily Eagle.)

Area Occupied or Covered by Plastics.	Type of Sign Structure	Maximum Permitted Sign Area	Maximum Permitted Height	Placement
100 per cent of display surface area.	Roof Sign	Two (2) sq. ft. per lineal ft. of ground floor of building, not to exceed six hundred (600) square feet.	Twelve (12) feet above roof line.	Upon or over roof of building.
100 square feet plus 25 per cent of the difference between 100 square feet and the area of the display surface.	Ground-Pole Signs	One and One-half (1½) sq. ft. per one (1) foot of setback up to twenty (20) feet, thereafter three (3) sq. ft. of sign area for each one (1) foot of setback, not to exceed two hundred (200) sq. ft.	Sixty (60) feet above average grade elevation of site.	Minimum setback required by zoning ordinance.
Not more than 575 square feet without permission of the Building Official.	7.11 "BUSINESS ACCESSORY SIGNS" (Not located adjacent to or serving Interstate Highways).			
EXAMPLES:	Type of Sign Structure	Maximum Permitted Sign Area	Maximum Permitted Height	Placement
500 sq. ft. - 200 sq. ft.	Roof Sign	One (1) sq. ft. per lineal ft. of ground floor of building, not to exceed two hundred (200) sq. ft.	Six (6) feet above roof line.	Upon or over roof of building.
1,000 sq. ft. - 325 sq. ft.	Ground-Pole Signs	One and one-half (1½) sq. ft. per one (1) foot of setback up to twenty (20) feet, thereafter three (3) sq. ft. of sign area for each one (1) foot of setback, not to exceed two hundred (200) sq. ft.	Fifteen (15) feet but may be increased by one (1) foot in height for each two (2) feet of setback, to a maximum height of twenty-five (25) Ft.	Minimum setback required by zoning ordinance.
1,500 sq. ft. - 450 sq. ft.	ARTICLE VIII PENALTIES			
2,000 sq. ft. - 575 sq. ft.	Any person, firm, corporation or association or the manager thereof who shall erect or maintain any sign in violation of any of the provisions of this Ordinance, shall, upon conviction of such violation be fined not more than One Hundred Dollars (\$100.00) or be imprisoned in the County Jail not to exceed ninety (90) days or both such fine and imprisonment in the discretion of the Court. Each day that a violation is permitted to exist shall constitute a separate offense.			
over 2,000 square feet	ARTICLE IX VALIDITY			
	Section 9.01. Should any section, clause or provision of this ordinance be declared by the courts to be invalid, the same shall not affect the validity of the Ordinance as a whole, or any part thereof, other than the part so declared to be invalid.			
	ARTICLE X CONFLICTING PROVISIONS REPEALED			
	Section 10.01. All Ordinances and parts of Ordinances inconsistent with the provisions of this Ordinance are hereby repealed.			
	ARTICLE EFFECTIVE DATE			
	Section 11.01 The provisions of this Ordinance are hereby declared to be immediately necessary for the preservation of the public peace, health and safety, and are hereby ordered to take immediate effect upon publication.			
	I, Leonard J. Folmar, Clerk for the City of Romulus, do hereby certify that the foregoing is a true copy of an ordinance adopted by the Romulus City Council at their Regular Meeting held on July 27, 1971.			
	Leonard J. Folmar, Clerk City of Romulus			
	ATTEST:			
	Hyle J. Carmichael, Mayor City of Romulus			
	Within forty five (45) days after the publication of any ordinance duly passed by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six (6 per cent) percent of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.			

ROMULUS CITY ORDINANCE NO. 71-47

AN ORDINANCE TO REGULATE THE DESIGN, CONSTRUCTION, INSTALLATION, MAINTENANCE AND USE OF OIL BURNING EQUIPMENT FOR USE IN CONNECTION WITH ALL TYPES OF HEATING EQUIPMENT, HOT WATER SUPPLY AND STEAM GENERATING EQUIPMENT AND APPLIANCES AND APPURTENANCES THEREOF, AND OF ALL GAS-FIRED SPACE HEATING EQUIPMENT AND APPURTENANCES THEREOF IN THE CITY OF ROMULUS, MICHIGAN; TO PROVIDE FOR THE LICENSING OF CONTRACTORS; TO DESIGNATE THE REQUIRED FEES FOR LICENSES AND PERMITS; TO PROVIDE A RECIPROCAL ARRANGEMENT FOR THE RECOGNITION OF EXAMINATIONS AND LICENSES ISSUED BY OTHER MUNICIPALITIES OF THE STATE OF MICHIGAN VOLUNTARILY COOPERATING IN THE ENFORCEMENT OF THIS ORDINANCE; TO PROVIDE A PENALTY FOR THE VIOLATION OF THE TERMS THEREOF AND REPEALING ALL ORDINANCES AND AMENDMENTS THERETO CONFLICTING THEREWITH.

THE CITY OF ROMULUS ORDAINS:

ARTICLE I SHORT TITLE

Section 1.1
SHORT TITLE. This Ordinance shall be known and may be designated as "The City of Romulus Reciprocal Heating Ordinance."

ARTICLE II DEFINITIONS

The following definitions shall apply in the interpretation and enforcement of this Ordinance, unless otherwise specifically stated.

Section 2.1
ALTERATION. The word "Alteration" shall mean the addition or renewal of any part of an oil burner or gas burner or its equipment which may change the design or approved method of functioning.

Section 2.2
APPROVED. The word "Approved" shall mean that which the Building Official designates acceptable as a device, apparatus or method which by demonstration and/or test has proven workable or safe for its intended use.

Section 2.3
APPROVED "FUEL OIL BURNER", "OIL BURNING SPACE HEATER", or "OIL BURNING HOT WATER HEATER", "OIL BURNING HOT WATER AND STEAM BOILERS." An oil-burning unit complete with required safety controls, either electrical or mechanical, which has been tested by the Enforcing Officer or by a testing laboratory and has been found to be in compliance with this code and accepted for installation in the City of Romulus, Michigan.

Section 2.4
AUXILIARY TANK. The term "Auxiliary Tank" shall mean a tank between the storage tank and the burner delivering oil by gravity or pressure to the fuel oil burner.

Section 2.5
BUILDING OFFICIAL. The term "Building Official" shall mean the Building Official of the City of Romulus.

Section 2.6
CITY COUNCIL. The words "City Council" shall mean the City Council of the City of Romulus.

Section 2.7
DEPARTMENT. The word "Department" shall mean the Department of the City of Romulus.

Section 2.8
EFFECTIVE CHIMNEY HEIGHT. The term "Effective Chimney Height" shall mean the vertical distance from the point of entry of the horizontal vent connection to the top of the chimney.

Section 2.9
FUEL OIL. The term "Fuel Oil" shall mean any liquid used as fuel and having a flash point not less than 110 degrees Fahrenheit as determined by the Pensky-Martins Closed Cup Tester.

Section 2.10
FUEL GAS. The term "Fuel Gas" shall be considered as liquid petroleum gas, manufactured gas, natural gas or mixtures thereof.

Section 2.11
FUEL OIL BURNER. The term "Fuel Oil Burner" shall mean any device including burners, motors, piping, valves, and other equipment designed and arranged for the purposes of burning fuel oil for space heating, generating steam, or hot water supply purposes.

Section 2.12
FUEL OIL DRUM. The term "Fuel Oil Drum" shall mean any container for the storage of fuel oil having a capacity of not more than 55 gallons which is not directly or indirectly connected with the fuel-oil burner or oil burning space heater.

Section 2.13
GAS BURNER. The term "Gas Burner" shall mean a device for the final conveyance of the gas or mixture of gas and air to the combustion zone of a boiler, furnace or other device used in connection with a space heating unit or system.

Section 2.14
GAS-FIRED SPACE HEATING EQUIPMENT AND APPURTENANCES. The term "Gas-Fired Space Heating Equipment and Appurtenances" shall mean the inclusion of gas burners, as previously defined, and all piping from the meter to the burner, blowers, control devices and accessories connected to or used in conjunction with the burner.

Section 2.15
OIL BURNING SPACE HEATER. The term "Oil Burning Space Heater" shall mean a self-containing space heating device complete with required safety controls either electrical or mechanical and having a fuel oil storage tank of not more than ten (10) gallons capacity attached to the unit by the manufacturer; said device shall not be attached to any furnace, boiler or other central heating device having duct work, and shall not be connected to auxiliary fuel oil storage tanks unless all provisions of this Ordinance pertaining to fuel oil burners are complied with.

Section 2.16
OIL-FIRED HOT WATER HEATER. The term "Oil-Fired Hot Water Heater" shall mean an oil-fired hot water supply unit.

Section 2.17
PERSON. The term "Person" shall mean an individual, group, partnership, firm, corporation, association, or congregation.

Section 2.18
PORTABLE. The term "Portable" shall mean equipment that is not permanently positioned in place by fastening to floors, walls, ceilings with nails, screws, bolts, grout, or other recognized means.

Section 2.19
STORAGE TANK. The term "Storage Tank" shall mean any tank for the storage of fuel oil connected through some approved means of suction or gravity feed directly or indirectly to the fuel oil burner or oil-burning space heater.

Section 2.20
CITY. The term "City" as used in this Ordinance shall mean the City of Romulus, whether or not so designated.

Section 2.21
WORD. Singular words shall include the plural, and masculine words shall include the feminine and neuter.

ARTICLE III SCOPE AND PURPOSE

Section 3.1
SCOPE. Except as hereinafter provided, this Ordinance shall apply to the installation of all fuel oil burners, gas

burners, and appurtenances thereof, provided that existing installation substantially conform to standards of this Ordinance and present no apparent danger to life or property through the methods of installation or operation of that an installation permit has been previously obtained as required by any other Ordinance of the City.

Section 3.2
PURPOSE. The purpose of this Ordinance is to provide for the health, safety, and welfare of the people of the City.

ARTICLE IV LICENSING AND PERMITS

Section 4.1
DEPARTMENT DUTIES. The Department shall determine by examination of such a kind as it may require, the qualifications and the ability of the applicants for licensing. The Department shall file a written report of its findings and recommendations in each case.

Section 4.2
TYPES OF EXAMINATIONS. Examinations shall consist of oral or written material and may include practical tests. They shall cover the theory and practice of heating construction and engineering of units and the interpretation of charts, blueprints, and plans of installation. The Examinations shall be substantially uniform with all reciprocating municipalities.

Section 4.3
FREQUENCY OF EXAMINATIONS. Examinations for licensing under this Ordinance shall be held at least once each month, if there are applicants for licensing; provided; that no examination need be held unless there is at least one applicant for examination.

Section 4.4
PERMITS REQUIRED. Any person desiring to install, or alter any oil fed or gas fed heating equipment covered by this Ordinance in the City except as herein provided, shall obtain a permit for such purpose from the Department.

Section 4.5
PERMIT FEES. When an application is made for a permit required under the terms of this Ordinance, a fee shall be paid in an amount as prescribed by the City Council of the City of Romulus. (See Permit Schedule).

Section 4.6
APPLICATION FOR PERMIT. Application for a permit shall be made on forms furnished for such purposes by the Department and shall contain sufficient information for the proper description of the burner equipment and accessories to be installed, altered or serviced.

Section 4.7
TEMPORARY TAGS. The Department shall issue numbered tags of a type which will be destroyed upon removal, to licensed oil burner and gas burner contractors and shall keep a record of tags so issued. These tags shall be attached to the fuel oil fill or vent pipe by the contractor upon completion of an oil burner installation or to the fuel line of the gas space heating apparatus at the manually operated shut-off valve by the contractor upon the completion of the gas space heating installation.

Section 4.8
RECIPROCAL CLAUSE. The City shall permit contractors engaged in the business of installing, altering, or servicing, or contracting to install, alter or service gas burners, oil burners, or appurtenances thereof, who are legally licensed by other municipalities of the State of Michigan to engage in the business of installing altering or servicing, or contracting to install, alter or service gas burners, oil burners and appurtenances thereof within the corporate limits of the City upon registration with the Department and the payment of a registration fee of Ten (\$10.00) Dollars; provided, that the municipality in which such contractors are licensed reciprocate in recognizing gas burner and oil burner contractors duly licensed under the provisions of this Ordinance by granting them the same privilege and charging the same license and registration fees.

Section 4.9
CONDITIONS OF PARTICIPATION IN RECIPROCAL LICENSES. The licensing ordinance, examination and examination procedures of such municipalities having a desire to participate in reciprocal licensing shall be substantially equal to the requirements set forth in this Ordinance, and their regulations governing the installation, alterations and service of gas burners, oil burners and appurtenances thereof shall meet recognized standards acceptable to the Department. No gas burner and/or oil burner contractor's license shall be recognized for the purposes of registration by the City, which has been issued by a municipality which has failed to approve by an affirmative action of its legislative body, the reciprocal licensing provisions contained in this Ordinance. A gas burner and/or oil burner contractor shall obtain his license in the municipality wherein the said contractor maintains his principal place of business.

Section 4.10
APPLICATION FOR LICENSE. Application for a license shall be made on forms furnished for such purpose by the Department. Said application forms shall be uniform for all participating municipalities. The application, in affidavit form, shall contain, in addition to other requirements as the Department may provide, the following: name, age, and address (residence and place of business), plus qualifications of the applicant.

Section 4.11
CORPORATE APPLICANT. If the applicant is a corporation, the form will provide for the full and accurate corporate name, when and where incorporated; full name and business and home addresses of the officers of the corporation, name of the officer or legal employee who is to take the examination and his qualifications.

Section 4.12
PARTNERSHIP. If the applicant is a partnership, names and addresses (residence and place of business) of the members thereof, and the name of the partner or legal employee who is to take the examination, and his qualifications, are to be furnished.

Section 4.13
TRADE OR ASSUMED NAME. If the applicant conducts business under a trade or assumed name, the form shall provide for the complete and full trade or assumed name, date of registration with county clerk, the name of the persons doing business under such trade or assumed name, the name of the individual or legal employee who is to take the examination and his qualifications.

Section 4.14
AGE. Persons making application shall have attained a minimum of twenty-one (21) years of age.

Section 4.15
ISSUING OF LICENSES. No license shall be issued to an applicant until he has submitted to an examination or such applicant has a person in his legal employ who is actively in charge, who has submitted to the examination or unless such applicant is legally licensed by another municipality recognized under the reciprocal licensing provisions of this Ordinance.

Section 4.16
EXAMINATION FEE. Every applicant shall, upon making application for a license, pay an examination fee of Five (\$5.00) Dollars. Failure to appear for the examination, or failure to secure a passing grade shall necessitate that the applicant again pay the examination fee before being permitted to take the examination again.

Section 4.17
CLASSIFICATION AND LIMITATIONS. Licenses shall be classified and limited as provided in the following subdivisions:

1. Gas-Fired Equipment.
 - (a) Equipment limited to input rating not exceeding 500,000 BTU per hour, per unit.
 - (b) Equipment with all input ratings (unlimited)
2. Oil-Fired Equipment.
 - (a) Equipment limited to units or burners designed for the

use of Nos. 1, 2, or 3, distillates as defined in the United States Department of Commerce Commercial Standards CS12-40, having a maximum first rate of 30 gallons per hour.

(b) Equipment unlimited as to size and capacity of oil burners and designed for any grade of fuel oil.

3. Combustion
Any combustion of unlimited or limited licenses may be held by licensee subject to provisions contained in this Ordinance.

Section 4.18
ANNUAL LICENSE FEE. The annual license fee, applicable to licensees whose principle place of business is in the City shall be Twenty-Five(\$25.00) Dollars for each year beginning January 1, 1971 for any combination of license classifications.

Section 4.19
REGISTRATION FOR ADDITIONAL CLASSIFICATIONS. Contractors may secure licenses for additional classifications without any additional license fee provided that they pay the required examination fee and the license is approved by the Department.

Section 4.20
LICENSE EXPIRATION. All Licenses and registrations shall expire on December 31st following the date of issuance.

Section 4.21
CAUSE FOR REVOCATION. No license shall be revoked except for cause upon proof of charges filed by the Building Official, specifying with reasonable detail the facts showing negligence in the performance of the licensee's duties in connection with his work or showing that such license has violated or permitted a violation of this Ordinance or that this Ordinance has been violated in connection with work for which he was aware, or in the exercise of reasonable diligence should have been aware.

Section 4.22
REVOCATION OF LICENSE. Upon filing of charges for revocation of license, the Department may forthwith, suspend the license involved and shall give such licensee notice of a hearing upon such charges, which hearing shall be held by the Department not less than 14 days after the date of notice unless an earlier date is agreed upon in writing by the licensee affected. Such notice shall be by personal service or registered mail with return receipt requested forwarded to the last known address of the licensee and shall state the time and place of such hearing and shall state the time and place of such hearing and shall contain a copy of the charges. If such charges are sustained by the Department the license shall be revoked and the licensee shall be notified in writing of such revocation. In addition, licenses may be revoked or suspended in accordance with the City charter and other applicable ordinances.

ARTICLE V INSPECTION AND ENFORCEMENT

Section 5.1
DUTIES OF INSPECTOR. It shall be the duty of the Building Official or his authorized assistants to inspect all fuel Oil and gas burning equipment covered by this Ordinance at the time of the installation, and the Building Official and his authorized assistants may make such other inspections and tests after repairs or changes as are deemed necessary for the safety and enforcement of this Ordinance.

Section 5.2
RIGHT OF ENTRY FOR INSPECTION. The Building Official and his authorized assistants shall have the right, during reasonably hours, to enter any building or premises in the City without hindrance for the purpose of examining equipment covered by this Ordinance. The person having control or management of equipment covered by this Ordinance shall provide such assistance as is required by the inspector in making inspection.

Section 5.3
INSTALLATION NOTICE. Immediately upon the installation of the tanks, duct work and piping of an oil or gas burner installation, and before concealing any of the above installations, the installer thereof shall notify the Building Official that said tanks, duct work and piping are ready for inspection.

Section 5.4
PERMANENT TAG. Upon completion of an oil burner or gas burner installation, the Department shall inspect the installation and if found to conform with the provisions of this Ordinance, the Building Official or his duly authorized assistant shall replace the temporary tag by permanent metal tag properly numbered.

Section 5.5
POWER OF CONDEMNATION. Whenever any fuel oil burner or gas space heating burner or part thereof or any accessory thereto is found to be unsafe or in a condition so as to be dangerous to life or property, the Building Official or his authorized assistants are hereby empowered to condemn the unit of the part thereof and no such unit or part thereof shall thereafter be used unit be put in a safe condition and approved by the Department.

Section 5.6
CONDEMNATION WARNING TAG. Whenever any fuel oil burner of gas-burning space heater or part thereof has been condemned, the Building Official shall place thereon a warning tag listing the cause for the condemnation.

Section 5.7
CONDITIONS FOR REMOVING CONDEMNATION. Any person having control or management of any condemned unit or part thereof shall not use of permit to be used such unit or part thereof until the cause of condemnation shall have been remedied and the unit or part thereof shall have been put in safe condition and approved as such by the Department. Licensed contractors will be permitted to place condemned equipment in operation upon compliance with the following requirements: correction of the cause of condemnation; notification to the Department by phone or mail that the cause of condemnation have been corrected; receipt of permission by the Department to place the equipment in operation; writing the name of the license holder on the warning tag, undersigned by the workman responsible for making the corrections, and leaving the signed warning tag attached.

Section 5.8
REPORTS OF INSPECTION. The Building Official or his duly authorized assistants shall make a written report of each inspection and file same in the records of the Department.

Section 5.9
AUTHORITY OF OTHER DEPARTMENTS. Nothing in this Ordinance shall be construed as limiting the authority of the Fire Department in making supplementary inspection under their respective safety regulations.

Section 5.10
ELECTRIC WIRING. The electric wiring installed in connection with an oil-fired heating equipment shall be installed in accordance with the provisions of the Electrical Ordinance of the City.

ARTICLE VI OIL BURNER EQUIPMENT

Section 6.1
APPROVED BURNER. The Department may approve any oil burner listed by the Underwriters Laboratory or any other nationally recognized inspection board of laboratory. Oil burners not listed by the Underwriters Laboratory or any other nationally recognized board or laboratory shall not be approved until they have been inspected or tested by some recognized laboratory capable of making such a test and inspection and the certificate showing such inspection and test shall be forwarded to the Department. This inspection and test shall cover arrangement of parts, suitability of material, reliability of automatic features, positiveness of ignition and safeguards against flooding.

Section 6.2
SHUT-OFF DEVICE. All fuel oil burners subject to automatic ignition, shall be provided with a permanent approved automatic device so designed that oil, upon entering the combustion chamber shall be immediately ignited or the oil supply shall be as timed shut-off.

Section 6.3
FLOAT VALVE. Gravity fed space heaters and hot water heaters shall be provided with a constant level safety float valve or other approved device to prevent flooding of burner due to ignition failure or any other cause.

Section 6.4
TEMPERATURE AND PRESSURE CONTROL. All fuel oil burners used with warm air, hot water, or steam heating systems shall be provided with an approved warm-air limit control, hot water limit control, or pressure limit control, and low water cut-off respectively to automatically shut off the burner when safe limits of temperature and/or pressure are exceeded; except that this requirement shall not be required for warm air space heaters.

Section 6.5
ELECTRICALLY OPERATED CONTROLS. Electrically operated controls shall be so designed that failure of electric current will cause burner to be shut off and in case of pot type burners, will place burners on low-flame operation.

Section 6.6
GRADE OF FUEL OIL. The grade of fuel oil used with any burner shall be one which tests and experience show to be suitable for use with that burner. The oil shall have a flash point not less than 110 degrees Fahrenheit when tested by the Pensky-Martins Closed Cup Testing Method, and shall be free from acid, grit and fibrous or other foreign matter likely to clog or injure the burners or valves.

Section 6.7
CARBONIZATION. The burner shall be designed to prevent excessive carbonization.

Section 6.8
SUPPORT. The burner shall be securely attached and supported.

Section 6.9
GRAVITY FEED. Gravity feed shall be used only with burners arranged to prevent abnormal discharge of oil at the burner by automatic means specifically approved for the burner with which it is used.

Section 6.10
POSTING INSTRUCTIONS. Complete instructions in regard to care and operation of the oil-burning equipment shall be posted near the apparatus installed. The instruction sheet so posted shall include the specifications for the gravity and limiting flash point of an oil suitable for use in the burner. All cards of instructions must be posted at the time of installation.

Section 6.11
IGNITION FLASH. When ignition is made in a normal manner, the flames shall not flash outside of the appliance.

Section 6.12
PILOT LIGHT FUEL. The use of acetylene or any other gas possessing a wider range of explosiveness in a mixture with air than coal-gas, or water-gas, is prohibited for use in the gas pilot of any fuel oil burner.

Section 6.13
VENTILATION. Ventilation shall be provided to prevent the accumulation of any trapped vapors below the combustion chamber.

Section 6.14
MANUFACTURER'S NAME PLATE. Name plate designating the trade-name of the burner, the model, or size, number and the name and address of the burner manufacturer, shall be securely attached to each fuel oil burner and oil-burning space heater.

Section 6.15
CONVERSION BURNER FUEL DOOR. In the case of conversion burners, the fuel door of the converted appliance shall be so arranged as to relieve pressure due to puffs or backfire caused by delayed ignition, and shall be provided with an approved self-closing device.

Section 6.16
OIL PREHEATING. Preheating of oil, where necessary, shall be done by steam, hot water, or approved electric heaters. Heaters shall be substantially constructed with all joints made oil tight. Thermometers shall be installed at suitable locations to indicate the temperature of the heated oil. Heaters shall be bypassed or provided with suitable means to prevent abnormal pressure. Positive means must be provided to prevent introduction of oil or other liquid harmful to boiler operations into the boiler.

ARTICLE VII OIL BURNER INSTALLATION

Section 7.1
GENERAL. Oil burners shall be securely installed in a workmanlike manner in accordance with the instructions of the manufacturer, by qualified mechanics experienced in making such installations.

Section 7.2
VENTILATION. Rooms in which oil-burning equipment is located shall be provided with adequate ventilation to assure continuous complete combustion of the oil.

Section 7.3
DAMPER. No damper shall be permitted in the smoke pipe or chimney from the device heated that may restrict the passage of fumes or gases by more than 40 per cent.

Section 7.4
CHIMNEY FLUE. Each of oil-fired heating unit covered by this Ordinance shall be connected to a chimney flue.

Section 7.5
VENT CONNECTION. The vent connection shall not be smaller than the size indicated by the vent collar of the appliance when same is oil designed.

Section 7.6
HORIZONTAL VENT CONNECTION. The horizontal vent connection shall not be longer than one-half the effective height of the chimney. The vent pipe shall maintain a pitch or rise of ¼ inch per foot of the horizontal run from the equipment to the flue chimney.

Section 7.7
OIL VENT PIPE INTER-CONNECTIONS. Vent pipes from one or more oil-fired space heating appliances may be inter-connected provided that the cross sectional area of the manifold shall be equal to the sum of the cross sectional areas of the vent collar connections of the appliances.

Section 7.8
OTHER VENT PIPE CONNECTIONS. A vent pipe from an oil-fired heating appliance and vent pipes from other appliances, burning the same or other fuels, may be connected into the same chimney through separate openings located at different levels, provided that the operation of any of the equipment is not adversely affected.

Section 7.9
CLEARANCE. The minimum clearance of oil-fired heating units from combustible partitions and materials shall be as set forth in table No. 1, except in the case of equipment especially designed for burning fuel oil and tested in the case of equipment especially designed for burning fuel oil and tested and listed for lesser clearances by a nationally recognized testing laboratory. The clearance to combustible contruction may be reduced as specified in Table No. 2, where the combustible construction is protected in accordance with this table.

ROMULUS CITY ORDINANCE NO. 71-47

(Continued from Page 11)

TABLE 1 TABLE OF CLEARANCES					
	Inches Top	Inches Front	Inches Smoke Pipe	Inches Back	Incl Six
OIL BURNING SYSTEMS					
Domestic warm air furnaces with conversion burners	18	48	18	18	18
Mechanical Warm air furnaces with temperature limit control	6	48	18	6	6
Domestic furnace units (furnace & burner)	18	48	18	18	18
Domestic hot water and steam boilers with conversion burners	6	48	18	6	6
Water heating units	6	48	18	6	6
Stove units	36	48	18	36	36
Range units	36	48	18	24	36
Ceiling type direct fired unit heaters	18	18	18	18	18
Restaurant ranges	36	48	18	18	18

TABLE 2 CLEARANCES WITH SPECIFIED FORMS OF PROTECTION			
Type of Protection applied as illustrated below	Where the required clearance with no protection is:		
	6 Inches Clearance to	9 Inches Clearance to	18 Inches Clearance to
1/4 in. asbestos millboard spaced out 1 in. with non- combustible spacers	3 inches	6 inches	12 inches
26 gauge sheet metal on			
1/4 in. asbestos millboard	2 inches	4 inches	12 inches
1 in. with non-combustible spacers	2 inches	4 inches	9 inches

Section 7.10. CONVERTED FURNACES AND BOILERS. Where oil burners are installed in furnaces originally designed for solid fuel, the ash door of the furnace shall be removed or bottom ventilation otherwise provided to prevent the accumulation of vapors in the ash pit, unless the burner is of a type which mechanically purges the ash pit. Boilers and furnaces in which oil burners are installed shall be connected to flues having sufficient draft at all times to assure safe operation of the burner. Smoke pipe dampers, if any, shall be removed or locked in the desired position. All check drafts must be closed at all times.

Section 7.11. HORIZONTAL SUSPENDED FURNACES OR ATTIC FURNACES. The space in which any attic furnace is installed shall be accessible by an opening and passageway as large as the largest piece of the furnace, but not less than thirty inches by thirty inches (30" x 30") and shall be continuous from the opening to the furnace control and valves. The opening to the passageway shall be located not more than twenty (20') feet from the furnace. An electric light shall be provided at or near the furnace location, controlled by a switch located ahead of the passage opening. Every passageway shall have solid continuous flooring not less than twenty-four (24") inches wide from the entrance opening to the furnace. A ladder permanently fastened to the building shall be provided leading to the attic opening.

Section 7.12. POSTING DIAGRAMS. Contractors installing industrial oil burner systems shall furnish diagrams showing the main oil lines and controlling valves, one of which shall be posted near the oil burner equipment and another at some point which will be accessible in case of fire at the burners.

Section 7.13. ROOM THERMOSTATS. Room thermostats when required shall be approved type.

Section 7.14. FLOOR FURNACES. Oil-fired floor furnaces shall be specifically approved by the Department for services in direct contact with combustible floors in which they may be installed.

(A) COMBUSTION AIR. Fixed ventilation by means of a duct or grille arranged to supply air from a permanently ventilated attic or underfloor space, shall be provided to any confined space which encloses the floor furnace. The duct or grille shall be screened and have a free area at least twice the free area of the vent collar of the floor furnace or one (1) sq. inch per 1000 B.T.U. per hour of oil output, whichever is the greater, and shall be installed in such a manner as to insure proper combustion.

(B) PLACEMENT. The following are requirements that will serve in properly placing the furnace or furnaces to serve one story:

1. No floor furnace shall be installed in the floor of any aisle, or passageway of any auditorium, public hall, or place of assembly, or in an exitway from any such room or space.
2. Walls and corners - With the exception of wall-register models, a floor furnace shall not be placed closer than six (6) inches to the nearest wall and wall-register models shall not be placed closer than six (6) inches to a corner.
3. Draperies - The furnace shall be so placed that a door, drapery, or similar object cannot be nearer than twelve (12) inches to any portion of the register of the furnace.
4. Central Location - Generally speaking, the more central the location, the better, favoring slightly the sides exposed to the prevailing winter winds.

(C) BRACING. The floor around the furnace shall be braced and headed with a framework of material and manner required by the building code of the City of Romulus.

(D) SUPPORT. Means shall be provided to support the furnace when the floor grille is removed.

(E) CLEARANCE. The lowest portion of the floor furnace shall have at least a six (6) inch clearance from the general ground level, except that where the lower six (6) inch portion of the floor furnace is sealed by the manufacturer to prevent entrance of water, the clearance may be reduced to not less than two (2) inches. When these clearances are not present, the ground below and to the sides shall be excavated to form a "basinlike" pit under the furnace so that the required clearance is provided beneath the lowest portion of the furnace. A twelve (12) inch clearance shall be provided on all sides except the control side, which shall have an eighteen (18) inch clearance.

(F) ACCESS. Provisions shall be made for an access door to the floor furnace by means of an opening in the foundation wall of at least 40 by 30 inches or a trap door of at least 40 by 30 inches, located at some convenient point, and a clear and unobstructed passageway to the floor furnace of at least 30 inches high by 30 inches wide.

(G) SEEPAGE PAN. Whenever the excavation exceeds twelve (12) inches or water seepage is likely, a pit made of concrete, water proof, not less than 3-1/4 inches thick and extending four (4) inches above the grade level shall be used. The pit shall be not less than 6 feet by 6 feet inside dimension, with at least 2 1/2 foot clearance on the control side and clearance on all other sides not less than six (6) inches.

(H) WIND PROTECTION. Floor furnaces shall be protected, where necessary, against severe wind conditions.

(I) REGISTERS. Registers shall not be covered with combustible materials and the floor immediately surrounding the furnace shall be reasonably level.

(J) INSTALLATION. All floor furnaces, including those having single or dual wall register outlets shall be installed as approved without alterations, extensions or changes of any kind (in the furnace).

ARTICLE 8
FUEL OIL STORAGE TANKS
PIPING AND FUEL OIL DRUMS

Section 8.1 GENERAL. Piping shall be rigidly secured in place and protected from injury in a workmanlike manner, and where necessary, shall be protected against corrosion. Where practical, oil piping shall be buried underground or in a concrete floor or placed in a metal

covered pipe wrench. Piping shall not be set in cinders, slag or similar materials.

Section 8.2 PIPE MATERIALS. Standard full weight wrought iron, galvanized iron, steel or brass pipe, or approved brass or copper tubing shall be used throughout. Underground piping shall be galvanized or equivalent.

Section 8.3 PIPE SIZE. Pipe used in the installation of domestic type burners shall not be smaller than three-eighths inch iron pipe size; pipe used in the installation of industrial type burners shall not be smaller than one-half inch iron pipe size. Suction lines for equipment burning grades No. 5 and 6 oil shall not be less than one and one-half inch iron pipe size to within 30 inches of the pump or burner. Copper or brass tubing used in the installation of domestic type burners where the oil flows by gravity from the tanks to the burners shall not be smaller in size than three-eighths inch outside diameter, forty-nine thousandths inch wall thickness tubing. For other than domestic installations such copper or brass tubing shall not be smaller in size than three-eighths inch inside diameter, forty-nine thousandths inch wall thickness tubing. For industrial type burners such copper or brass tubing shall not be smaller in size than the equivalent of the iron pipe size mentioned above, with wall thickness not less than forty-nine thousandths inch.

Section 8.4 JOINTS AND UNIONS. Unions shall be ground joint type conical seating with faces of metal. Flanged or packed joints shall not be used. Compression fittings shall not be permitted for joints made on copper tubing. Soldered joints shall not be permitted, all threaded joints shall be made with litharge and glycerine, shellac or other approved compound free from leaks and made up so as to form an adequate joint. Proper allowance shall be made for expansion, contraction, jarring and vibration. Pipe lines, other than tubing, connected to underground tanks, except fill lines and test wells, shall be provided with double swing joints arranged to permit the tank to settle without impairing the efficiency of the pipe connections.

Section 8.5. VALVE CONSTRUCTION. Valves shall be constructed so that the steam cannot be withdrawn by continual operation of hand wheel. The packing gland shall be provided with a separate shouldered unthreaded follower having a beveled contact space for compression of the packing.

Section 8.6. STRAINERS. Oil supply lines to burners shall be provided with approved strainers.

Section 8.7. VALVE INSTALLATION. Valves of approved type shall be installed in oil supply lines at each tank and within six (6) inches of each burner.

Section 8.8. STORAGE TANKS. Oil storage tanks on the inside of any building, shall be located in the lowest story, cellar or basement. Total above-ground storage, either inside or outside of any building, on any premises shall be limited to 550 gallons, but not more than 275 gallons shall be permitted in any one storage tank. On multiple tank installations, approved type check valves shall be provided to prevent cross flow between tanks. Design of check valves that are acceptable will include ball check valves, verticle life check valves and swing check valves, that when in a closed position the angle shall be no less than 45 degrees from the vertical. The fill pipe on multiple installations shall be so arranged that both tanks will fill equally and the vent pipe shall extend well above cross connections between tanks to prevent air binding when filling and shall meet the requirements of this Ordinance.

Section 8.9 TANK CONSTRUCTION. Tanks shall be constructed of galvanized iron or basis open hearth steel or wrought iron, not less than 14 gauge or other material of equal strength and durability. All joints shall be welded or riveted. The tanks shall be reinforced with a welded or riveted pad or flange where connections are made. All tanks shall be made tight and tested at five (5) pounds air pressure and with soapy water without showing leaks.

Section 8.10. TANK SUPPORT. Tanks shall have rigid and incombustible supports to prevent settling than five (5) feet, measured horizontally, from any fire or flame, and shall be placed on an incombustible floor. Storage and auxiliary tanks shall be securely supported by substantial incombustible supports to prevent settling or sliding.

Section 8.11. TANK GAUGE. Each tank shall be provided with an approved type gauging device so tht the fuel oil content of the tank may be determined at all times. Glass gauging devices, or any others, the breaking or derangement of which would permit the escape of oil, shall not be used.

Section 8.12. AIR PRESSURE. Fuel oil shall not be forced from storage tanks by positive air pressure.

Section 8.13. FILLING UNDERGROUND TANKS. Underground tanks and storage tanks inside buildings shall be filled only through fill pipes terminating outside of buildings at a point at least two (2) feet from any building opening at the same or lower level. Fill terminals shall be closed tight, when not in use, by metal cover designed to prevent tampering. The fill pipe for such tank or tanks shall be iron or steel not less than 1-1/2 inches in diameter.

Section 8.14. TANK VENT PIPES. All storage tanks for fuel oil shall be provided with a vent pipe not less than one-half the diameter of the fill pipe opening and in no case less than 1-1/2 iron size in diameter.

Section 8.15. VENT PIPE CONNECTION. The vent pipe from two 275 gallon tanks may be connected to one upright, provided that they be connected to a point at least three (3) inches above the lowest horizontal run of fill pipe. Vent pipes shall not be cross-connected with fill pipes or return lines from burners.

Section 8.16. PIPE LOCATION. Fill and vent pipes shall not be run through windows or coal chutes unless such openings are totally enclosed, with non-combustible materials.

Section 8.17. LOCATION OF UNDERGROUND TANK. Except as otherwise permitted in this Ordinance the storage of fuel oil in excess of 550 gallons shall be outside of any building in underground tanks. Tanks located underground shall be placed in a position so that the top of the tank is at least two (2) feet below the surface of the ground and below the level of the lowest pipe leading into the building, provided, that tanks under driveways shall be protected by suitable reinforced concrete slabs. Tanks may be buried sixteen (16) inches below grade, with a cover of one (1) foot of earth and a reinforced concrete slab of not less than four (4) inches of thickness. The slab shall be set on a firm well tamped earth foundation and shall extend at least one (1) foot beyond the tank in all directions.

Section 8.18 TANKS UNDER BUILDING. Tanks may be permitted underneath a building if buried at least two (2) feet below the lowest floor, or may be placed sixteen (16) inches below the lowest floor and covered with twelve (12) inches of earth and four (4) inches of reinforced concrete.

Section 8.19. VALUTED STORAGE. Where it is impracticable to bury tanks, the Department may allow them to be installed inside a building when completely encased in six (6) inches of reinforced concrete and six (6) inches of sand. Access openings in the top of such enclosures may be permitted upon specific approval of the Department. Storage in such installations shall not exceed 5,000 gallons for any one premise. Underground tanks shall not be located within two (2) feet of a private property line or a basement or pit lower than the top of such tanks, unless such tank is completely encased in six (6) inches of concrete of a tone, three and five mixture.

Section 8.20. ANCHORING OF UNDERGROUND TANKS. Where necessary to prevent floating of underground tanks, they shall be securely anchored or weighed.

Section 8.21 GUAGE FOR TANKS UNDER BUILDINGS. Measuring devices on tanks beneath buildings and previously described encased tanks shall be of an approved wall gauge type. Gauge stock openings located inside any building are expressly prohibited.

Section 8.22. CLEAN-OUT CONNECTION. Tanks underground and vaulted tanks shall be provided with a

clean-out connection, which shall be not less than 3/4 inch pipe, extending within 1 1/2 inches from the bottom of the tank to outside the building. This connection shall be properly capped.

Section 8.23. GRAVITY FLOW. Gravity flow of fuel oil from tank to burner is permitted when each tank does not exceed 275 gallon capacity. Tanks of larger capacity, where permitted, shall discharge oil by suction through top of tank.

Section 8.24. OVERFLOW. Where a pump is installed between the storage and an auxiliary tank, means shall be provided so as to return any surplus oil to the storage tank or other approved means shall be provided to prevent overflow of the auxiliary tank.

Section 8.25. DRUMS. Fuel oil drums as hereinbefore defined shall be of metal of not less than 18 gauge and shall be equipped with a suitable hand pump or approved self-closing faucet. Said fuel oil drums may be stored in any garage, or building on the ground floor only. Fuel oil storage for use with oil-burning space heaters shall be limited to two (2) 55 gallon drums inside of any building, or not more than 275 gallon tank outside of any building, where properly vented and provided with a hand pump. The use of faucets on drums or tanks stored inside of buildings is prohibited.

Section 8.26. TANK MATERIAL. The metal used in all tanks shall be of a minimum gauge, U.S. Standard, depending upon the capacity or size as given in the following table:

Capacity	Thickness of Material	
1	285 gallons	14 gauge
286	560 gallons	12 gauge
561	1,100 gallons	10 gauge
1,101	4,000 gallons	7 gauge
4,001	12,000 gallons	1/2 inch
12,001	20,000 gallons	5-16 inch
20,001	30,000 gallons	3-8 inch

All such tanks shall be welded or riveted, and shall be heavily coated outside with asphaltum or other rust-resisting material. All tanks and underground piping attached thereto shall be tested for leakage and shall be tight at five (5) pounds air pressure. All tanks having a capacity in excess of 275 gallons and all tanks for underground installation shall bear the Underwriters label.

Section 8.27. CONCRETE TANKS. For fuel oil heavier than 35 degrees A.P.I., tanks may be made of concrete in accordance with the standards of the National Board of Fire Underwriters for the construction of concrete fuel oil storage tanks as recommended by the National Fire Protection Association, with special permission of the Department.

Section 8.28. RETURN LINES. Fuel oil return lines shall be provided with a check valve where the return line extends below the top of the tank.

Section 8.29. ABANDONED TANKS. Abandoned fuel oil tanks shall be removed, except that such tanks may be allowed to remain, provided that all fuel oil is removed from the tanks, the gravity draw-off is securely capped or plugged at the tank, the fill pipe is plugged or capped inside the building, with the section extending outside the building removed, and the vent pipe is not altered. Abandoned outside fuel tanks shall be completely filled with water.

ARTICLE 9
GAS BURNER EQUIPMENT AND INSTALLATION

Section 9.1. GENERAL. All gas burners shall consist of factory assembled and tested units. Gas burner units shall be so installed or attached as to prevent twisting, sliding or dropping out of the intended correct position. Burners shall be so installed as to be readily accessible for inspection and cleaning and no part of the flames shall impinge so as to cause incomplete combustion. No baffles shall be applied which will interfere with proper combustion.

Section 9.2. APPROVED LISTS. With the enactment of this Ordinance, a list of gas-fired burners and equipment shall be maintained by this Department which, through the arrangement of parts, suitability of materials, strength of parts, electric or other controls, thermostatic arrangement, reliability of automatic features, positiveness of ignition and possibility of explosion have been found by test or acceptable proof from the American Gas Association, or other nationally recognized laboratory, to be acceptable under the provisions of this Ordinance.

Section 9.3. MANUFACTURER'S NAME PLATE. All gas burners, devices, attachments and accessories, covered by this section, shall bare the manufacturer's identification marking.

Section 9.4. TESTS BY DEPARTMENT. Gas burners and devices, attachments or accessories to gas burners, which can in any way affect combustion or safety shall not be installed until they have been inspected, tested and approved by the Department. This inspection and test shall cover arrangement of parts, suitability of material, strength of parts, electrical control, thermostatic arrangement, reliability of automatic features and positiveness of ignition. Any combination of gas burners, attachments or devices used together in any manner shall meet the requirements which apply to individual pieces of equipment.

Section 9.5. DEVICES AND ATTACHMENTS. No devices or attachments shall be installed on any gas burner which may in any way impair the combustion of the gas.

Section 9.6. ELECTRICAL DEVICES. No device employing or depending upon an electrical current shall be used if of such character that failure of the electrical current could result in the escape of unburned gas or in the failure to reduce the supply of gas under conditions which would normally result in its reduction unless other means are provided to prevent the development of dangerous temperatures, pressures, or the escape of gas. Only approved devices and controls may be used. Electrically operated safety devices shall not depend upon the closing of a circuit to shut off the main gas supply. (This requirement shall not be construed as prohibiting the use of electrical regulating devices provided the required safety devices are also installed.)

Section 9.7
AIR SHUTTERS. Air shutters shall be adjusted to reduce a good flame at the prevailing gas pressure.

Section 9.8
AIR OPENINGS. Secondary air openings shall provide sufficient area to supply an adequate amount of air for complete combustion and if automatically controlled, the construction shall be such that, in case the control fails in any way, either the gas will be shut off or the secondary air door will remain open. Burners shall not expel gas through air openings in mixer faces when operating at prevailing pressures.

Section 9.9
IGNITION. The flames from constant burning pilots and burners, shall freely ignite the gas from adjacent burners when operating at prevailing gas pressure and when the main control valve is regulated to deliver about one-third 1-3 the full gas rate.

Section 9.10
GAS PILOT SUPPLY. Gas pilot supply piping shall be provided with an approved shut-off valve and with an approved properly vented gas pressure regulator

Section 9.11
NEW INSTALLATIONS SHUT OFF VALVE — CONVERSION BURNER SHUT-OFF AND SPACE HEATER SHUT-OFF VALVE. An approved manual main shut-off valve shall be provided on all burner installations except as hereinafter provided, approximately five (5) feet above the floor and approximately two (2) feet to the rear of the face of the furnace where practice ahead of all controls, and a union connection shall be provided downstream from this control valve to permit removal of the controls equipment. A pilot gas supply line shall be installed on the supply side of an approved main burner

shut-off device through an approved fitting and shall be equipped with a shut-off valve and an adjustable pilot gas pressure regulator. Drilling and tapping the fuel line for the purpose of connecting a pilot gas supply line is prohibited. The main shut-off valve on all space heaters shall be as close to the thermostatic valve as possible.

Section 9.12
AIR SUPPLY. When air or oxygen under pressure is used in connection with any gas supply, effective means shall be provided to prevent the air of oxygen from going back into the gas piping. Power burners (gas-air mixture furnished by a power blower) shall be equipped with an air interlock control that will shut off the gas supply to the burner in the event of failure of the air supply to the burner (controls actuated by failure of power supply to the blower motor do not meet this requirement)

Section 9.13
SAFETY PILOT. All gas-fired boilers, furnaces, or other devices for space heating a building hereafter installed and all boilers or furnaces designed for other fuels hereafter converted shall employ an automatic safety pilot so constructed and adjusted that no gas can flow through the main burner unless the pilot is burning or some other type of safety device serving the same purpose.

Section 9.14
PILOT BURNER. Pilot burners shall be supported in such manner that their position relative to the main burner or burners shall be fixed. Pilot burners shall be so positioned as to be safely lighted and readily accessible for inspection, cleaning or replacing. Automatic safety pilots of gas burners having an hourly input of less than 400,000 BTU shall be so adjusted that the main gas supply will be shut off within three (3) minutes after the pilot flame has been extinguished. Gas burners having an hourly input of 400,000 BTU or more shall be provided with a flame rod or other approved instantaneous type safety pilot which will shut off the main gas supply within ten (10) seconds of pilot flame failure; except that gas designed sectional cast iron boilers will be accepted when provided with approved type safety pilot, which shuts off the main gas supply within seventy-five (75) seconds of pilot flame failure. Pilot flames shall be so adjusted as to effectively ignite the gas in the main burner or burners, shall be adequately protected from drafts and shall not become extinguished when main burner or burners are turned on or off in normal manner. All pilots shall be so adjusted as to prevent carbon deposits.

Section 9.15
TEMPERATURE LIMIT DEVICE. All warm air furnaces shall be equipped with an approved high temperature limit device and set not to exceed 300 degrees Fahrenheit for Gravity Air Systems and not to exceed 200 degrees Fahrenheit for mechanical air distribution. All hot water boilers shall be equipped with an approved high water temperature limiting device and the steam boilers shall be equipped with approved pressure limiting devices and approved low-water cut-off. Limbing devices on water and steam boilers shall be set so as not to exceed the limitations as specified by the regulations of the American Society of Mechanical Engineers. These limiting devices shall be in addition to operating controls.

Section 9.16
PRESSURE REGULATORS. An approved gas pressure regulator of sufficient size shall be installed in the gas line leading to the gas burner. An additional approved adjustable gas pressure regulator shall be installed in the gas pilot supply line.

Section 9.17
PRESSURE REGULATOR. — VENTS. All gas pressure regulators or diaphragm control valves, used with space heating equipment shall be vented to a constant burning pilot so that any gas leaking to the atmospheric side of the regulator control valves will be carried to and ignited by the pilot or an approved venting device shall be used. On burners where no constant burning pilot is provided, the gas pressure regulator or diaphragm control valve shall be vented to the smoke pipe on the chimney side of the draft diverter or directly to the outside atmosphere.

Section 9.18
COMBUSTION CHAMBER. The combustion chamber and all of its passages shall be gas tight.

Section 9.19
FUEL DOOR. The fuel door of a converted appliance shall be arranged to relieve pressure due to puffs or back-fire caused by delayed ignition or other causes and shall be provided with an approved self-closing device.

Section 9.20
VENTING. Every gas-fired boiler, furnace or other space heating device shall be effectively vented to the outside atmosphere.

Section 9.21
DAMPERS. Where dampers are an integral part of the equipment they shall be removed or permanently secured in the wide open position, except such dampers as may be used to alter the passage of flue gasses through the equipment, which will be locked in such a position as not to interfere with the safe operation of the burner.

Section 9.22
FLUES. Every gas-fired boiler, furnace or other nonportable space heating device shall be connected to a flue.

Section 9.23
VENTILATION. No gas burner shall be installed in a room in which the facilities for ventilation do not permit the proper combustion of gas.

Section 9.24
LOCATION. All gas burners shall be located so that they will be readily accessible for operation, repair and adjustment and for maximum safety. Gas burners shall be installed so that their continued operation will not raise the temperature of surrounding combustible materials or construction more than 90 degrees Fahrenheit above normal room temperature.

Section 9.25
INSTALLATION. Equipment when closed basis, in which no provision is made for the circulation of air below the burner boxes or combustion chambers shall be properly insulated from combustible floors.

Section 9.26
CLEARANCE. The minimum clearance of gas-fired heating units from combustible partitions and materials shall be as set forth in Table No. 4, except, in the case of equipment especially designed for burning gas and tested and listed for lesser clearances by a nationally recognized testing laboratory.

Table No. 4 Clearances for Gas-Fired Equipment						
Appliance	Top	Front	Flue Box	Vent Pipe	Back	Side
Domestic gas conversion burners	18 in.	18 in.	6 in.	9 in.	18 in.	18 in.
Hot water and steam boilers with conversion burners	6 in.	18 in.	6 in.	9 in.	6 in.	6 in.
Mechanical warm air furnaces with temperature limit control	6 in.	18 in.	6 in.	9 in.	6 in.	6 in.
Domestic warm air furnace units	6 in.	18 in.	6 in.	6 in.	6 in.	6 in.
Space heaters	36 in.	18 in.	2 in.	6 in.	6 in.	6 in.
Wall heaters	0 in.	48 in.	0 in.	6 in.	0 in.	0 in.
Direct fired ceiling units	6 in.	48 in.	6 in.	6 in.	6 in.	6 in.

Section 9.27
HORIZONTAL SUSPENDED FURNACES OR ATTIC FURNACES.

Section 9.28
INSTRUCTIONS. The customer shall be thoroughly instructed by the vendor or his agent as to proper and safe operations of the gas burner before it is placed in continuous service and suitable printed instructions shall be supplied by the vendor or his agent and prominently displayed near the gas burner.

ROMULUS CITY ORDINANCE NO. 71-47

(Continued from Page 12)

ARTICLE X INSTALLATION GAS BURNING EQUIPMENT (Piping Valves and Fittings)

Section 10.1. MATERIAL. Standard full weight wrought iron or steel pipe free from defects shall be used in conveying gas inside of buildings. Approved seamless drawn, well annealed copper, brass or other approved non-ferrous tubing with approved fittings may be used for permanent connections to stationary gas burners but no soldered joints may be used. All fittings for wrought iron or steel pipe (except stop-cocks or valves) shall be of best quality malleable iron or steel. Threads shall be in accordance with the American Pipe Thread Standard. Piping is prohibited to be set in cinders, slag, or similar materials.

Section 10.2. CORROSIVE CONDITIONS. Where necessary, due to corrosive conditions, piping shall be suitably coated.

Section 10.3. DEFECTIVE PIPING. Defective piping or fittings shall be removed and replaced with sound material.

Section 10.4. USED PIPING. Second hand pipe or fittings shall not be used.

Section 10.5. PIPING INSTALLATION. Piping shall be installed so that it is not subject to unnecessary strain and shall be securely and rigidly fastened.

Section 10.6. CROSSING OF JOINTS OR BEAMS. In running pipe, it is necessary to cross wood joints or beams, the joists or beams shall not be notched, except by special permission of the Department.

Section 10.7. SLOPE OF PIPING. All horizontal piping shall be graded not less than 1/4 inch to 15 feet to prevent traps and shall drain to the risers and from the risers to the meter unless the framing of the structure prevents such; Provided, however, that this shall not permit any violations of the provisions of the Ordinance governing the crossing of joists and beams.

Section 10.8. DRIP. A drip, in which liquid condensate may collect and be removed shall be provided at any point in the line of pipe where condensation would collect. Drips shall not be located where the condensation will be subjected to temperature below 32 degrees Fahrenheit. Drips shall be installed only in such locations that the outlet of the drip will be readily accessible for emptying and cleaning. The size of any drip used shall be determined by the capacity and exposure of the piping which drains to it.

Section 10.9. CLEAN OUT OPENING. The lower end of a vertical supply line, if accessible, shall be equipped with a tee (or cross) having a full-sized plugged opening looking down to permit access for removing stoppages.

Section 10.10. BRANCH PIPING. All branches shall be taken from the top or side of horizontal piping.

Section 10.11. OUTLETS. Each outlet shall be securely closed gas tight with a threaded iron plug or cap immediately after installation and shall be left so closed until an appliance is installed thereon. In no case shall the outlet be closed with lead caps or lead plugs.

Section 10.12. GAS SUPPLY. Gas for space heating units shall be supplied by an independent gas line of sufficient size, direct from the meter, to furnish adequate supply to the burners without excessive pressure drop.

Section 10.13. CONCEALED PIPING. Gas piping may be concealed in walls, ceilings or floors only after inspection and approval by the Department (before gas is turned on). All gas piping which is to be concealed for more than one foot of its length shall be tested in the presence of an inspector with a five-pound air pressure, and joints and seams shall be checked with soap and water. Piping shall hold this five-pound pressure without dropping pressure for 15 minutes. No gas piping shall be installed in chimneys, flues, ventilating shafts or ducts and elevator shafts.

Section 10.14. CONCEALED FITTINGS. Unions, running threads right and left couplings, bushings and swing joints made of a combination of fittings shall not be concealed. Copper tubing shall not be concealed in the walls. Flared or compression fittings shall not be concealed.

Section 10.15. PIPING IN FLOORS. Piping in solid floors such as concrete shall be laid in channels in the floor, suitably covered to permit access to the piping with a minimum of damage to the building. Piping in contact with earth or other materials which may corrode shall be protected against corrosion in an approved manner. Piping shall not be laid in cinders.

Section 10.16. UNIONS. Only ground joint unions or other approved fittings shall be used in gas piping.

Section 10.17. VALVES AND COCKS. Valves and cocks used in connection with gas piping shall be of types approved for such use. Valves and cocks shall be of such design as to clearly indicate the "on" and "off" positions or directions of rotation to "Open" and "close." Valves shall be constructed so that the stems cannot be withdrawn by continuous operation of the hand wheel.

SECTION XI

VENTING, CHIMNEY AND FLUES

Section 11.1 GENERAL. All oil burning equipment and all gas burning equipment except gas burning equipment approved by the Department for unvented operation shall be effectively vented to the outside atmosphere through an approved vent connector connected to an approved chimney or flue.

Section 11.2 CLEANING. Whenever the type of fuel for heating equipment is changed, the flue shall be cleaned from the base of the chimney to the point the vent enters the chimney, and the remainder of the flue shall be clear so as to properly conduct the products of combustion to the outside atmosphere. Cleanouts or other approved devices shall be provided at the base of all chimneys to enable the flues to be maintained clean.

Section 11.3 BURNERS CONVERTED TO GAS. In case of conversion burners the section of the vent pipe between the outlet of the equipment and the chimney shall be full size as the flue collar of the appliance and in no case less than one (1) square inch per 6,500 BTU hourly input. Where the outlet from the equipment is larger than the above indicated size, an orifice plate or other approved restricted section may be inserted.

Section 11.4. DAMPERS. No adjustable dampers in the flue pipe shall be permitted.

Section 11.5. DRAFT DIVERTERS FOR GAS BURNING EQUIPMENT. A draft hood or diverter of approved design or its approved equivalent shall be placed in and made a part of the flue pipe from the equipment, or in the equipment itself. Such device shall be designed to (1) insure the ready escape of the products of combustion in the event of no draft, back draft or stoppage beyond the equipment, (2) prevent a back draft from entering the equipment, and (3) neutralize the effect of stack action of the flue upon the operation of the burner and shall otherwise comply with the requirements hereinafter specified for such devices and their installation. The draft hood or diverter shall be located at a point not lower than the top of the highest flue passage. The draft hood or diverter shall be located at least one (1) foot higher than the top of the highest flue passage for equipment of the reversible (down draft furnace) flue type and all boilers or furnaces of this type not specifically designed for the use of gas fuel shall be so altered or equipped as to prevent accumulation of gas in any part thereof.

Section 11.6. CHIMNEY FLUES AND PIPES IN GENERAL. Chimney flues and flue pipes shall freely conduct the flue gases to the outside atmosphere. Before making a vent connection the chimney or flue shall be examined to assure that it is properly constructed in

accordance with the requirements of the Official Building Code of the City.

Section 11.7 TYPE A FLUES — WHERE REQUIRED. Type "A" flues (lined chimneys of masonry or reinforced concrete or metal smoke stacks) are required for (1) all space heating equipment which may be converted to the use of solid or liquid fuel; (2) all boilers and furnaces. The above provisions shall apply except where special approval is granted by the Department for the use of Type "B" venting piping.

Section 11.8. MARKING OF CHIMNEYS OR FLUES. Chimneys or flues installed for use of gas-fired space heating equipment but which are not suitable for solid or liquid fuels must be plainly and permanently marked "This flue is for the use of gas burning appliances only". Such marking or label shall be placed at a point near where the vent pipe enters the chimney, or with Type "B" vent piping used in places of a chimney, where the Type "B" vent piping enters a wall, floor, or ceiling.

Section 11.9. TYPE "B" FLUES. Type B flues shall be used only with approved gas-fired equipment which is not required to be vented to Type "A" flues, and which produces the flue gas temperatures not to exceed of 500 degrees Fahrenheit at the outlet of the draft hood when burning gas at the maximum permissible manufacturer's input rating.

Section 11.10. UNDERWRITER'S TYPE "B" FLUE. A Type "B" flue may be one listed for gas appliance by Underwriter's Laboratory, Inc., or an equivalent flue tested in a like manner by other nationally recognized testing laboratories.

Section 11.11. OTHER TYPE "B" flues which may be used only with equipment not required to be connected to a Type "A" flue shall be constructed and installed as follows:

(a) Type B flue for gas only. A Type B flue may be of double construction with at least one (1) inch clearance at all points between the inner lining and the outer casing. The inner lining shall be made of standard iron or steel pipe with threaded joints; or transit pipe with cemented joints; or U.S. 20 gauge galvanized metal, or U.S. 24 gauge copper with gas-tight joints, secured with at least two (2) metal screws in each joint. The inner lining shall be sealed at the bottom and fitted with a suitable condensate trap. The outer casing shall be made of iron or steel pipe, cast iron, transit pipe, or of galvanized sheet metal not less than U.S. 24 gauge, or of sheet copper not less than U.S. 24 gauge. The required clearance between the lining and casing shall be maintained by means of suitable permanent metal spacers which will not materially restrict the circulation of air. A flue so constructed shall extend at least two (2) inches below the finished ceiling line and sufficiently high to provide adequate venting (at least three (3) feet above the finished roof line) and shall be equipped with a suitable weather cap or an approved exhaust. The cross sectional area of the inner lining of such flues shall be at least twenty (20) square inches with no dimension less than five (5) inches except where special approval is given by the Department. A minimum clearance of one (1) inch shall be maintained by the outer casing of such flue and any combustible material.

(b) Type B Flue for gas only. (alternate). A Type B flue may be of double construction with at least two (2) inches clearance at all points between the inner lining and the outer casing. The inner lining shall be made of galvanized sheet metal of not less than U.S. 20 gauge or of copper of not less than U.S. 24 gauge with tight fitting joints secured with at least two (2) metal screws in each joint. Joints in the outer casing shall be fabricated with the crimped portion extending downward inside the next lower section. The annular space between the lining and the casing shall be filled with the crimped portion extending upward inside the next higher section. The annular space between the lining and the casing shall be filled with mineral wool or other noncombustible insulating material and the ends of the space shall be sealed with tight fitting metal washers or collars same material as used to construct the inner lining. The washer or collar on the weather and shall be so fitted as to effectively prevent water or moisture from entering the insulated filled space. A flue so constructed shall extend at least two (2) inches below the finished ceiling line and sufficiently high to provide adequate venting (at least three (3) feet above the finished roof line), shall be equipped with a suitable weather cap or approved exhaust and sealed at the bottom and fitted with a suitable condensate trap. The cross sectional area of the inner lining of such flues shall be at least twenty (20) square inches with no dimension less than five (5) inches, except where special approval is given by the Department. A minimum clearance of one (1) inch shall be maintained between the outer casing and such flue and any combustible material.

Section 11.12. OTHER PREFABRICATED FLUES. Other patented prefabricated flues may be used provided such flues have been specifically approved by the Department for such use. Such approved vent flues must bear the trademark of the manufacturer and must be installed in strict compliance with the manufacturer's specifications.

Section 11.13. TERMINATION OF FLUES. Type B or other patented prefabricated flues shall not be terminated on an exterior wall, except upon special approval of the Department.

Section 11.14. CLEARANCE. Clearance from vent pipe to combustible material shall be in accordance with Table No. 3. The clearance from metal flue or vent connectors to combustible construction may be reduced as specified in Table No. 2, where the combustible construction is protected in accordance with this table. Clearance from combustible material to gas-fired space heating unit vent piping shall be such that continued operation of the equipment will not raise the temperature of surrounding combustible materials or construction more than 90 degrees Fahrenheit above normal room temperatures.

TABLE 3
FLUE OR VENT CLEARANCE FOR LISTED APPLIANCES

Appliances	Metal Flue or Vent Connectors	Minimum Distance From Combustible Construction Type B Flue or Vent Connectors
Boiler.....	6 inches	1 inch
Warm Air Furnace.....	6 inches	1 inch
Water Heater.....	6 inches	1 inch
Room Heater.....	6 inches	1 inch
Incinerator.....	18 inches	Not Permitted

Except as otherwise specified in the listing by a nationally recognized testing agency.

Section 11.15. CHIMNEYS ENTRANCE. The vent pipe shall enter the chimney or flue lining to its inner face but not beyond and shall be so cemented to the chimney wall. In entering the chimney or flue the connection shall be made at least six (6) inches above the extreme bottom.

Section 11.16. VENT CONNECTION. The vent connection shall not be smaller than the size indicated by the vent collar on the space heating unit.

Section 11.17. HORIZONTAL VENT CONNECTION. The horizontal vent connection shall not be longer than one-half the effective height of the chimney. The vent pipe shall maintain a pitch or rise of 1/4 inch per foot of the horizontal run from the equipment to the flue or chimney.

Section 11.18. EXPOSED CONNECTION. The exposed connection between a gas-fired appliance and flue or chimney shall be made with sheet metal of at least U.S. 24 gauge or other approved durable incombustible material. In the case of floor furnaces, such vent shall be constructed of asbestos cement pipe with cemented joints or material of equal insulating value. Such vent pipe shall not pass into or through any floor, ceiling, roof, or exterior wall but may pass through interior partitions if properly protected by a metal thimble with a one (1) inch air space on all sides.

Section 11.19. VENT PIPE INSTALLATION. The vent pipe shall be so installed as to avoid sharp turns or other constructive features which would create excess resistance to flow of the gaseous products.

Section 11.20. VENT PIPE CONNECTIONS. Vent pipe from one or more gas-fired space heating appliances may be interconnected provided that the cross sectional area of the manifold shall be equal to the sum of the cross sectional areas of the vent collar connections of the appliance. Vents from a gas-fired heating appliance shall not be interconnected with a vent pipe from an appliance burning other fuels or designed for other uses except with the specific approval of the Department.

Section 11.21. CHIMNEY CONNECTIONS. A vent pipe from gas-fired heating appliance and vent pipes from other appliances, burning the same or other fuels, may be connected into the same chimney through separate openings located at different levels, provided that the operation of any of the equipment is not adversely affected.

Section 11.22. VENT PIPE MATERIAL. The material used for vent pipes shall be new and shall be such as to resist the corrosive action or flue gases and condensate. The vent pipe shall be rigidly and securely installed. When flue pipes are rusted and burned out, they shall be replaced by new pipe.

Section 11.23. METAL SMOKEPIPER—OIL BURNERS. Where metal smoke pipes of twelve (12) inches or less in diameter pass through wood or plastered stud partition, they shall be surrounded either by a body of brick, hollow tile, or other incombustible fireproof material of a thickness of at least four (4) inches around such smoke pipes; or they shall be surrounded by a sheet metal thimble of two (2) concentric rings at least two (2) inches apart, and the entire thimble so constructed that there will be a free circulation of air between the two rings forming the same Smoke pipes of a diameter of six (6) inches or less may have thimbles with one (1) inch air space. Where a new smoke pipe is installed it shall be lock-seamed or riveted, with all joints lapped not less than one and one-half (1 1/2) inches and rigidly secured, and shall have proper thimble for making tight connection to chimney flue.

SECTION XII SAFETY PRECAUTIONS

Section 12.1. GENERAL. Gas fittings, gas burner installation and repair work shall be done with the gas turned off. At least two (2) men shall work in any situation where the nature of the work is such as to otherwise expose any person or property to danger.

Section 12.2. MATCHES AND SMOKING. No matches, candles, or other sources of ignition shall be used when working on piping or equipment filled with gas, or in searching for leaks. Workmen or helpers shall not smoke while connecting or disconnecting gas filled piping or equipment nor shall others be permitted to smoke while in the room with or near such work.

Section 12.3. ARTIFICIAL LIGHTS. Artificial lighting for use in connection with searching for leaks or work in gaseous atmosphere shall be restricted to approved electric hand flashlights or other electric lights controlled only by switches located outside the gassy area. Every workman shall be equipped with an approved electric hand flashlight.

Section 12.4. INFLAMMABLE LIQUIDS. Alcohol, gasoline and other inflammable liquids, including the liquid which is removed from meters or from drips in gas piping shall be handled with the proper precautions and shall not be left by the workmen on the premises of the customers.

Section 12.5 FITTER'S EQUIPMENT. Fitter's torches or furnaces (including blow torches) shall not be left within the customer's premises from the end of one working day to the beginning of the next.

Section 12.6 GAS SUPPLY SYSTEM. No workmen, unless in the employ of the Gas Company, shall repair, alter or open the service pipe or service extension, or set or remove the service meter, or do any other work on the parts of the gas supply system up to and including the meter. Only employees of the Gas Company shall be permitted to turn the gas on at a service cock or curb cock or at any other cock which controls the supply of gas to more than one customer.

Section 12.7 BLOWING AIR FROM PIPES. After installation is completed and before leaving the premises, all air must be blown from piping and appliances and all pilot burners must be lighted and properly adjusted. When purging pipes supply equipment which has burners enclosed in spaces wherein gas may collect the air shall be blown from an opening outside the enclosure, such as the end of the manifold.

Section 12.8 PIPE CHECK. Before turning gas under pressure into any piping, the installer shall assure himself that there are no openings from which gas can escape.

Section 12.9 TURNING GAS OFF AND ON. (a) When necessary to turn gas off, a workman shall use the meter cock, or a line cock which affects any part of the piping of a single customer. Before gas is shut off from any line or piping, all users or their responsible representatives whose service is affected shall (except in emergencies) be advised that the gas is to be shut off and instructed to shut off all appliance cocks and not to open any of them until notified that service has been restored. (b) If a meter cock is found shut off, unless the workman himself has shut it off or knows that it was shut off by the customer to prevent leakage, and the cause of the leakage has been repaired by the workman, he shall not turn the gas on. (c) A workman shall not turn gas on at a meter or a line cock if piping, equipment or meters are known to leak or to be defective. (d) No workman or any other person shall turn gas on at a meter cock or a line cock after same has been ordered turned off by the Department or the Gas Company without specific permission from the agency that turned the gas off. (e) Gas shall not be turned on at either a line cock or a meter cock unless gas burning equipment is connected to the piping system supplied.

Section 12.10 DUTY OF WORKMAN. It shall be the duty of any workman to turn the gas off from any equipment, pipe, or piping system and regardless of the wishes of the user thereof to leave the gas turned off until the cause for interrupting the supply has been removed in any of the following cases:

(a) If ordered to do so by the Department.
(b) If any leakage of gas is noted.
(c) If there is any condition which threatens interruption of gas supply which may cause burner flame to be extinguished or otherwise prove dangerous.
(d) If an installation is found of some gas-fired equipment of such as to cause a serious personal or property hazard.

Section 12.11. FIRE EXTINGUISHER. Heating equipment installations in all multiple dwellings with central heat, commercial establishments of any kind or description where the public congregates or persons are permitted to be present on invitation or otherwise, shall have accessible in the furnace room for immediate and convenient use in emergency, a fire extinguisher of at least 2-1/2 gallons capacity, approved by the National Board of Fire Underwriters, and which shall be of foam type or its equivalent, provided further, that in case of great hazard or danger to the public, the Chief of the Fire Department of the City may, in writing, require further or additional fire extinguishing apparatus in order to safeguard public property and life.

ARTICLE XIII UNLAWFUL ACTS

Section 13.1 INSTALLATION OR ALTERATION WITHOUT PERMIT. It shall be unlawful for any person to install or alter any oil fed or gas fed heating equipment covered by this Ordinance in the City, except as herein provided, without a permit from the Department.

Section 13.2 INSTALLATION, ALTERATION OR SERVICE WITHOUT LICENSE. It shall be unlawful in the City for any person to engage in the business of installing, altering or servicing or contracting to install,

alter or service any heating equipment covered by this Ordinance, or parts or accessories thereof or appurtenances thereto, without first having filed an application with the Department or having obtained a license thereof provided in this Ordinance.

Section 13.3 PLUMBER'S LICENSE. It shall be unlawful for any licensee under this Ordinance to install, alter or service any plumbing, including domestic water heating equipment as defined by the plumbing law of the State of Michigan and the Building Code of the City unless such licensee is also registered as a Master plumber under the plumbing laws of the State of Michigan and is also registered under the provisions of the Plumbing Code of the Township.

Section 13.4. USE OF NAME. It shall be unlawful for any person who has procured a contractor's license to permit the use of his or its name by any other person, directly or indirectly for the purpose of obtaining a permit to do any installation, alteration, or servicing upon any heating equipment in the City.

Section 13.5 USE OF CONDEMNED EQUIPMENT PROHIBITED. It shall be unlawful for any person having control or management of any condemned unit or part thereof to use or permit to be used such unit or part thereof until the condition shall have been remedied and the unit or part thereof has been put in a safe condition and has been approved as such by the Department under the provisions of this Ordinance unless a licensed contractor has placed special equipment in operation in accordance with this Ordinance.

Section 13.6 TERMINATION OF LICENSE. When a license has been issued to an applicant based on the qualifications of a legal employee, and the active services of such employee with the applicant have been terminated, it shall be unlawful for the said licensee to engage in any of the operations covered by this Ordinance until the said licensee is again qualified in accordance with the provisions thereof.

Section 13.7 USE OF HEATING EQUIPMENT. It shall be unlawful for any person having control or management of any building or structure to use or permit to be used any heating equipment which has been installed, altered or serviced subsequent to the effective date of this Ordinance unless a permit has been secured under the provisions of this Ordinance.

Section 13.8 USE OF GAS EQUIPMENT. It shall be unlawful for any person to turn on the gas for use in any gas-fired space heating equipment which has been installed, altered or serviced in any building or structure subsequent to the effective date of this Ordinance unless a permit has been secured under the provisions of this Ordinance.

Section 13.9 USE OF USED GAS EQUIPMENT. It shall be unlawful for any person to install any used gas burner or for the inspector to issue any permit authorizing such installation until said licensee shall first have submitted with his or her application for such permit, a copy of the purchase order describing the used burner that is to be installed and a statement by the purchaser acknowledging such purchase order, together with a statement by said licensee that said burner has been properly reconditioned and will comply in every way with the requirements herein for new equipment as to operation safety standards and adjustments.

Section 13.10 SUPPLYING OF FUEL OIL. It shall be unlawful for any person to supply with fuel oil any tanks or containers for fuel oil if such burners or equipment shall have, as herein provided, a condemnation tag attached to the fill or vent pipe of such tank or container.

Section 13.11 CONCEALMENT OF FUEL OIL TANKS. It shall be unlawful for installer of an oil burner installation to cover up any fuel tanks or piping in such installation until the same shall have been inspected and approved by the Building Official or his authorized assistant.

Section 13.12 EXCEPTION FOR OWNER. Nothing herein contained shall prohibit any bona fide owner from personally installing space heating equipment in his own residence provided that said owner shall meet the following requirements:

(a) Apply for and secure a permit in accordance herewith, except for light repairs;
(b) Pay required fees.
(c) Do the work himself in accordance with this Ordinance.
(d) Apply for inspection.
(e) Receive approval of Building Official.

ARTICLE XIV

MISCELLANEOUS PROVISIONS

Section 14.1 PENALTIES. Any person violating any of the provisions of this Ordinance shall upon conviction thereof be subject to a fine of not more than Five Hundred (\$500.00) Dollars or to imprisonment for a period of not more than ninety (90) days or to both, such fine and imprisonment left to the discretion of the court. Each day that a violation of this Ordinance is continued or permitted to exist without compliance shall constitute a separate offense punishable upon conviction in the same manner as prescribed herein for the original offense.

Section 14.2 SEVERABILITY. This Ordinance and the various parts, sentences, paragraph, section or clause is adjudged unconstitutional or invalid, the same shall not affect the validity of this Ordinance as a whole or any part thereof other than the part declared to be unconstitutional and invalid.

Section 14.3 EFFECTIVE DATE. This Ordinance is hereby ordered to take effect immediately after publication of the Ordinance. (b) All Ordinances or parts of Ordinances in conflict herewith are hereby repealed only to the extent necessary to give this Ordinance full force and effect. (c) This Ordinance is hereby declared to have been adopted by the Council of the City of Romulus, County of Wayne, State of Michigan, at a regular meeting thereof duly called and held on the 27th day of July, A.D., 1971 and ordered to be given publication in the manner prescribed by law.

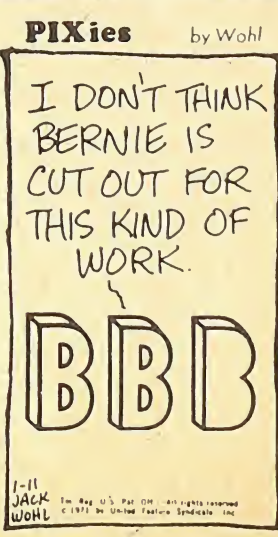

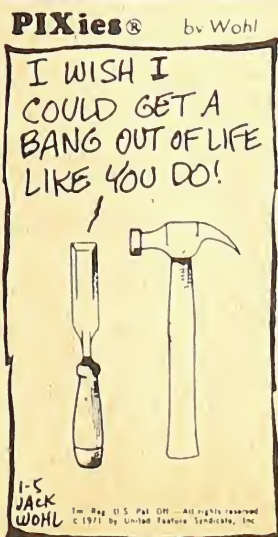

I, Leonard J. Folmar, Clerk of the City of Romulus, do hereby certify that the foregoing is a true copy of an ordinance adopted by the Romulus City Council at a Regular Meeting held on July 27, 1971.

Leonard J. Folmar, Clerk
City of Romulus

ATTEST:

Hyle J. Carmichael, Mayor
City of Romulus

Within forty five (45) days after the publication of any ordinance duly passed by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six (6 per cent) percent of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said Ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

Seven students make honor roll

Among the students on the Michigan State University honors list for the spring term are five from Belleville and two from Romulus.

To be eligible for the honors list, a student must achieve at least a 3.5 (B plus) grade point average for the term.

On the list from Belleville are Richard R. Emerson, 140 Madelon St., Gretchen Gollwitzer, 44345 Harmony Lane, Joseph LaFramboise, 3831 Canton Center Rd., Dale L. Maki, 10484 Quirk Rd., and Jeffrey D. Miller, 12560 Stanley Dr.

From Romulus are Thomsia C. Allen, 6405 Dexter, and Denise M. Mahalak, 10154 Miriam.

CITY OF ROMULUS NOTICE OF LETTING

- 1) Sealed bids will be received by the City Clerk, 11111 Wayne Road, Romulus, Michigan, until 5:00 o'clock p.m., September 1, 1971 for the supplying and delivering of all printed material used by the City. Bids will be publicly opened and read September 7, 1971 at 9:00 p.m.
- 2) Proposals shall be submitted on forms furnished by the City, which may be obtained from the Office of the City Clerk at City Hall and shall be enclosed in an envelope clearly endorsed "PRINTING BID".
- 3) The right is reserved by the City to reject any and all bids and to waive technicalities. Bid guarantee in the amount of Five (5) percent of the bid (no minimum amount) will be required. A Surety Bond for the full amount of the award will be required.

Leonard J. Folmar, Clerk
City of Romulus

CYCLE CASUALTIES — About 175 motorcycles were damaged when flames A & D Motor Company, Romulus, last week. Cause of the blaze is still undetermined.

Cadets attend camp

Three members of the Wayne-Romulus Cadet Squadron of the Civil Air Patrol recently attended the Michigan Wing summer encampment at Phelps-Collins Air National Guard Base, Alpena.

They were Anita L. Jones, 43774 Crowley, Mary F. Kosin, 14167 Elwell Rd., and Kenneth R. Koster, 5 Oak Blvd., all of Romulus.

They reported July 24 for one week of field instruction in the areas of moral leadership, flight orientation, weather, fire control, flight line procedures, FAA safety and jet engine build-up.

The Civil Air Patrol, the auxiliary of the Air Force is often called on for air search and rescue, as well as special missions for civil defense. Members serve without pay and advance in rank and responsible positions in the organization through course study.

Anyone interested in joining should contact Michigan Wing Headquarters, P.O. Box 1067, Pontiac, Mich. 48056.

Tennis tourney to start

The battle lines have been drawn for the Van Buren summer recreation program's tennis tournament, which starts tomorrow.

Although there will be no adult competition, 11 pairs of youngsters will compete during the two-day tournament.

Signed up and ready to go are Dominic Wojtowicz and John Petrasky, Tim Suliman and Gary Van Buhler, Shirley Durham and Linda Fogarty, Colleen Johnson and Barb Jackson, Steve Harsch and Steve Lehman, Jeff Fogarty and Chris Liedel, Scott Harsch and Al Capili, Fred and Richard Flavell, Doug Raymond and Mark Fogarty, Jeff Liedel and Scott Stone, and Dave Bauer and Scott Rice.

Organizing the tournament is tennis director Bill Lloyd.

Romulus personals

By PEARL MORRIS
Phone WH 1-1187

The children of Mr. and Mrs. Daniel Lenossi of Michele Drive namely Mr. and Mrs. Walter Maciejewski and Darlene and Daniel Lenossi, will honor the couple at a 20th wedding Anniversary dinner Friday, at the Lenossi home. Guests will be Mr. and Mrs. William H. Riley of Detroit, Mr. and Mrs. William Riley and family of Utica, Mr. and Mrs. W. S. Maciejewski, Mr. and Ms. W.F. Maciejewski and family, all of Romulus, and the immediate family.

Mrs. Myrtle McEwen and her 16-year-old son, Tim, of Huron River Drive South are home after enjoying a 10-day vacation in San Antonio, Texas, where they visited a daughter and two sons of Mrs. McEwen and their families. The two made the trip by air-a first for Tim.

The next meeting of the Missionary Group of the Calvary Baptist Church will be at 10 a.m. Thursday, at the church on Ozga Road.

Saturday will mark the second annual Wayne County Snowmobile Summer Drag Races, which will be held at the Wayne County Sportsman's Club grounds on Inkster Road, between Pennsylvania and Sibley roads. The races, sponsored by the W.C.S.C., will start at 12:30 p.m.

Admission will be \$1.50 for adults, Children 12 and under will be admitted free.

Mr. and Mrs. Max Zilka, Sr. of Pennsylvania Road celebrated their 44th wedding anniversary on July 31. They were treated to dinner at Koths' Colonial House on Telegraph Road in Taylor by their three sons. Included in the family party in addition to the senior Zilkas were Mr. and Mrs. Max Zilka, Jr. and family, Mr. Marvin Zilka, and

Mr. and Mrs. Melvin Zilka and family, all of Romulus. The honored couple are lifetime residents of this area.

Last Saturday Mr. and Mrs. Grant VanAernum of Romulus Avenue attended the wedding reception of their grandnephew, Jon Sutliff, and his new bride, the former Cynthia Farnham of Jackson. The gathering was held at the legion hall in Jackson.

The 1971 Wayne County Fair Books are at the 4-H Office, 5455 S. Wayne Rd., Wayne. The allocation is one per family. Organizational leaders are asked to pick them up for their respective clubs. The county 4-H fair will be held Aug. 17-22 at the Wayne County 4-H Grounds located on Quirk Road, BE Belleville.

Gail VanAernum, 15, daughter of the Ronald VanAernums now of Woodcrest Villa, Westland, is spending the summer on a working scholarship at the National Music Camp at Interlochen. Gail recently won fourth chair placing with her viola in the International Symphony group there.

The following meetings are scheduled for 4-H members and leaders, at the Wayne County 4-H Grounds near Belleville. Tonight— All Leaders meeting at 7:30 p.m. and Dog Obedience meet at 7 p.m. Monday—Junior Leaders Meeting at 7:30 p.m.

An outdoor mass for shut-ins and those confined to wheelchairs, etc. will be held Saturday, August 21, on the grounds of the St. Aloysius Church, Ozga Road, Romulus, beginning at 2 p.m. Folks from this and surrounding areas are cordially invited to attend. This mass is being arranged by the St. Aloysius Christian Service Committee.

Huron band to grow

The Huron School District band program, which has grown almost a hundred per cent during the past two years, is expected to accommodate another 50 students shortly after school starts again.

According to Scott Ludwig, high school band director, there were fewer than 80 students involved at this time two years ago. At present, 155 students are enjoying the program.

Following the addition of 50 in this coming school year, Ludwig estimates another 50 the following year.

The summer band program has served 105 students. It consisted basically of group lessons designed to retain and improve the musicians' technical skills.

The program ran for six weeks in June and July. Because the summer months generally find band students neglecting their instruments, Ludwig considers it a credit to those students in the program that they have kept up their interest and sharpened their ability.

Forty-five members of the band used the summer program to prepare for next fall's busy schedule, which will begin with an appearance at Band Day in Ann Arbor, when 12,000 musicians from all over the state will participate in a mass performance at the Michigan versus Virginia football game. The new season will find the band performing seven concerts within six weeks.

The Waltz Homecoming Parade, July 11, gave the high school students a chance to play along with the Airport high school and junior high bands.

The Huron Band Boosters, formed during the last school year, have made it their objective to raise \$4,000 for the purchase of additional uniforms for the following year when the band will number 85 members.

Carnival coming to hospital

The patients at Wayne County General Hospital will be treated to a carnival sponsored by the Auxiliary Therapy Department, Tuesday.

Located on the hospital grounds on the northeast corner of Merriman Road and Michigan Ave., the carnival will feature Hawaiian Dancers, courtesy of the McKeon Dance Studio, and German Music, courtesy of the Detroit Federation of Musicians.

Hospital patients can take part in a musical exposition during the carnival, and can also play the many games to be found on the grounds.

Food stamp sale to be held Aug. 11

A food stamp truck will be at the Beverly Neighborhood Action Center, 35351 Beverly Rd. from 9 a.m. until noon Wednesday Aug. 11.

All persons certified to buy food stamps are urged to make use of the mobile food stamp unit. If at least 75 persons purchase stamps on Aug. 11, the unit will return once each month, according to Joseph A. Mowett, supervisor of the Food Stamp Division in Detroit.

Persons wishing to determine if they are eligible to purchase food stamps may apply at the Food Stamp Office, Wayne County General Hospital, N-Building, Merriman Road near Michigan Ave.

CITY OF ROMULUS NOTICE

TO THE CITIZENS OF ROMULUS:

The City of Romulus is requesting that all city residents not place in plastic bags glass or cans, but rather that they be placed in metal containers.

This will aid Pick-up Men considerably and will assure residents of complete trash removal.

Leonard J. Folmar, Clerk
City of Romulus

VAN BUREN TOWNSHIP INVITATION TO BID

Sealed bids are invited on the following items.

Installing 3/4" and 1" taps in water mains to property line in the Township of Van Buren.

Specifications are on file in the Clerks Office 46425 Tyler Road, Belleville, Michigan.

Bids must be into the Clerks Office by 5:00 p.m. August 23 1971.

Erma J. Payne, Clerk
Van Buren Township

VAN BUREN TOWNSHIP BOARD Regular Council Meeting

VAN BUREN TOWNSHIP BOARD

Regular Meeting - July 27, 1971

The meeting opened with the pledge of allegiance and was called to order by Supervisor Gollwitzer at 8:00 p.m. Members present were Gollwitzer, Birk, Blend, Hogan, Maton, Payne, Engineer Levine and Sec. Deering. Trustee Cullin and Attorney Hopson were absent. Also attending were 21 citizens.

Motion Hogan support Blend to accept as presented the minutes of the July 13 regular meeting. Motion carried unanimously.

Motion Payne support Blend to receive and file the letter from the Civic Association. Motion carried unanimously.

Ypsilanti Township has set the date of the regional meeting on the sewage plant for Aug. 25 7:00 p.m. at the Ypsilanti Township Hall.

Mr. Alex Szabo spoke to the board regarding placing a mobile home on private property. The Board of Appeals denied this request.

Mr. Livernois of Ormond Dr. spoke to the board regarding obtaining building permits. This was turned over for legal discussion.

Motion Payne support Maton to turn \$250.00 over to the Recreation Commission to replace equipment for the Little League. Motion carried unanimously.

Motion Maton support Birk to allow the Southwestern Wayne Hockey Association to use Fire Hall No. 1 for a car wash July 31. Motion carried unanimously.

Motion Blend support Birk to notify the Wayne County Community project committee that we wish to participate in their work project. Motion carried unanimously.

Motion Hogan support Payne to publish bids for water taps for one year beginning Sept. 1, 1971. Motion carried unanimously.

Motion Hogan support Birk to authorize Wayne County Road Commission to reduce the retainer from 10 percent to 2 percent for W. Stockton on the Ecorse Road Project and pay \$244.00 for modification on lift station, with the condition that all bills are paid, the legality of the contract is checked and we have a one year guarantee on workman ship. Motion carried unanimously.

Motion Blend support Payne to purchase 600 feet of 4 inch fire hose at \$3.00 per foot. Motion carried unanimously.

Motion Hogan support Blend to pay bills as per voucher. Motion carried unanimously.

Motion Blend support Hogan to adjourn. Motion carried unanimously and the meeting adjourned at 8:50 p.m.

A THOUGHT TO REMEMBER

BY HAROLD REDISKE, DIRECTOR

Victory vs. defeat. Victory is not always commendable. And surely defeat need not be disgraceful.

In human experience, there are levels in both victory and defeat. For example, when we see a bewildered man defeated because he lacked the courage to win, we pity his pathetic picture. But, when we see a courageous man going down to defeat after trying his best to win, we glory him in defeat. At times it can even be a tragic defeat. This is especially true if a principle of justice, integrity, fair play or personal honor is involved.

None of us can win every time. How we lose is often more important than how we win. To succumb or be subdued because we lack the courage for the struggle to win is the only time disgrace can be linked to defeat. Actually, it is possible to win when one loses.

AN IMPORTANT QUESTION - Dustin Hoffman wants to know "Who Is Harry Kellerman and Why Is He Saying Those Terrible Things About Me?" The Cinema Center Films

presentation was produced and directed by Ulu Grosbard and also stars Barbara Harris, Jack Warden, David Burns and Dom De Luise.

'Who Is Harry Kellerman' is not the important question

Cinema Center Films presents a National General Pictures release, "Who Is Harry Kellerman and Why Is He Saying Those Terrible Things About Me?" produced by Ulu Grosbard and Herb Gardner, directed by Grosbard, written by Gardner, songs by Shel Silverstein. Deluxe Color. Rated GP. 102 minutes. At the La Parissien with the following cast: Dustin Hoffman, Barbara Harris, Jack Warden, David Burns, Dom De Luise, Betty Walker, Rose Gregorio, Gabriel Dell.

By HOWARD ALLEN
Eagle Movie Critic

"Who Is Harry Kellerman and Why Is He Saying Those Terrible Things About Me?" is the question posed by George Soloway, a song writer who has written to the top of the heap leaving behind him a broken marriage, a tattered life, endless visits to his psychiatrist and agonizing helplessness in which his only ease comes from listening to his accountant read the quarterly report.

Now Soloway is faced by his last crisis, a mysterious person who is phoning everyone Soloway knows, especially his stable of girls, and poisoning their minds against him. A mystery buff will quickly guess who Harry Kellerman is but no matter; author Herb Gardner is much less concerned with Harry Kellerman than with George Soloway and George was lost long before Harry Kellerman ever appeared on the scene. The Soloways of this world sow only the seeds of their own destruction.

Possibly the most significant question be raised about "Harry Kellerman" is not the question posed by its title, but rather why a picture about George Soloway at all. George is nothing new; he is what the Bible had in mind when it asked "what profit a man to gain the world." But George does fulfill one useful function; as always those abused by life and fortune can look at him and think that there are worse things than ignominy.

Gardner's script is literate, albeit neurotic, tracing Soloway's doom in a carefully arranged pattern of flashback and fantasy in which he is pursued by devils, most of his own making — but he carries with him his own mental palliative, the image of his psychiatrist in a dozen clownish idioms.

Director Ulu Grosbard's tempos are remarkably unified, no mean feat considering the changing rhythms of Gardner's script. His cast is of uniform quality with Dustin Hoffman digging deeply into the agonized psyche of George. Most other roles are cameos; some of the better ones are Barbara Harris as Allison, a girl on the brink of middle-age who might have saved George if he hadn't been already lost; Jack Warden in a dozen variants on the comic psychiatrist; David Burns in his appropriate finale as George's father, knowing that his son does not know, how to let go of life; and Dom De Luise is his beset accountant.

There will be many who will waste no sympathy on George Soloway, figuring "give me his fame and his money and I'll take care of my own problems." These people could care less about the mysterious Harry Kellerman. Others may glimpse a shred of themselves in George. If so the view is terrifying.

Photographs to be displayed

One hundred exceptional photographs dating from the 1850s to the present—including platinum prints, silver prints, calotypes, albumen prints and woodburytypes—have taken over the ground floor gallery of the Art Institute's South Wing through Sunday, Aug. 29.

Photography credits

represent a roster of famous names in camera history, beginning with Scotsman David Octavius Hill, landscape painter who turned to the new medium of photography in 1843, and his chemist-assistant, Robert Adamson.

Interest in photography, which Daguerre had introduced in France in 1839, knew no national boundaries as it grasped popular interest.

The museum exhibition includes prints by Hungarians Andre Kertesz and Brassai; Englishmen Edward Muybridge and Frederick H. Evans; Eugene Atget, Sabine Weiss and Robert Doisneau of France; Americans Lee Friedlander, W. Eugene Smith, Brett Weston, Edward Weston, Edward Steichen, Alfred Stieglitz, Aaron Siskind, Wynn Bullock and Ansel Adams, and Canadian Yousuf Karsh.

Ukrainian festival set this weekend in Detroit

The Ukrainian Ethnic Festival on Detroit's riverfront this weekend Aug. 6, 7 and 8 will feature a wide assortment of things to see and do. Booths named for regions of the Ukrain (Kiev, Poltava, Hutzul, Lemko, Volyn, Zakarpattia and Bukovyna) will decorate the "ethnic boardwalk" behind Cobo Hall.

Ukrainians manning the booths will wear costumes representative of the regions. Items to be sold include ceramics, embroideries, woodcarvings and clothing. Mayor Roman S. Gribbs will officially open the festival at 6:30 Friday evening. Mrs. William Volker, coordinator of the Ukrainian Festival, will welcome the participants and will lead the singing of the National Anthem.

The many varieties of food available will be prepared by scores of Ukrainian community groups. Detroiters will feast on cheeses, krauts, dumplings, cabbage rolls, kolbasa, tortes, mydnyk (honey cake), pastries and other traditional foods.

Special features of the festival will be religious services throughout the weekend, with clergy from Catholic and Orthodox Ukrainian parishes officiating.

Entertainment will take place on the lighted stage, west of the booths behind Cobo Hall, near Third Avenue. There will be dances and music presented by amateur groups and professionals.

The festival will run bet-

'Rebellion 369' uses lots of dramatic license

The Wayne State University Theatre presents the Festival Black Theatre Company in a studio production of "Rebellion 369," an original play in two acts by Ernest L. Hudson, directed and costumes by Earl D. A. Smith, sets and lighting by Charles Gilroy. Presented through August 14 as part of the Third Summer Theatre Festival at

the Hilberry Classic Theatre studio with the following cast: Earnest L. Hudson, Anthony Wellington Perkins, Vance Dennard, Janice Edmonds, Frederick LeParmentier, Steve Davies, Van Hooks, Althea Armstrong, Randy Williams, Valerie A. Lockridge, Lynn Powers, Peggy J. Coley, Margaret Mattic.

By HOWARD ALLEN
Eagle Drama Critic

There is the finest of lines between dramatic liberty and dramatic license and it is not merely crossed but breached many times in Ernest L. Hudson's retrospect on slave days in "Rebellion 369," being given its premiere production by the Black Theater Company in a studio production of Wayne State University's third summer theatre festival downstairs at the Hilberry.

It is highly unlikely that Hudson, a Wayne junior, has much authoritative information about what plantation life was all about, but he is entitled to dramatic liberties, as is any author of a period piece. However the result is a surface melodrama, full of contemporary black street language, wrapped in murky allegory, and packaged—shades of Maria Montez—in jungle magic in which the black man's enemies are mysteriously transformed into snakes.

After an orgiastic, hedonistic and animalistic prologue on a slave ship which, if written by a white playwright would surely have been described as blatant racism, we are treated to the view of Charlie Smith's plantation, where his field buck, Mose, whips the production of his fellow blacks, while his educated brother, Father Luke, tells them about a better world to come if they behave themselves. A third brother, Amos, takes after his mother, Lucy, the priestess of the snake cult, and dreams of rebellion.

It would seem, however, that his parody of shuffling colored folk and lecherous white men, is headed elsewhere, when it develops that owner Charlie is a weak anti-social recluse, and that Luke who has taught himself to read and write, is running the plantation in Charlie's name. Amos' bitterness at black mistreating black—Luke and Mose are just as merciless as any white—bears fruit when Lucy turns Charlie into a snake and Mose unwittingly kills him.

Hudson, at least, has a flair for sustaining his theme, but only by pandering to the lowest common denominator. Director Earl D. A. Smith keeps a brisk pace, perhaps not wanting to allow the audience to stop and sort things like. Charles Gilroy's sets, with jarring red lights and Kafkaesque platforms, complete the murky aura.

Author Hudson stars as Amos, usually underplaying, while Janice Edmonds is his somewhat shrill woman. Vance Dennard is effective as the coarse Mose, while Anthony Wellington Perkins, has the difficult task of shifting gears as the multi-faceted Luke. Steve Davies is effective as Charlie.

"Rebellion 369" would possibly have made a more appropriate appearance as a winter studio production—student stage productions in the winter are not advertised to the general public; it's a good place for a young talent to learn.

Wonderland's music festival continues Friday

Wonderland Center's Music Festival continues its presentations of musical talent with a concert and dance featuring the zany sounds of the Fred Daye Band on Friday, Aug. 6.

The comedy sextet will perform from 9 until 11 p.m. in the center of the outdoor shopping mall.

The Fred Daye Band is known for their humorous props, rapid changes of costume, wigs, mustaches, and an assortment of gimmicks including rare and wonderful musical instruments—all designed to amuse their audience.

The group is not restricted to comedy as they roll out a mean polka, downbeat German traditional tunes, hot Dixieland, and move into straight dance beats without batting a musical eyelash.

This sounds like a tough act to follow but not for the Wonderland Musical Festival. The Ray Cerda Band will perform on the following Friday, Aug. 13, again from 9 until 11 p.m. This group is widely known for its interpretation of Latin music and they are considered to be entertainers in the true sense of the word.

The performances at the Wonderland Music Festival by the Fred Daye Band and the Ray Cerda Band are under the joint sponsorship of Wonderland Center and the Music Performance Trust Funds of the Detroit Federation of Musicians, Merle Alvey, President.

There is no charge for admission to either performance. Wonderland Center is located at Plymouth at Middlebelt Roads.

Country singing star at Fair

Lynn Anderson, one of the biggest stars in the Country and Western sky, will perform at the 1971 Michigan State Fair on Saturday, Sunday and Monday, Sept. 4 through 6, E.J. Keirns, Fair Manager announced today.

Appearing with Miss Anderson will be two top male Country Music entertainers, Sonny James and Doug Kershaw. They will perform twice daily in the Music Shell at 4 p.m. and 8 p.m.

Lynn's career began skyrocketing with her recording of "Ride, Ride, Ride" in 1966 and she has gained international recognition with her million-seller "Rose Garden."

"Lynn Anderson is a multi-talented young lady and we're

sure she will be a great crowd pleaser at this year's fair," Keirns said.

Romulus Players to perform

The premiere performance by the Romulus City Players will be at 8 p.m. Friday at the Romulus Senior High School auditorium, 9650 S. Wayne Road.

The amateur theatre group, sponsored by the Recreation Commission and the Romulus Community Schools, will present "Paddle Your Own Canoe," a three-act comedy. The play will also be presented Saturday. Tickets, \$1 for adults with children under 12 admitted free, will be available at the door or from cast members.

Softball playoffs set

Anchor takes league crown

Romulus Slo-Pitch
Final Standings

Team	W	L
Anchor Block Co.	19	3
Morgan Manor	18	4
Spearman's Fine Foods	17	5
Romulus Progressive	15	7
Theodore Limousine	12	10
Baum Funeral Home	12	10
Cue Corners	12	10
Alden Electric	9	13
Walter's Bar	7	15
Five Points Bar	6	16
Romulus Refugees	5	17
Guardian Coating	0	22

Anchor Block won its third straight league title in Romulus' slo-pitch league action by turning on the power in its last four games, bombing Guardian Coating 32-1 and Alden Electric 25-0. Anchor capped off the season with a 9-2 victory over Romulus Progressive, snapping the latter's 10 game winning streak, then ran its

own streak to 10 by dumping Walter's Bar 7-1. Anchor and Progressive previous mark of eight straight. Anchor used balance to win

Enterprise-Roman
Sports

Wednesday, August 4, 1971Page 19

matched for the longest win streak of the season at 10, beating Morgan Manor's

it, finishing second to Morgan in runs scored with 240 in 23 games to Morgan's 250 in 22 games. Anchor led the loop in defense, permitting their opponents to score only 72 runs for an impressive 3.13 runs per game average. Morgan finished second in defense, allowing 112 runs to cross the plate for a 5.09 runs per game average.

The Romulus Refugees, mired deep in the standings, pulled off a baseball rarity by executing a triple play. Theodore Limousine's Stoner lined to third baseman Dennis Smylie, who ran to second base to double Kenny Vanuck, Smylie then threw to Jerry DeBuyscher at first base to complete the triple play. Theodore won the game by a score of 7-6.

The last playoff spot finds three teams tied, Baum Funeral Home, Cue Corners and Theodore Limousine finished the season with identical 12-10 records. Baum will face Theodore in the first round of playoff for the final spot and Cue Corners has drawn a bye. Baum forfeited its last two games, thus losing sole possession of the final playoff spot.

Playoffs are slated to begin tomorrow at 6:15 p.m. at the Junior and Senior High School

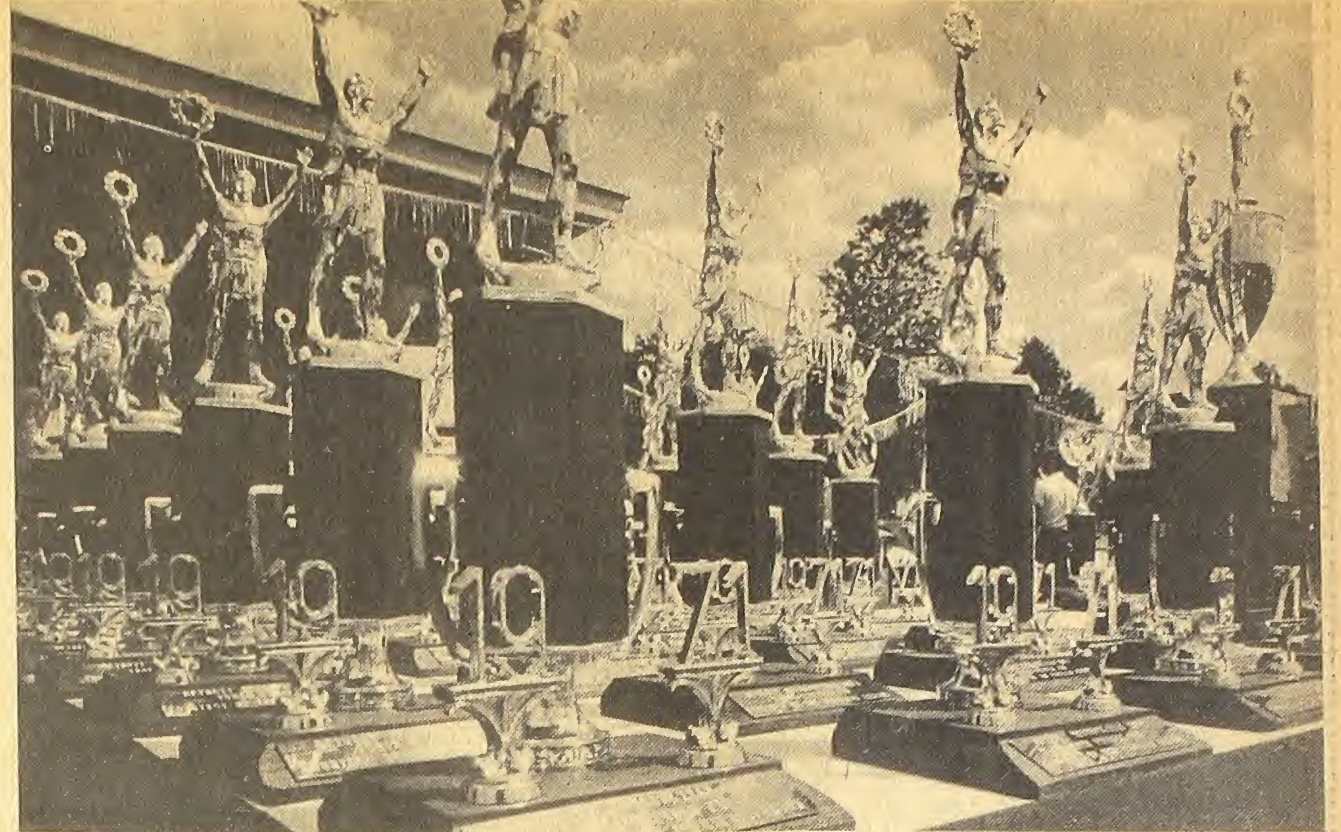

athletic fields. They will run through to Sunday, with the finals scheduled for Saturday and Sunday at the Junior High field. Morgan Manor is slated to go against Romulus Progressive in the first round at the Junior High while Spearman will take on the survivor of the runoff to determine the final playoff contestant. Walt Goeckel led off the second annual all-star game with a double for Spearman's Stars but was left stranded. Rakotz's Stars scored in the first inning without getting a hit when Don Skiff and Rich Paglia walked and Skiff moved to third on a force at second and scored on a sacrifice fly by Jr. Rakotz.

Spearman's Stars moved in front in the top of the fourth when Rich Spearman, Al Ott, Ted Marken and Ron Kampson singled and Alex Czaizer cracked a double. Rakotz's Stars came back again in the fourth to score again without a hit when Larry Cole walked and advanced to third on an error. Cole scampered home on another sacrifice fly. In the fifth inning, Rakotz rallied for three runs on a double by Skiff and Rakotz gaining first base on an error. Cole Leon James and Dave Williams followed with successive singles.

Mike Kingsberry and Chuck Hazen connected for back to back doubles in the sixth and Skiff made it to first on another error. Treese singled to cap off another three run rally for Rakotz in the sixth to up their advantage to 8-3. Spearman's Stars scored twice in the seventh inning on a double by Czaizer, a single by Bob Brothers and another double by Chappo. Rakotz finished off the scoring in the seventh when Darwick doubled and came home on an error. Chuck Hazen was the winning pitcher, Ray Conrad took the loss.

The events got underway at 10 a.m. when the contestants assembled on the field for the flag raising ceremony after which, the invocation was given by Reverend Daniel Richard of St. Paul's Lutheran Church in New Boston. George Giblin, chairman of the event, then gave a word of welcome to the contestants and to the play leaders in attendance. The ceremonial torch lighting preceded the mass calisthenics, in which all of the contestants took their warm-ups in unison. The youngsters were divided into three classes according to age, and competed for trophies in several events, including the 50 yard dash, standing and running long jump, hop step and jump, shuttle relays, chinning and softball throw.

Each youth was a champion in his own right, having won local competition earlier in the summer in the event in which he or she participated. Trophies were awarded to the top three finishers, while each contestant received a special patch, commemorating the day's events. Detroit took the overall championship, carding a total of 15 first places. Warren finished second with 12 and Ann Arbor and Ecorse tied for

PHYSICAL FITNESS HARDWARE - Lower Huron Metropolitan Park near Belleville played host to more than 2,000 youngsters from southeastern Michigan in the 14th Annual Metropolitan Detroit Physical Fitness Meet last week. The youths, ranging in age from 10 to 15 years, competed in classes for championships in various running, jumping and throwing events. Some 48 communities sent representatives to

the annual meet. Trophies were awarded to first, second and third place while each contestant received a commemorative patch as a reminder of the competition. Each of the contestants finished first in city competition, held earlier in the summer, winning the right to compete for the metropolitan area title.

2,000 compete for title in physical fitness meet

More than 2,000 youngsters from 48 area communities invaded Lower Huron Metropolitan Park near Belleville last week for the 14th Annual Metropolitan Youth Fitness meet. The meet is sponsored annually by the American Legion and pits youngsters between the ages of 10 and 15 years of age against one another to determine the best youngsters in the Detroit Metropolitan area in different athletic events.

third place honors with eight first place awards each. The annual event is designed to support the objectives of the President's Council on Youth Fitness and to promote the council's mission by stimulating recreation programs toward youth fitness.

Other objectives include, the encouragement of public and private agencies to launch special youth fitness programs on a year round basis, to assist all groups and individuals interested in physical fitness by referral or consultant service wherever

and whenever possible and to encourage participation in sports by promotion of competitive games for boys and girls through every means possible, and to plant a belief in total physical, mental, spiritual, emotional and social fitness. All events were fully supervised by recreation playleaders of the various communities taking part. Several dignitaries from the participating communities and the Huron Clinton Metropolitan Authority were on hand to witness the events and to present trophies to the winners.

Though the youngsters were only competing in local competition, their fervor and determination could have made it Munich or Tokyo or Rome or Mexico City. Win or lose, each youngster gave his all and their victory smiles were almost as big as the tears shed by those who didn't win.

The contestants were treated to free Coke, compliments of the Coca Bottling Co. of Detroit and received lunch at the conclusion of the competition.

Golfer loses out in Michigan Publinx

John Henderson of Romulus made it to the second round in the Michigan Publinx Golf Tournament, held at the Bedford Valley Country Club in Battle Creek, but got past Bill Dickens of Lansing, losing his lower bracket match by a score of 9-7.

Henderson survived two qualifying rounds and won his first round match before being eliminated in the second round of the 20th annual match play event.

Frank Skestone Jr. of Grand Rapids captured the championship flight title on Sunday by defeating George Catto of

Wixom, 1-up, in a match that saw the lead see-saw back and forth several times.

Skestone won the match by paring the 18th hole. For Catto, it was his second straight setback in the past two years in competing in the tournament. Catto lost in last year's semi-finals.

In the first flight, Ray St. Armour of Birmingham beat out Roger Strong of Garden City by taking their third round match 3 and 2.

Second flight final round of action pitted Chet Knurek of Garden City and Tom Wojcik of Monroe, and Knurek

captured his first Publinx title by whipping Wojcik 1-up.

Third and final flight action pitted Doug King of Farmington against Matt Malback of Rochester with King coming out on top with a mark of 7 and 6.

Henderson had his troubles in his loss to Dickens. He was seven over par after nine holes and headed right for the parking lot as soon as the twosome got near the parking lot.

Sports meridian

MacMurray starts ball rolling

By TOM MOORADIAN
Sports Editor

There are 11,000 residents in Canton Township. And in that number you inevitably will have countless youngsters who would like to play Little League baseball, football, basketball, hockey or participate in recreational projects.

Until this year that community's recreational needs have been contingent upon the help from three school districts which usually turned its back on the "orphans".

Now the township has decided to set up its own recreation commission, which is headed by Frank MacMurray.

The challenge has been accepted by MacMurray, a member of the local Jaycees, who brings to the commission impressive credentials not only as an organizer, but as one who has many years experience in competitive and recreational sports.

But it isn't in this area which he feels his greatest challenge lies. It is, he feels, in making Canton Township feel as "one." "We are served by three school districts; have three different mailing addresses, four separate telephone exchanges. Does one have to question why the people here feel there isn't a common denominator?"

"I feel a solid recreation program could change this image," said MacMurray.

MacMurray has already started the ball rolling. At Gallimore School he has coordinated a summer recreation program with the local YMCA that involves some 20 to 30 boys and girls who participate in various activities each day.

Married, and the father of four children, MacMurray has lived in the township for over a decade, since being mustered out of the army in 1961. He was graduated from Wayne Memorial High, where he was a standout in football and baseball.

He attended Henry Ford Community College in Dearborn, majoring in engineering at first, but later shifting to business administration.

"We don't have anything here in the township in the way of recreation," admits MacMurray. "The other day a little leaguer's father approached me and said he took his son to Wayne to register him in their program and was refused."

"Our people have to turn to Wayne or Plymouth for their recreational needs and if these cities want to they will either enroll our people or turn them away."

Mass Media Neglects Canton

"Lately they have been turning them away because they have more than they can handle," said MacMurray. "We have to initiate programs for our own and this is why we are here."

But, "being here" isn't enough. MacMurray also lacks the facilities to organize his projects.

The township, however, has recently purchased a 28 acre parcel on Cherry Hill and Canton Center, where it hopes to develop baseball diamonds, a hockey rink, football field and picnic facilities.

Jac Voss, the former head of the Westland Parks and Recreation Department, presently with the Department of Natural Resources, has helped in the layout of the newly-acquired land and also shown the township the road to the Michigan Recreation Association.

MacMurray envisions the Cherry Hill-Canton Center as the spring-board to a 100-acre recreation parcel that would serve the future needs of the community.

He will have a seven-man council to help him plan those projects, and more important, carry them out.

MacMurray will not hold back any punches in his hopes of realizing his projects. He even took a swing at the mass media - the lack of coverage, that is, in the area.

"There is no real media for our area that gives us complete coverage," he says. "A community needs a newspaper that will inform it. What good are all of our projects if we can't reach our residents?"

"This is why we need good newspaper coverage," he said.

ROMULUS ALL-STARS - The Senior Division of the Romulus Youth Baseball Association Little League senior division announced its all star selections for 1971. Shown here taking accolades are, from left to right, front row, Mike Nielson, Reel Realty Panthers, Ron Goldston, Commercial Carriers, Jim Salisbury, WTA Spartans, Mike Hoffman, Morgan's Pirates, Tom McGhen,

National Stars win LL title

By virtue of winning the Little League District 3 championship in Jackson last week, the Belleville National League All-Stars have advanced to a 5 p.m. inter-district game tonight in their quest of a possible state title.

The National All-Stars, scoring their third straight tourney victory, defeated the Jackson Southwest All-Stars, 7-3, to clinch the district title.

Tom Laine, who slammed a three-run homer in the fifth inning, and Paul Krystiniak, who kept a hot hitting streak alive with two hits in three times at bat, paced the Belleville hitters.

Pitcher Lance MacArthur went the distance to gain his second tournament victory with a seven-hit performance.

Earlier in the week, the Belleville All-Stars defeated the Ypsilanti National All-Stars by a 9-5 score.

Ypsilanti jumped off to a 3-0 lead in the first inning on two home runs.

However, Belleville came back with four runs in its half of the first inning, but Yp-

silanti tied the score with a run in the third inning.

Dave Lundell pushed Belleville ahead with a two-run homer in the fourth inning. Ypsilanti scored one and Belleville three more in the 5th inning to end the scoring.

Dan Petersen took over the pitching chores in the fourth inning to pick up the win. Belleville's 10-hit attack was led by Krystiniak, who had three hits, including a home run.

MacArthur and Mark Stoelton chipped in with two hits apiece.

The outstanding defensive play of the game was turned in by Ben Bollins, who made a fine running catch of a line drive in center field.

Pettus conquers Jaycee record

Garrade Pettus may have graduated from Belleville High School in June, but he continues to leave his mark in the high jump, this time at the Jaycee's National Junior Champ Meet in Bowling Green, Ohio.

Pettus set a new meet record in the high jump with a leap of 6'8 1/4" in competition held last weekend, he was also named the meet's most outstanding performer.

Pettus, who will attend Eastern Michigan University in the fall, set school marks in the high jump, low and high hurdles and long jump while at Belleville, and put the school on the map as far as track and field events are concerned. He was the premier performer in several meets, and competed in the high school state finals in East Lansing this year.

The old mark for the high jump in the Junior Champ meet was set last year at 6'8". Pettus' best jump has been 6'8 3/4", set this year at the Mansfield Relays in Mansfield, Ohio.

His former coach, Belleville's Ken Head, said of Pettus, "He is the best all around athlete I have every worked with. He is a natural leader and an exceptional worker. He made my job a lot easier."

While at Belleville, Pettus lettered in basketball, football and track, and was named to the All-Area teams in all three sports.

McClouth fine blasted

Sportsmen's Club urges campaign

The Michigan United Conservation Clubs (MUCC), in a recent bulletin, stated strong disapproval of the \$500 fine imposed on McLouth Steel Corporation recently for spilling caustic chemicals that killed 50,000 fish.

The Wayne County Sportsmen's Club, of Romulus, supports the stand taken by the MUCC. Virgil L. Varner, club president, stated last week.

The Michigan Water Resources Commission had recommended a fine of \$20,000, the highest ever recommended, against the steelmaker. Trenton District Judge Gerald A. McNally, however, levied only the minimum fine.

The MUCC considers a \$500 fine to a corporation that makes and sells \$200 million worth of steel every year as not even a mild reprimand.

McNally claims his district court has no authority to levy any fine higher than \$500. However, neither the District Court Act nor the specific statute that covers water pollution cases, sets forth any \$500 limit on district court fines.

The MUCC advocates that club members and other

persons interested in fighting pollution of the state's waterways write to Hiram B. Warner, president of McLouth Steel Corp., 2250 Ruskin Rd.,

Trenton, demanding that McLouth institute tighter controls of its many processes which are potentially dangerous to the environment,

pointing out that organizations such as the MUCC and Wayne County Sportsmen's Club can take legal action against those threatening the environment.

Negotiations to resume

Contract negotiations between the Romulus Education Association and the Romulus Board of Education will resume Aug. 9, according to Asst. Sup. William E. Jakad.

Negotiations were discontinued in June.

Teacher completes workshop

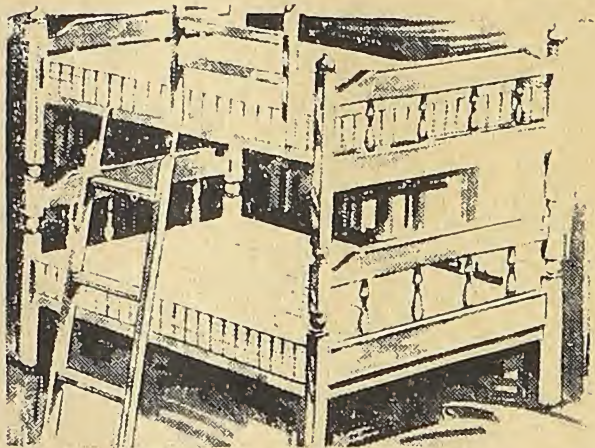

Thirty-five industrial arts teachers from twenty-three school districts are completing a six-week graduate workshop in industrial education at Eastern Michigan University.

Among the teachers is John Juriga, 16015 Martinsville Rd., Belleville, who teaches at

Romulus Junior High School. In addition to offering graduate credit, the workshop is being held to introduce junior high teachers to a newly developed two-year industrial arts curriculum.

The EMU program, directed by Gerald Jennings, professor of industrial

education, is one of several nation-wide workshops to introduce the Industrial Arts Curriculum Project (IACP). The innovative curriculum consists of textbooks, laboratory materials, and teacher's guides developed at Ohio State University under a \$2 million grant.

Pistons plan clinics

The Detroit Pistons will be in action shortly as the team conducts special basketball clinics at Westland and Southland Shopping Centers as part of a series of summertime basketball clinics being conducted in southeastern Michigan by the Pistons under the sponsorship of the Stroh Brewery Co., Ice Cream Division.

The Pistons will appear at Southland shopping center on Friday, August 6 at 11 a.m. in the parking lot near Hudsons and will be at Westland on August 7 at 11 a.m. in the parking lot 1.

The clinics are supervised by Piston coach Bill Van Breda Kolff, recognized as one of the foremost basketball clinics in the Los Angeles area while coaching the Los Angeles Lakers.

Under his leadership, the Pistons will feature demonstrations in passing, shooting, dribbling and defensive patterns. Each session will be climaxed with a question and answer period as well as dribbling, shooting and a mock game against the pistons by a representative pick-up team from the audience.

Special prizes will be distributed to the participants and ice cream refreshments will be served to all spectators.

The clinics, two of a series of 40, was inaugurated last year with a series of 25 clinics. The program was so successful that the itinerary was expanded this summer to 40 clinics.

Van Breda Kolff will be accompanied by three or four Pistons stars.

The clinics will also give basketball enthusiasts a chance to see some of the Pistons in person. The Detroit club is coming off their finest season in history, and looks toward another strong season with a blend of youth and experience.

The Pistons are looking forward to a fine NBA season, and extend an invitation to everyone to come out and take part in the special clinics at Westland or Southland.

2,000 compete in meet

(Continued from Page 19)

At a special luncheon for the dignitaries in attendance, Sterling Heights was named recipient of the annual John J. Considine Award as the city that best exemplifies sportsmanship, conduct and appearance during the course of the meet.

The award was first presented in 1963, and is named after the late John J. Considine, originator of the youth fitness program. It is a rotating trophy and the recipient retains it until the following year.

Newly wed, Eldreds to live in Germany

A week's honeymoon in Germany, where they will also make their home, followed the July 24 wedding of Christine M. Fogg of Belleville and Ronald V. Eldred of Britton, Mich.

The two exchanged vows and rings at a seven o'clock rite at the Lakeview Baptist Church, Ypsilanti, the Rev. W.L. Shipman of Emmanuel Baptist Church, Belleville, officiating.

Music for the ceremony was

provided by Jill Teatsorth, organist, who also accompanied the soloist, Roger Adams.

The bride, the daughter of Mr. and Mrs. S.D. Fogg of 10350 Endicott Rd., Belleville, was escorted to the altar by her father.

She wore a gown of Chantilly lace and crystaline, designed with a bodice of lace featuring a scalloped, stand-away collar, sheer bishop

sleeves and a dropped waistline. The bouffant skirt of crystaline was accented with tiers of the lace forming a front panel. The lace also edged the sheer, chapel-length veil caught at the shoulder line of the gown. A lace petal headpiece secured the bride's bouffant, double-tiered veil and she carried a bouquet of miniature white carnations with six yellow roses.

Mrs. David Kowalski of Toledo, O., a close friend of the bride, served as matron of honor for the ceremony. She wore a gown of maize and gold dacron accented with lace. The empire bodice was styled with a scoop neckline and lantern sleeves, and the A-line skirt was complemented by a deep, Watteau back. Her accessories and flowers were carried out in the same shades.

The honor attendant's costume was duplicated in a soft maize shade for the bridesmaids. They were Miss Linda Fogg of Ypsilanti, sister of the bride; Miss Mary Patricia Pearsall of Ypsilanti, and Miss Cindy Sanch of Brighton, niece of the bridegroom.

A maize costume was also worn by the lower girl, Donna Below, niece of the bridegroom.

The bridegroom, the son of Mr. and Mrs. Donald Lutton of Britton Mich., asked a close friend, Tom Schroeder of Britton, to carry out the duties of best man. Ushers for the ceremony were Mark Fogg of Belleville, brother of the bride; Tom Gall and Gary Spohr, both of Britton.

The new Mrs. Eldred is a 1968 graduate of Belleville High School, attended Eastern Michigan University, and until her marriage, was employed with the Environmental Protection Agency at Willow Run Airport.

The bridegroom is a 1968 graduate of Britton-Macon High School, attended the Institute of Agricultural Technology at Michigan State University, and is presently serving with the U.S. Army stationed in Frankfurt, Germany.

Jeremy is a new McNett

Mr. and Mrs. Mark McNett of Romulus, became the parents of their first child, a son, July 22.

The baby, named Jeremy Michael, weighed 6 lbs., 3 1/2 oz., at birth at Annapolis Hospital, Wayne.

Baby Jeremy is the grandson of Mr. and Mrs. Clinton McNett of Romulus and Mrs. Shirley Ann Cox of Lexington Ky. and Homer A. Owens of Dublin, Va.

The baby born to the former Carol (Shotzy) Owens, is the first great-grandchild for Mrs. Naomi Preston, and the second for Mr. and Mrs. Clinton McNett, Sr., all of Romulus.

Kovach's new son a 'first'

The son born July 4 to Joyce and Gary Kovach of 600 Sumpter Rd., Belleville, is the first child for the couple and the first grandchild on both sides of the family.

John Norman, a husky 9 lbs., 7 oz., was born at Oakwood Hospital in Dearborn.

Proudly wearing the "Grandma" and "Grandpa" titles are Mr. and Mrs. Al Kovach of Rose City, Mich. and Mr. and Mrs. Norman Chapel of Dearborn Heights.

His name is 'Mark'

Their fifth child and second son was born July 12 to Mr. and Mrs. Anthony Novotny of 46945 Denton Rd., Belleville.

The baby, named Mark Anthony, weighed an even eight pounds at birth at Beyer Hospital, Ypsilanti.

The other Novotny children are Linda, 21; Loraine, 19; Gerald, 16; Lynn, 14 and Lichel, 3.

Grandmother of the new baby and the other children is Mrs. Anthony Novotny of Charlevoix, Mich.

Niece from Scotland visits with Mrs. Post

Mrs. E. W. Thomas for the past three years of Edzell, Scotland, spent Monday with her aunt, Mrs. Orrin R. Post. On Thursday, the Thomases who have been visiting Capt. Thomases' parents, the Laurence Thomases of Ypsilanti, left for Ft. Meade, Md. where he will be stationed.

Mrs. D. W. Ross of Liberty St., spent the past week visiting her son and family, the Richard Rosses in Lansing.

Mrs. Allen Klepper of Cherry Hill, N.J., and her daughter, Mrs. M.A. Sharp and infant son, of Iowa, La., are spending some time at the Lester Budd home. They were called here by the death of their aunt, Miss Mary J. Budd of the Expressway, on July 26.

Mr. and Mrs. Walter Greashaler of Milan, were Thursday afternoon and evening guests of Mrs. Carl Schaal of W. Columbia Ave.

Mr. and Mrs. Stewart J. Potts of W. Wabash Ave., Mr. and Mrs. Line Potts of Liberty St., and Mrs. Penny Glenn of Henry St., attended the 50th Wedding Anniversary of Stewarts' brother and wife Mr. and Mrs. John F. Potts, at Redford, last Sunday.

Mr. and Mrs. Leon Boldt of Roland St., attended the 72nd Family reunion of the Witkop family at the home of Mr. and Mrs. Norman Boldt in Petersburg last Sunday.

Mr. and Mrs. Ernest Miller of Portland, Mich., spent Wednesday with Mr. and Mrs. Charles Dorin of S. Biggs St.

Mr. and Mrs. Clayton Saunders of Liberty St., spent two weeks visiting their son and daughter-in-law and infant daughter, Mr. and Mrs. Robert Saunders, at Weare, N.H. The Saunders had an interesting trip going to New Hampshire through Canada and New York; returning home through Toronto and Montreal.

Mr. and Mrs. Ira Martin of Ft. Myers, Fla. spent Tuesday and Wednesday in our city visiting Mrs. Orrin R. Post and other friends here. Mrs. Martin will be remembered as

Kittie Ford, formerly of Belleville.

Mr. and Mrs. Chester Munson and daughter, Pam, of Cincinnati, O., spent several days last week with Mr. and Mrs. Charles Dorin of S. Biggs St.

Debbie and Keith Jones of Dayton, O. are spending some time with their grandparents, Mr. and Mrs. George Haft of Church St.

On Sunday, July 25, Mr. and Mrs. Henry R. Deering of W. Huron River Dr. entertained the members of the Riggs Family for their annual Reunion. There were 46 present, among them relatives Mr. and Mrs. Don Smellie from Ohio; other from Pinckney, Perry, Port Huron, Berkley, Wayne, Lansing, Ypsilanti, California, Fenton and Belleville.

After the usual bountiful dinner, a business meeting was held at which time, plans were made for the 100th Reunion in 1973. Mrs. Ted Fangboner (formerly Beth Riggs, of Pinckney is already busy compiling records of the Riggs family, collecting data photographs, etc.

The officers of the association are Merle Romine of Berkley, president; Dorothy Davis of Wayne, vice-president, and Verna Deering of Belleville, secretary-treasurer.

Miss Noreen Smith of St. Louis, Mich., a former teacher in the Belleville Schools, was a guest of Mr. and Mrs. Henry R. Deering from Friday until Monday.

A luncheon guest of Mrs. Deering on Monday was her cousin, Mrs. Marion Avery of Englewood, Fla.

Mr. and Mrs. Ed Garlick of Concord, Calif. are visiting

relatives and friends in this vicinity. They spent from Tuesday until Friday with cousins, Mr. and Mrs. Jay Herkimer.

Miss Ruth Vorce, who is spending the summer at Oscoda, was a weekend visitor of her brother-in-law and sister, Mr. and Mrs. Wylie J. Pitcher.

Mrs. Muriel Smith of Liberty St., and her sister, Mrs. John Lindquist of Morris, returned Sunday night from a 10-day visit at Rennie Lake.

Mr. and Mrs. Jay Herkimer spent Saturday at Caro, where they were the guests of Mr. and Mrs. Cutsinger at their farm, home. Other guests were Mr. and Mrs. Larry Cutsinger and daughter, of Rochester, and Mr. and Mrs. Jack Moll of Howell. The group enjoyed a barbeque together.

Mrs. Grant Oelka of E. Huron River Dr. and her sister, Mrs. Orville Bock of Middlebelt Rd., spent several days this past week visiting their parents, Mr. and Mrs. David Dunk at West Branch.

Mrs. Roger Fry (the former Sandra Mida) and infant son, Rodney Allen, are spending several weeks with her parents, Mr. and Mrs. Herbert Mida of Robson Rd. while her husband, Rm 3 Roger Fry is on sea duty on the U.S.S. Eugene A. Greene at Guantanamo Bay, Cuba. The ship expects to return to its home base at Norfolk Va. on Aug. 16, at which time, Betty will join her husband.

When you are preparing muffin-pan cups, grease the bottoms generously. The sides need only light greasing or none at all.

Bujak - Mielke vows repeated

Making their home on Haggerty Rd. in Belleville are Mr. and Mrs. James G. Bujak, who repeated their vows in a summer ceremony in Tacoma, Wash.

The bride is the former Debbie Mielke, daughter of Sp. 6 and Mrs. Wayne R. Mielke of Tacoma, and her bridegroom is the son of Mr. and Mrs. Steve Bujak of Belleville.

The ceremony was officiated by the Rev. James N. Johnston at the Grace Tabernacle in Tacoma, and the couple were feted at a reception held at the home of the bride's parents after the ceremony.

For the rite, the bride chose a gown of lace on satin styled with a sweetheart neckline and wristpoint sleeves on the fitted bodice that tapered to join a bouffant skirt. A cluster flower headpiece secured the bride's veil and she carried a cascade bouquet of yellow carnations and pink roses.

Shirley Hill of Tacoma, sister of the bride, served as

honor attendant. She wore a gown of yellow organdy designed in the empire style, distinguished by a high collar and Gibson Girl sleeves on the bodice. Pink flowers accented the empire waistline and set off the A-line skirt. She carried a bouquet of contrasting pink roses.

The bridesmaids were Judy Triplett of Gig Harbour, Wash., and Marybeth Lapenski of Tacoma. They were gown in pink organdy and carried yellow carnations.

William Bujak of Belleville served as best man for his brother, and ushers for the ceremony were Glenn Seymour and Greg Atwood, both of Tacoma.

The newlyweds drove to Michigan on their honeymoon following his completion of service with the U.S. Army at Fort Lewis, Wash.

Fashion benefit planned

A fashion show featuring clothing from Queens Way to Fashion, will be presented Wednesday, Aug. 11, 7 p.m., at the Father Folta Building, located at the rear of St. Anthony Catholic Church, 409 W. Columbia Ave., Belleville.

The show is being put on by the mothers of the Boy Scouts of Troop No. 793, a troop sponsored by the church.

In addition to a variety of fashions, there will be refreshments and prizes. The donation is \$1.

All proceeds will go to the troop.

Local clubwomen at BPW confab

The Belleville Business and Professional Women's Club was represented by four members at the National Federation Convention held last week in Cleveland, O.

September nuptials planned

Announcement of the engagement of their daughter, Ingrid, to Rodney Eric Uley of Belleville, is made by Mr. and Mrs. Emilian J. Preis of 10505 Shook Rd., Romulus.

Miss Preis is a 1968 graduate of Romulus High School.

Her fiancé is the son of Mrs. Laurel Rutherford of 118 E. Huron River Drive, Belleville. He attended Mainland Senior High School in Daytona Beach, Fla. prior to entering the U.S. Army, where he served 13 months in Vietnam with the 173 Airborne division. He is presently with the Motor Wheel Corp., Ypsilanti.

The wedding is to take place Sept. 4 at St. Aloysius Church, Romulus.

Among those attending were Mrs. Betty Savage, Mrs. Ruth Davis, Mrs. Ruth Lindsay and Mrs. Helen White, all of Belleville.

One of the highlights of the convention, according to those present, was the address by U.S. Representative Martha Griffiths (D. Mich.), who discussed the proposed Equal Rights Amendment and other pending legislation affecting women.

The Belleville Club members were among the 2,000 delegates present, representing every state in the nation, plus the District of Columbia, Puerto Rico and the Virgin Islands.

The convention agenda included workshops, the election of 1971-72 national officers and passage of the 1971-72 BPW Legislative Platform.

Also, of interest was the panel discussion on "The World Women Want," and a discussion led by Margaret Hickey, public affairs editor of the Ladies Home Journal.

Mrs. Ruth Moss Easterling of Charlotte, N.C., 1970-71 Federation president, presided at the July sessions.

Women Of The Moose

July 5 was College of Regents Chapter Night for Belleville Chapter No. 1135, Women of the Moose, and the address of welcome was given by Collegian Louise Steger of the Belleville Chapter. The response was by co-worker, Alice Voychek.

In the Red Tassel ceremony, Collegian Deloris Gilbert received her Red Tassel from Collegian Margaret Gilbert, and Collegian Peggy Reese received her Red Tassel from Collegian Helen Jacobs. Collegian Helen Matewicz received her Red Stole from Collegian Fern Koeppel.

Visiting Chapter Collegians were introduced, and the visiting and local Collegians participating in the program

were presented with geranium plants by the Belleville College of Regents.

Other Collegians participating in the program were Genevieve Groves and Helen Wilsey.

Aug. 9 has been set as Star Recorder Chapter Night, with Louise Steger as chairman. She has the honor of being the only Star Recorder in the Belleville Chapter.

Future activities include the Loyal Order of the Moose dinner, Aug. 14, 5 - 7:30 p.m., given by the Women of the Moose; the Executive Board Meeting will be held Aug. 18, 7:30 p.m. at the Moose Home, and the Business Meeting will take place Aug. 23, also at the Moose Home, at 8 p.m.

A lovelier you

Try a shampoo that refreshes

We girls are conscious that hair becomes soiled before time from oil, perspiration, dust and smog. From one to three days weekly, we go through the shampoo routine of sudsing, rinsing, toweling, rolling and drying.

The process can by trying and, worse, has to be skipped when you are pressed for time. Unless, that is, you are acquainted with instant dry shampoos. Then you simply spray, brush and go.

Sprays are packaged in aerosol cans. You shake a can before and occasionally during use. Hold it at least eight inches from your head. Spray lightly, lifting hair sections for an even application. For best results, always use sparingly.

The finest mini-mist breaks down soil. Then after a few minutes a powdery residue absorbs bath soil and excess oil.

Fluffing with a towel and a thorough brushing does the rest. There's no wetting, no resetting. Nothing in the process disturbs a set.

It's a great refresher, leaving the hair in a cleanly condition. A condition that is basic to beautiful hair and beautiful grooming, too.

HOW TO HAVE LOVELIER HAIR
Overcome your hair problems! Send for my booklet, **HOW TO HAVE LOVELIER HAIR**. Advice includes: corrective care of dry, abused, oily and hard-to-manage hair; expert coloring methods and treatment of tinted hair; hairstyle formulas; tips on perfection cutting, permanents, straightening and grooming. Write to Mary Sue Miller in care of this newspaper for your copy, enclosing a long, self-addressed, stamped envelope and 25 cents in coin.

(No-Fee Permit under the same provisions as in the past). Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

71-145

Motion by Oakley, supported by Stewart, that the bids received for the 160 CFM Portable Air Compressor be tabled until the August 3, 1971 Council Meeting for recommendations from the D.P.W. Director. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edward. Nays-None. Motion carried unanimously.

71-146

Motion by Stewart, supported by Oakley that the bids received for the Loader Backhoe Combination Model 580 be tabled until the August 3, 1971 Council Meeting for recommendations from the D.P.W. Director. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

71-147

Motion by Oakley, supported by Stewart, that Clayton Meldrum be appointed Chief Building Inspector at a salary of \$13,000.00 per year, effective July 1, 1971, as recommended by the Mayor.

"Motion ruled out of order by the Chair".

"Maker of motion challenges decision of the Chair".

"Chair assumed by Councilman Pennington."

"Roll call vote on challenge: Nays-Block, Oakley, Stewart Ayes-Bizek, Pennington, Edwards, Raspberry. Challenge failed."

"Decision of the Chair upheld".

71-148

Motion by Stewart, supported by Oakley that the salary of the Chief Building Inspector be set at \$13,000.00 per year effective July 1, 1971. Roll call vote showing: Ayes-Block, Oakley, Stewart, Pennington. Nays-Bizek, Edwards, Raspberry. Motion carried.

71-149

Motion by Stewart, supported by Oakley, that the salary of the Planning Department Manager be set at \$12,000.00 per year. Roll call vote showing: Ayes-Oakley, Stewart, Block, Nays-Raspberry, Bizek, Pennington, Edwards. Motion failed.

71-150

Motion by Pennington, supported by Stewart, that the

Clerk be authorized to let bids for three (3) vending machines (Cigarettes, candy and soft drinks), at a cost not to exceed \$2500.00. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

71-151

Motion by Bizek, supported by Pennington, to concur with the recommendation of the Mayor and place a \$35.00 deposit on a coffee machine with Americoffee Corporation. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

71-152

Motion by Stewart, supported by Oakley, that the request of the Wayne County Road Commission to vacate Northline Road from Merriman Road to Middlebelt Road. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry. Nays-Pennington, Edwards. Motion carried.

71-153

Motion by Pennington, supported by Edwards, that the Clerk be authorized to let bids on two (2) City cars. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

Motion by Block, supported by Oakley, that the Mayors Report be accepted as presented. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

71-154

Motion by Edwards, supported by Pennington, that Resolution No. 71-154 (Zoning Ordinance Referendum) be adopted.

RESOLUTION No. 71-154

BE IT RESOLVED that the Petition for Referendum on Ordinance No. 71-44 dated June 20, 1971, presented by 445 registered electors of the City of Romulus, having been reviewed and advised by Corporate Counsel thereon, such Petition is hereby denied, in that a zoning ordinance adopted by a City, specifically the City of Romulus is not legally subject to referendum. Roll call vote showing: Ayes-Bizek, Raspberry, Pennington, Edwards. Nays-Block, Oakley, Stewart. Motion carried.

71-155

Motion by Pennington, supported by Bizek, that Ordinance No. 71-45 (Residency Requirement) be adopted, with the deletion of the Urban Renewal Director from special consideration. Roll call vote showing: Ayes-Bizek, Stewart, Raspberry, Pennington, Edwards. Nays-Block. Abstain-Oakley. Motion carried.

71-156

Motion by Stewart, supported by Block, that Ordinance No. 71-46 (Electrical) be adopted. Roll call vote showing: Ayes-Bizek, Raspberry, Pennington, Edwards. Nays-Block, Oakley, Stewart. Motion carried.

CITY OF ROMULUS NO. 71-46 ELECTRICAL ORDINANCE

AN ORDINANCE FOR SAFE-GUARDING LIFE AND PROPERTY BY REGULATING AND PROVIDING FOR THE INSPECTION OF THE INSTALLATION AND MAINTENANCE OF ELECTRIC WIRING, ELECTRIC DEVICES AND ELECTRIC MATERIAL; TO PROVIDE FOR THE LICENSING AND REGISTRATION OF ELECTRICAL CONTRACTORS AND THE LICENSING OF JOURNEYMEN ELECTRICIANS IN THE CITY OF ROMULUS; TO PROVIDE A RECIPROCAL ARRANGEMENT FOR THE RECOGNITION OF EXAMINATIONS AND LICENSES ISSUED BY OTHER JURISDICTIONS; TO ENFORCE THE ENFORCEMENT OF THIS ORDINANCE; TO PROVIDE A PENALTY FOR VIOLATIONS THEREOF AND TO REPEAL ALL OTHER ORDINANCES AND SECTIONS OF ORDINANCES IN CONFLICT THEREWITH. THE CITY OF ROMULUS ORDAINS:

SHORT TITLE: Electrical Ordinance

Section 1. ELECTRICAL INSPECTION. The City Clerk, hereinafter called the Inspection Authority, shall have and hereby is given jurisdiction subject to review as hereinafter provided, over the inspection of all electrical installations, including changes, repairs, and additions thereto within the City of Romulus. The City Council shall appoint an Electrical Inspector who shall inspect all electrical installations and report to the Inspection Authority. This jurisdiction shall apply to the installation of wiring devices, apparatus and equipment for connection to electricity supply systems having voltages over 30 volts, except as provided in Section 4.

Section 2. FEES FOR INSPECTION. When an application is made for a permit required under the terms of this Ordinance, a fee shall be paid in an amount as prescribed by the City Council of the City of Romulus.

Section 3. RIGHT OF ACCESS TO BUILDINGS. The Electrical Inspector and/or his deputy shall have the right during reasonable hours to enter any building in the discharge of his official duties or for the purpose of making any inspection or test of the installation of electric wiring, electric devices and/or electric material contained therein, and shall have the authority to cause the turning off of all electric supply and cut or disconnect, in cases of emergency, any wire where such electrical currents are dangerous to life or property or may interfere with the work of the Fire Department.

Section 4. PERMITS. (a) No alterations or additions shall be made in the existing wiring of any building, nor shall any building be wired for the placing of any electric lights, motors, heating devices, or any apparatus requiring the use of electrical current at a potential over 30 volts, nor shall any alterations be made in the wiring in any building after inspection, without first notifying the Inspection Authority and securing a permit therefor. Applications for such permit describing such work, shall be made by the person, firm or corporation installing same, and permit when issued shall be to such applicant.

(b) This section shall not apply to maintenance and repairs on the premises of a person, firm or corporation regularly employing qualified electricians for that purpose, nor such minor repair work as repairing flush and snap switches, replacing fuses, changing lamp sockets, and receptacles, taping bar joints or repairing drop cords.

(c) Owners Constitutional Privilege. Nothing herein contained shall prohibit any bona fide owner of a building or structure from personally installing electrical wiring, or electrical equipment provided that said owner shall:

- (1) apply for and secure a permit in accordance with Section 4.
- (2) pay required fees.
- (3) Do the work himself or herself in accordance with the National Electrical Code.
- (4) Apply for inspection.
- (5) Receive approval of the Electrical Inspector.

Section 5. INSPECTION. Upon the completion of the wiring of any building, or additions to existing buildings, it shall be the duty of the person, firm or corporation installing the same to notify the Inspection Authority, who shall notify the Electrical Inspector to inspect the installation as soon as possible, and if it is found to be fully in compliance with this Ordinance and does not constitute a hazard to life and property, he shall issue to such person, firm, or corporation for delivery to the owner a certificate of inspection authorizing connection to the electrical service and the turning on of the current. All wires which are to be hidden from view shall be inspected before concealment and any person, firm or corporation installing such wires shall notify the Inspection Authority giving sufficient time in which to make the required inspection before such wires are concealed.

Section 6. RE-INSPECTION. The Electrical Inspector may make periodically, a thorough re-inspection of the installation in buildings of all electric wiring, electric devices and electric material that has been installed or that may hereafter be installed, within the City of Romulus, and when the installation of any such wiring,

devices, and/or material is found to be in a dangerous or unsafe condition, the person, firm or corporation owning, using, or operating the same shall be notified and shall make the necessary repairs or changes requiring to place such wiring, devices and material in a safe condition and have such work completed within fifteen (15) days, or any longer period specified by the Electrical Inspector in said notice. The Electrical Inspector is hereby empowered to disconnect or order the discontinuance of electrical service to such wiring, devices, and/or material so found to be defectively installed, until the installation of such wiring, devices and material has been made safe as directed by the Electrical Inspector.

Section 7. CONSTRUCTION REQUIREMENTS. No certificate of inspection shall be issued unless the electrical installation is in strict conformity with the provisions of this Ordinance, the statutes of the State of Michigan, the rules and regulations issued by the Public Utilities Commission under the authority of the State Statutes, and unless they are in conformity with approved methods of construction for safety to persons and property. The regulations as laid down in the National Electrical Code, as approved by the American Standards Association, and in the Board of Examiners' Rules and Regulations established as hereinafter provided (Section 10, Par. D) shall be prima facie evidence of such approved methods.

Section 8. (a) APPROVED MATERIALS. It shall be unlawful to install or use any electrical device, apparatus, or equipment designed for attachment to, or installation on electrical circuit or system for heat, light or power, that is not of good design and construction and safe and adequate for its intended use. The Electrical Inspector shall have power to disapprove the use or installation of devices not fulfilling these requirements. Devices, apparatus and equipment approved by such generally recognized authorities as United States Bureau of Standards, Electrical Testing Laboratories of New York, or Underwriters Laboratories unless explicitly disapproved by said Authority for reasons of faulty design and poor construction involving danger to persons and/or property.

(b) It shall be the duty of the Electrical Inspector from time to time to inspect devices, apparatus and equipment offered to the public for use in installation to see that such items conform to the above requirements.

Section 9. (A) RECORD AND REVIEW. The Inspection Authority shall keep complete records of all permits issued and inspections made and other official work performed under the provisions of this Ordinance.

(b) When the Electrical Inspector condemns all or part of any electrical installation, the owner may within five (5) days after receiving written notice from the Electrical Inspector, file a petition in writing for review of said action of the Electrical Inspector with the Board of Examiners, upon receipt of which the said Board of Examiners shall at once proceed to determine whether said Electrical installation complies with this Ordinance, and within three (3) days shall make a decision in accordance with its findings.

Section 10. (a) LICENSE FOR ELECTRICAL WORK. It shall be unlawful for any person, firm or corporation to engage as an independent contractor in the installation, alteration, maintenance, or repair of electrical wiring, equipment, apparatus or fixtures for light, heat or power purposes where the electromotive force exceeds 30 volts in or about buildings and/or structures located within the City of Romulus without first having procured a license.

Persons making application must be twenty-one (21) years of age or over and must have a license as a Journeyman Electrician, and pass a suitable examination. Persons, firms, or corporations applying for Contractor's License must have at least one member of the firm with the above qualifications and experience, or may have one or more men employed with the above qualifications and experience.

A Board of Examiners is hereby constituted consisting of the Electrical Inspector of the City of Romulus, a representative of an Electrical Utility Company, a licensed Electrical Contractor and a licensed Journeyman Electrician, and the said Electrical Contractor and Journeyman Electrician shall have had at least ten (10) years experience in electrical work. The members of said Board of Examiners shall be appointed by the City Board for such terms as shall be designated at the time of appointment, and shall receive such compensation as shall be determined from time to time by the City Council.

This Board shall examine all applicants for either Contractor's or Journeyman Electrician's licenses. Applicants failing to pass will not be eligible for reexamination in any reciprocating Municipality for a period of thirty (30) days.

All applicants for licenses shall designate their legal

address as the location of their residence in the case of journeyman electricians, and their legal address as the principle place of business in the case of electrical contractors. All electrical contractors and journeyman electricians having their legal address within the corporate limits of the City of Romulus shall secure their license from the said Inspection Authority.

The Board shall prepare the application blanks, prescribe the examination and meet at least once a month or on call of the Inspection Authority to hold examinations. Due notice shall be given applicants of the date of examination.

(b) It shall be unlawful for any person to engage in the occupation or trade of Journeyman electrician in the installation, alteration, maintenance or repair of electrical wiring equipment, apparatus or fixtures for light, heat, power or medical purposes where the electromotive force exceeds 30 volts in or about the buildings and/or structures within the City of Romulus without first having taken the examination and obtained a license as hereinafter provided.

This provision shall not apply to helpers and apprentices, provided such work as they may do is performed under the direction and supervision of licensed Journeyman electricians who shall be on the premises at all times when such helpers or apprentices are performing such work on the premises.

All applications for said examination shall be in writing. The examination shall consist of an oral or written examination as the Examining Board shall determine, and such other practical tests in examination at the discretion of the Examining Board. Stenographic notes shall be taken of all oral examinations.

Minimum qualifications for examination for Journeyman electricians shall be four years of practical experience. Time spent in trade school attendance shall be credited as apprentice experience. Four years in technical school and one year practical experience shall also qualify for examination.

(c) The fee for an Electrical Contractor's license shall be Thirty-five (\$35.00) Dollars per year. The fee for a master Journeyman Electrician's license shall be Ten (\$10.00) Dollars per year. Licenses shall expire on December 31st of each year, and shall be renewed upon application by the licensee, together with the payment of the required fee. After March 1st all licenses not renewed shall be considered cancelled and may not be renewed except upon approval by the Examining Board, Electrical Contractors, licenses and Journeyman electricians' licenses shall be issued by the Inspection Authority upon recommendation of the Examining Board. Licenses issued under this Ordinance shall be nontransferable and shall be displayed when requested. Electrical Contractors licenses under the terms of this Ordinance shall not secure permits for work to be done by any persons not employed by said electrical contractor, and license may be revoked for violation of this rule.

No license shall be recognized by the City of Romulus unless such licenses are issued by a cooperating municipality having an Examining Board.

The City of Romulus shall permit Electrical Contractors lawfully licensed by other municipalities of the State of Michigan to install, alter or repair electrical wiring, equipment, apparatus or fixtures for light, heat or power purposes within the corporate limits of the City of Romulus upon payment of a Five (\$5.00) Dollar registration fee, provided that such municipalities reciprocate in recognizing Electrical Contractors who are duly licensed under the provisions of this Ordinance by granting them the same privilege and charging the same uniform license and registration fees. Provided further, that the licensing Ordinances are substantially equal to the requirements of this Ordinance. Journeyman electricians duly licensed by any municipality cooperating in the reciprocal arrangement shall be permitted to work in the City of Romulus without the payment of a registration fee; Provided, however, that any Journeyman electrician doing work within the City of Romulus, and holding a license from a cooperating municipality, shall register with the Inspection Authority.

No Electrical Contractors' license shall be recognized, for the purpose of registration, by the City of Romulus, of applicants who maintain their principal place of business in a municipality which fails to approve, by affirmative action of its legislative Body, the reciprocal and mutually interchangeable licensing arrangements covered by this Ordinance.

Corporations applying for Electrical Contractors' licenses, whose principle place of business is not in the State of Michigan, may obtain such licenses from the Inspection Authority upon approval by the Examining Board and the payment of the prescribed fee. Provided, that the applicant shall file a duly executed bond in the

71-157

Motion by Oakley, supported by Bizek, that Ordinance No. 71-47 (Reciprocal Heating) be adopted. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

71-158

Motion by Bizek, supported by Edwards, that Ordinance No. 71-48 (Urban Renewal) be adopted. Roll call vote showing: Ayes-Bizek, Block, Oakley, Raspberry, Pennington, Edwards. Nays-Stewart. Motion carried.

71-159

Motion by Edwards, supported by Pennington, that Ordinance No. 71-49 (Urban Renewal) be adopted. Roll call vote showing: Ayes-Bizek, Block, Oakley, Raspberry, Pennington, Edwards. Nays-Stewart. Motion carried.

71-160

Motion by Bizek, supported by Oakley, that Ordinance No. 71-51 (Urban Renewal) be adopted. Roll call vote showing: Ayes-Bizek, Block, Oakley, Raspberry, Pennington, Edwards. Nays-Stewart Motion carried.

71-161

Motion by Bizek supported by Block, that Ordinance No. 71-52 (Urban Renewal) be adopted. Roll call vote showing: Ayes-Bizek, Block, Oakley, Raspberry, Pennington, Edwards. Nays-Stewart. Motion carried.

61-152

Motion by Stewart, supported by Block, that Ordinance No. 71-53 (Sign) be adopted. Roll call vote showing: Ayes-Bizek, Block, Raspberry, Pennington, Edwards, Stewart. Nays-Oakley. Motion carried.

71-163

Motion by Pennington, supported by Bizek, that all City owned vehicles remain within the City Limits unless on City business. Roll call vote showing: Ayes-Bizek, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-Block. Motion carried.

71-164

Motion by Stewart, supported by Oakley, that the Mayor be authorized to enter into a contract with Wade, Trim & Associates for engineering services for the Urban Renewal Program. Roll call vote showing: Ayes-Block, Oakley, Stewart. Nays-Bizek, Edwards, Pennington, Raspberry. Motion failed.

71-165

Motion by Pennington, supported by Edwards, that the Clerk be authorized to let bids for engineering services to be used for the Urban Renewal Program. Roll call vote showing: Ayes-Bizek, Raspberry, Pennington, Edwards. Nays-Block, Oakley, Stewart. Motion carried.

Chairmans Report be accepted as presented. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

(Continued on Page 23)

penal sum of One Thousand (\$1,000.00) Dollars running to the City of Romulus conditioned for the faithful performance and observance of the Ordinance and Rules and Regulations made and approved as hereinafter provided controlling the installaton of electrical wiring and equipment.

Such bond shall be a surety bond from a recognized and approved Surety Company authorized to transact business in the State of Michigan.

Any Electrical Contractor's or Journeyman electrician's license may, after a hearing, be suspended or revoked by the Examining Board having issued such license upon evidence presented that false statements have been made upon application for license or upon evidence presented that the person, firm or corporation holding such license willfully or by reason of incompetence repeatedly violates any rules and regulations relating to the inspection, maintenance, alteration or repair of electrical wiring, devices, appliances or equipment. (d) The Board of Examiners is hereby empowered and it shall be their duty to make such rules and regulations concerning Electrical work in the City of Romulus as may be required to properly provide for the situation therein. The rules and regulations so made shall be effective upon approval by the City Council and shall take precedence over plans, specifications and National Electric Code Rules.

Section 11. EXEMPTIONS. The provisions of this Ordinance shall not apply to the following:

(a) The installing of radio and television receiving sets and equipment (the installation of convenience outlets for power supply to a radio or television set shall be subject to such rules and regulations.)

(b) This Ordinance and its provisions shall not apply to apparatus and equipment installed by or for any public utility operating under jurisdiction of the Michigan Public Service Commission and used primarily for this generation or distribution of electric current or for signal or communication purposes.

Section 12. PENALTY. Any person, firm or corporation who shall fail to comply with any of the provisions hereof, shall upon conviction thereof, be subject to a fine of not more than Five Hundred (\$500.00) Dollars or imprisonment in the County Jail or the Detroit House of Correction in the discretion of the Court for a period not to exceed ninety (90) days or by both such fine and imprisonment in the discretion of the Court unless otherwise provided in this Ordinance.

Section 13. REPEAL OF CONFLICTING ORDINANCES. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed only to the extent necessary to give this Ordinance full force and effect. Should any section, subdivision, sentence, clause or phrase of this Ordinance be declared by the Courts to be invalid the same shall not affect the validity of the Ordinance as a whole or any part thereof other than the part so invalidated.

Section 14. LIABILITY. This Ordinance shall not be construed to relieve from or lessen the responsibility or liability of any party owning, operating, controlling or installing any electric wiring, electric devices and/or electric material for damages to person or property caused by any defect therein, nor shall the City of Romulus be held as assuming any such liability by reason of the inspection authorized herein, or certificate of inspection issued as herein provided.

Section 15. EFFECTIVE DATE. This Ordinance shall become effective immediately upon publication.

I, Leonard J. Folmar, Clerk of the City of Romulus, do hereby certify that the foregoing is a true copy of an Ordinance, No. 71-46, adopted by the Romulus City Council at a Regular Meeting held on July 27, 1971.

Leonard J. Folmar, Clerk
City of Romulus

ATTEST:
Hyle J. Carmichael, Mayor
City of Romulus

Within forty five (45) days after the publication of any Ordinance duly passed by the Council, a petition may be presented to Council protesting against such Ordinance and shall be signed by not less than six (6) per cent of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

ROMULUS MINUTES CONTINUED

(Continued from Page 22)
71-166

Motion by Stewart, supported by Block, that Council action on the authorization of the Mayor and Clerk to contract with Arthur Ninke or Urban Technical Staff Associates for accounting services to be rendered for the Wayne-Beverly Renewal Project No. 1, Mich. R-187, with amendment, be rescinded. Roll call vote showing: Ayes-Block, Stewart. Nays-Pennington, Edwards, Raspberry, Oakley. Abstain-Bizek. Motion failed.

71-167
Motion by Edwards, supported by Oakley, that the Clerk be authorized to let bids for all City printing. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

71-168
Motion by Oakley, supported by Stewart, that the Clerk be authorized to let bids for the demolition of those buildings commonly called Salvation Army Buildings No. 1 through No. 10. Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

71-169
Motion by Oakley, supported by Block, that Resolution No. 71-169 (Opposition of House Bill No. 4920) be adopted and that copies be sent to the community's State Representative and State Senator and surrounding communities.

RESOLUTION NO 71-169
WHEREAS, House Bill No. 4920 proposes to eliminate the present system of local libraries which have been established, are supported by, and service the citizens of local units of government; and

WHEREAS, said Bill proposes to establish regional library systems which would service geographical regions which would be drawn up and established by the State Board of Education acting completely within its own discretion as to what geographical areas would be included within a particular regional library system; and

WHEREAS, House Bill No. 4920 proposes to shift the control of present library systems in the State from the State Board for Libraries and local community library boards to the State Board of Education which will in all matters, fiscal and otherwise, exercise complete

discretionary control over these proposed regional systems; and

WHEREAS, this Bill provides that regional library boards will be governed by regional boards selected by the State Board of Education and that State aid to libraries will be paid to these regional library systems at a rate of One Dollar (\$1.00) per capita to libraries which are a part of the regional systems and only \$.50 per capita to libraries which are not provided such non-member libraries meet the same standards as libraries that are members of regional boards, such standards being established and determined by the State Board of Education and

71-170
WHEREAS, said Bill provides that local support shall be increased from the present 3.0 mills to 5.0 mills within five (5) years with the provision that if the State Board of Education finds that the State aid and local support to a particular library or system are not sufficient to provide the type of services the Board considers a library should be providing, the Board can require those member library systems to make up the difference from local support; and

WHEREAS, under said Bill, the State Board of Education can in its own directions prevent the establishment of any new local library systems and integrate any existing local libraries or library systems; and

WHEREAS, the City of Romulus is of the opinion that House Bill No. 4920 is poorly drafted, contains vague standards, vests autonomous control and governing power in the State Board of Education, and is detrimental to the public welfare of its citizens and all the citizens of the State of Michigan and is violative of the concept that libraries are for the benefit of all citizens and not be governed and controlled by the State Board of Education or any other Board which has as its primary purpose the providing of formal education or otherwise in the State and not the primary purpose of providing good library services to all citizens whether receiving education or not;

NOW THEREFORE BE IT HEREBY RESOLVED that the City of Romulus is opposed to House Bill No. 4920 and urges that it not be adopted by the legislature of the State of Michigan and that the present system of local libraries and the State Board of Libraries be retained.

BE IT FURTHER RESOLVED that a copy of this Resolution be forwarded to the legislative representatives of the City of Romulus, to all other neighboring communities and to all other interested parties.

Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

71-170
Motion by Stewart, supported by Oakley, that Warrant No. 47 be approved deleting the item for Elmsan, Young & O'Rourke-Fees for "Labor Negotiations"-\$2,437.00 and those items from Warrant No. 46:
Earl Equipment Co. Air Compressor Engine repaired \$96.55
Ed's Machine Shop Auger Drive & Truck Cab repaired 94.63

Roll call vote showing: Ayes-Bizek, Block, Oakley, Stewart, Raspberry, Pennington, Edwards. Nays-None. Motion carried unanimously.

Respectfully submitted,

Leonard J. Folmar, Clerk
City of Romulus

I, Leonard J. Folmar, Clerk for the City of Romulus, do hereby certify that the foregoing is a true copy of the minutes of the Regular Meeting of the Romulus City Council held on July 27, 1971.

Leonard J. Folmar, Clerk
City of Romulus

CITY OF ROMULUS
ORDINANCE NO. 71-51

AN ORDINANCE OF THE CITY OF ROMULUS APPROVING THE URBAN RENEWAL PLAN AND THE FEASIBILITY OF RELOCATION FOR PROJECT NO. MICH. R-187.

WHEREAS, under the provisions of Title I of the Housing Act of 1949, as amended, the Secretary of Housing and Urban Development is authorized to provide financial assistance to Local Public Agencies for undertaking and carrying out urban renewal projects; and

WHEREAS it is provided in such Act that contracts for financial aid thereunder shall require that the Urban Renewal Plan for the respective project area be approved by the governing body of the locality in which the project is situated and that such approval include findings by the governing body that:

1) The financial aid to be provided in the contract is necessary to enable the project to be undertaken in accordance with the Urban Renewal Plan;

2) That the Urban Renewal Plan will afford maximum opportunity, consistent with the sound needs of the locality as a whole, for the rehabilitation or redevelopment of the urban renewal area by private enterprise;

3) The Urban Renewal Plan conforms to a general plan for the development of the locality as a whole; and

4) The Urban Renewal Plan gives due consideration to the provision of adequate park and recreational areas and facilities, as may be desirable for neighborhood improvement, with special consideration for the health, safety, and welfare of children residing in the general vicinity of the site covered by the Plan; and

WHEREAS the Romulus City Council (herein called the "Local Public Agency") has entered into planning contracts for financial assistance under such Act with the United States of America, acting by and through the Secretary of Housing and Urban Development, pursuant to which Federal funds were provided for and;

WHEREAS it is desirable and in the public interest that the Local Public Agency undertake and carry out the urban renewal project (herein called the "Project") identified as Wayne-Beverly Project Mich. R-187 and encompassing the area bounded by Beverly Road, Howe Road, Van Born Road and Chamberlain of the City of Romulus, County of Wayne, State of Michigan (herein called the "Locality") and

WHEREAS the Local Public Agency has applied for additional financial assistance under such Act and proposes to enter into an additional contract or contracts under the Department of Housing and Urban Development for the undertaking of, and for making available additional financial assistance for, the Project; and

WHEREAS the Local Public Agency has made detailed studies of the location, physical condition of structures, land use, environmental influences, and social cultural and economic conditions of the Project area and has determined that the area is a "Blighted" area and that it is detrimental and a menace to the safety, health, and welfare of the inhabitants and users thereof and of the Locality at large, because it is characterized by obsolescence, physical deterioration of structures therein, improper division or arrangement of lots and ownerships and streets and other open spaces, mixed character and uses of the structures, and other similar characteristics which endanger the health, safety, morals or general welfare of the municipality, and the members of this Governing Body have been fully apprised by the Local Public Agency and are aware of these facts and conditions; and

WHEREAS there has been prepared and referred to the Romulus City Council of the Locality (herein called the "Governing Body") for review and approval an Urban Renewal Plan for the Project area, dated March 3, 1970, and consisting of thirteen (13) pages and four (4) exhibits supported by the following supplementary material, data, and recommendations which are not a part of the Urban Renewal Plan:

1) Final Project Report
2) Part I Application for Loan and Grant; and

WHEREAS the Urban Renewal Plan has been approved by the Governing Body of the Local Public Agency as evidenced by the copy of said body's duly certified resolution approving the Urban Renewal Plan, which is attached thereto; and

WHEREAS a general plan has been prepared and is recognized and used as a guide for the general development of the Locality as a whole; and

WHEREAS the Urban Renewal Plan for the Project area prescribes certain land uses for the Project area and will require, among other things, changes in zoning, the vacating and removal of streets, alleys, and other public ways, the establishment of new street patterns, the location and relocation of sewer and water mains and other public facilities, and other public action; and

WHEREAS the Local Public Agency has prepared and submitted a program for the relocation of individuals and families that may be displaced as a result of carrying out the Project in accordance with the Urban Renewal Plan; and

WHEREAS there have also been presented to the Governing Body information and data respecting the relocation program which has been prepared by the Local Public Agency as a result of studies, surveys, and inspections in the Project area and the assembling and analysis of the data and information obtained from such studies, surveys, and inspections; and

WHEREAS the members of the Governing Body have general knowledge of the conditions prevailing in the Project Area and of the availability of proper housing in the Locality for the relocation of individuals and families that may be displaced from the Project Area and, in the light of such knowledge of local housing conditions, have carefully considered and reviewed such proposals for relocation; and

CITY OF ROMULUS
NOTICE OF LETTING

1) Sealed bids will be received in the Office of the City Clerk, 11111 Wayne Road, Romulus, Michigan 48174, until 5:00 o'clock p.m., September 7, 1971 for the demolition of structures on property described as:

The S.W. ¼ of Section 13 except the west 60 feet thereof; also the S.½ of the N.W.¼ of the N.W.¼ of Section 13 except the west 60 feet thereof; also except that part thereof described as beginning at a point on the east and west ¼ line of said section distant N. 89 32'30" E., 936.90 feet from the W.¼ corner of Section 13 and proceeding then N. 89 32' 30" E. along said line, 370.0 feet; thence due north, 327.94 feet; and then S 89 40' W., 370.0 feet; thence due south, 328.80 feet to the point of beginning, and commonly known as the Salvation Army Buildings No. 1 through No. 10.

Bids will be publicly opened and read September 7, 1971 at 9:00 p.m.

2) Proposals shall be submitted on forms furnished by the City, which may be obtained at the Office of the City Clerk at City Hall and shall be enclosed in an envelope clearly endorsed "DEMOLITION BID".

3) The right is reserved by the City to reject any and all bids and to waive technicalities. Bid guarantee in the amount of five (5 per cent) per cent of the bid (no minimum amount) will be required. A surety bond for the full amount of the award will be required.

Leonard J. Folmar, Clerk
City of Romulus

PROPOSAL FOR PUBLIC IMPROVEMENT
AND
PRELIMINARY ORDER

BE IT ORDERED BY THE MAYOR OF THE CITY OF ROMULUS:

That it is the intention of said Mayor, and such intention is hereby declared, to order the abatement of nuisance and hazard to the public safety and health the following described property:

The S.W. ¼ of the N.W. ¼ of Section 13 except the west 60 feet thereof; also the S.½ of the N.W.¼ of the N.W.¼ of Section 13 except the west 60 feet thereof; also except that part thereof described as beginning at a point on the east and west ¼ line of said Section distant N 89 32'30" E., 936.90 feet from the W.¼ corner of Section 13 and proceeding thence N 89 32'30" E. along said line, 370.0 feet; thence due north, 327.94 feet; and then S 89 40' W., 370.0 feet; thence due south 328.80 feet to the point of beginning, and commonly known as the Salvation Army Buildings No. 1 through No. 10.

The nature and territorial extent of such proposed improvement are as stated above. Said nuisance and public safety and health hazard must be abated by the complete demolition to grade, and removal of all debris.

The owner or owners are hereby directed to commence immediately with the abatement of the aforementioned nuisance and to complete abatement within thirty (30) days of publication of this order.

If the owner or owners shall fail to comply with said order the City shall cause abatement by its Department of Public Works or may contract to have same done.

The cost and expense thereof is to be borne in whole or in part by the property specially benefited thereby, and the boundaries of the proposed assessment district are particularly described above.

The Chief Building Inspector is hereby directed to submit to the Mayor and City Council the estimated cost and expense of said improvements, the City Assessor is hereby directed to submit to the Mayor and City Council a statement of the proportionate amount thereof which should be borne by the property within the proposed assessment district and a statement of the aggregate actual valuation of the real estate including fifth (50) per cent of the actual valuation of the improvements in said district according to the valuation last placed upon it for the purpose of general taxation, together with a diagram or print showing thereon the lots, tracts and parcels of land and other property which will be specially benefited thereby, and the estimated amount of cost and expense of such improvements to be borne by each lot, tract or parcel of land or other property, together with a statement showing the amount of special assessments outstanding and unpaid on the property within the proposed assessment district.

Hyle J. Carmichael, Mayor
City of Romulus

ORDINANCE NO.71-52

WHEREAS, In order to comply with Act Number 189 of Michigan Public Acts of 1968, it is necessary for the City Council of the City of Romulus, to determine a method of appointments to the Citizens' District Council for the District Area known as the Wayne-Beverly Renewal Project, Mich. R-82 (GN); and

WHEREAS, a public hearing has been held pursuant to notice thereof, and,

WHEREAS, it is the belief of the City Council that the members of the Citizens' District Council should be selected by the direct election by the residents of the District Area;

NOW THEREFORE BE IT ORDAINED:
Section 1. That the Citizens' District Council for the District Area known as the Wayne-Beverly Renewal Project, Mich. R-82 (GN) is hereby established and shall consist of twenty-five (25) members who shall be elected by the residents of said District Area. The term of office of such members shall be two years from the date of election and until their successors are elected and taken office.

Section 2. An election shall be held on September 30, 1968 at the Beverly Elementary School at 8:00 p.m. to elect twenty-five (25) members to the said District Council. Notice of such election shall be sent at least ten (10) days prior to said election to all adult residents of and owners of property in said District Area, which residents and owners shall constitute the persons eligible to vote. Persons eligible for election to the District Council shall consist of adult residents of the District Area and other persons with a demonstrable and substantial interest in the area, provided, that no more than twelve (12) persons who are not residents of the Development Area known as Wayne-Beverly Renewal Project No. 1, Project Michigan R-187 shall be elected to the District Council.

Section 3. After the year 1968, an election shall be held bi-annually on the last Monday in September to elect members to said Citizen's District Council.

Section 4. This Ordinance shall be of effect immediately upon the publication thereof.

I, Leonard J. Folmar, Clerk of the City of Romulus, do hereby certify that the foregoing is a true copy of an ordinance adopted by the Romulus City Council at their Regular Meeting held on July 27, 1971.

Leonard J. Folmar, Clerk
City of Romulus

ATTEST:
Hyle J. Carmichael, Mayor
City of Romulus

Within forty five (45) days after the publication of any ordinance duly passed by the Council, a petition may be presented to the Council protesting against such ordinance continuing in effect. Said petition shall contain the text of such ordinance and shall be signed by not less than six (6) per cent of the registered electors registered at the last preceding election at which a Mayor of the City was elected. Said ordinance shall thereupon and thereby be suspended from operation and the Council shall immediately reconsider such ordinance.

City of Romulus
ORDINANCE NO. 71-45

AN ORDINANCE TO ESTABLISH A RESIDENCY REQUIREMENT FOR CITY OFFICERS AND EMPLOYEES AND TO PROVIDE FOR EXCEPTIONS THERETO AND VARIANCES THEREFROM.

WHEREAS, it is deemed advisable that, the best interests of the People of the City of Romulus will be served by the employment of Romulus residents in City positions, THE CITY OF ROMULUS, WAYNE COUNTY, MICHIGAN ORDAINS:

OFFICERS:

Section 1. No person who is not a resident and elector of the City of Romulus shall henceforth be eligible for appointment as an officer of the City of Romulus except as hereinafter provided.

EMPLOYEES:

Section 2. No person who is not a bona fide resident of the City of Romulus shall henceforth be eligible for employment by the City of Romulus as an employee except as hereinafter provided.

Section 3. Persons employed by the City of Romulus as employees as of the effective date of this ordinance who are not residents of the City of Romulus as of such effective date shall be eligible for continued employment until August 4, 1971, and shall be eligible for continued employment after August 4, 1972, if, on or before such date, such persons shall have established a bona fide residence in the City of Romulus.

Section 4. The provisions of this ordinance shall not apply to professional persons employed by the City of Romulus under contract, including, but not limited to, engineers, surveyors, planning directors or consultants, attorneys, doctors, nurses, auditors, accountants employed under contract in such capacities by the City of Romulus.

Section 4.1. Urban Renewal Directors are excluded from all provisions of Section 4.

Section 5. The City Council of the City of Romulus may,

upon application of any person or department, suspend the provisions of this ordinance as to any employee or potential employee for any of the following reasons:

a) Scarcity of suitable residences in the City of Romulus
b) Hardship

The City Council may employ non-residents of the City of Romulus as employees on the condition that such employee establish bona fide residence in the City of Romulus within one (1) year or less of the date of his commencing employment.

Section 6. Effective Date. This ordinance shall be recorded by the City Clerk in the City Ordinance Book after publication, which record shall be authenticated by the City Clerk, and shall be published once in a newspaper of general circulation in said City, within ten (10) days after the adoption thereof, and shall become effective immediately upon publication.

I, Leonard J. Folmar, Clerk for the City of Romulus, do hereby certify that the foregoing is a true copy of an ordinance adopted by the Romulus City Council at their Regular Meeting held on July 27, 1971.

GUEST SPEAKER — At the recent 1971 Banquet of the Romulus Youth Baseball Association, guest speaker was Ed Baum, athletic director for Romulus Schools.

TOP RYBA TEAM — The Romulus Youth Baseball Association's Annual Banquet saw the major League Division champions, the Pioneer-Detroit team, presented with trophies for their achievements. Managed by John Boyko and coached

by David Long, the team's members were Lynn Wiltzie, Larry Kropat, Andy Renton, Mike Watkins, Martin Sandlin, Roger Smith, Mike Wiltzie, Mike Kaczinski Roy Valley, Kim Woolford, John Bozelak and David Long Jr.

Area Kiwanians attend 56th annual convention

Wes H. Bartlett, an Algona, Iowa, businessman, was elected president of Kiwanis International recently at the organization's 56th Annual Convention in San Francisco, Cal.

Attending from this area were Thomas M. Janack, president of the Romulus Kiwanis Club; Olin Wyman, lieutenant governor of Division 9, and his wife; Kenneth Daniels, lieutenant governor-elect of Division 9, and his wife and son; Don White, president-elect of the Belleville Kiwanis Club, and his wife, and Belleville Kiwanian Fred Lunde and his wife.

As leader of the international service organization, Bartlett will be spokesman for its 270,000 members in 5,700 clubs throughout the United States, Canada, Mexico, Europe, Central and South America, the Caribbean, the Far East, and the Southwest Pacific Area. He succeeds T. R. Johnson, a Denver banking and finance executive, who held the position since October 1, 1970.

Prior to becoming president of Kiwanis International Bartlett served one year as president-elect, one year as treasurer, one year as vice-president, and two two-year terms as trustee. He has been president of the Kiwanis Club

Wes H. Bartlett

of Algona, Iowa, lieutenant governor and governor of the Nebraska-Iowa Kiwanis District, and both a member and chairman of several district committees.

The new president has served as chairman of the International Committee on New Club Building, and the Board's Committees on Membership Development and Retention, Laws and

Policies, Program Development, Leadership and Council, and Finance, and most recently he has been a member of the International Committee on Resolutions and the Executive Committee of the Board of Trustees. Bartlett has been a Kiwanian for twenty-five years.

The fifty-sixth Annual Convention of Kiwanis In-

ternational in San Francisco attracted 16,000 people, Kiwanians and their families. It was the third Kiwanis meeting in San Francisco since its founding.

Correction

The Romulus Roman received erroneous information that Walter J. Froehlich, of 8925 Hannan Rd., Romulus, received a Bachelor of Science degree in Mechanical and Design Drafting from Lawrence Institute of Technology.

Actually, Froehlich, the son of Mrs. Walter Froehlich, graduated June 11 from Henry Ford Community College.

He received his science degree and a silver pin for his grade average in mechanical and design drafting.

Romulus Schools name community school director

A new Community School Director has been hired for the Romulus School District.

William R. Smith, of Lafayette, Ind., takes the post Aug. 10.

Smith earned a bachelor's degree in economics from Albion College, in 1967. He was awarded a master's degree in administration and community education from Eastern Michigan University last year.

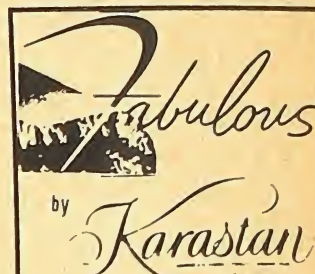

A Phi Beta Kappa key holder, Smith was an intern with the Mott Foundation, Flint, in 1969-70 and served as a graduate assistant at Eastern during the last school year.

The duties of the Community School Director reach into all phases of school activities.

Among them are the development of community interest in educational programs for youth and adults and maintaining close liaison with the community through participation with advisory committees.

The Community Director is also responsible for developing a variety of programs designed to meet

the needs and interests of the community, including adult and vocational education programs already in existence and the Wayne County Community College extension courses.

Mailman honored for driving

New Boston mail carrier Kenneth M. Edwards was recently presented a 25-year safe driving award by the United States Post Office.

A government employee since January, 1942, Edwards lives with his family on a cattle farm he purchased in 1968, in Petersburg, Mich.

His wife, Virginia, teaches at Ida and son, Kim, is a senior at Summerfield High School.

The Edwards' daughter, Margaret, is married to George Collins and teaches at Ida.

Belleville residents graduate

Two Belleville residents graduated Friday from General Motors Institute in Flint.

David J. Taylor, 47 Clarence St., has earned a bachelor's degree in electrical engineering. He was sponsored by the GMC Truck and Coach Division of General Motors.

David R. Dillingham, Jr., 37264 Thinbark Rd., has a bachelor's degree in industrial engineering. Dillingham was sponsored by Fisher Body Central Engineering.

Rev. Malcolm Carron, S.J., president of the University of Detroit, delivered the commencement address in the IMA Sports Arena in Flint.

Bachelor's degrees were conferred on 465 mechanical, industrial and electrical engineers. Another 53 scholarship students from General Motors Overseas Operations were granted diplomas for completing special two-year cooperative programs.

"So what if it makes you look ten years younger? Ten years ago you didn't look so good anyway."

PASS IT ON by L.M. Boyd

Blondes can get away with more ardent displays of passion than brunettes. In the movies, I mean. They can hold the kiss longer, reveal more bare body, display a greater undulation. Why I don't know. But Alfred Hitchcock contends it's a fact. He says his love scenes might not pass the censor if his heroines were brunettes.

An oil man, recently returned from Iran, informs me it's bad manners there to comment on the color of an infant's eyes. Superstition. Has to do with the infamous Evil Eye... Ever met a humorless man who worked in a place of business with sawdust on the floor? Neither have I. Butchers, bartenders, fishmongers, sawyers, they tend to be funny characters...

If you want to impress a salesman, tell him he would have made a superb trial lawyer. That is said to be what all great salesmen wish they were.

How do I know football is more lethal than rodeo riding? Simple statistics. They show about 15 boys a year are fatally injured in football, maybe one a year in the rodeo ring. Boxing is killing fewer lately, but the overall average at last report ran about seven deaths a year. Deadliest sport of all, certainly, is mountaineering.

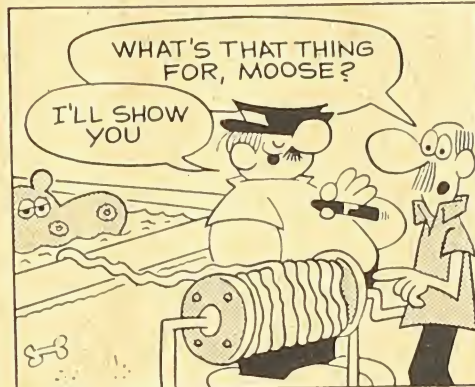

Customer service: Q. "Who said an Englishman thinks seated; a Frenchman, standing; an American, pacing; an Irishman, afterwards?" A. That was Austin O'Malley. He also said: 1. "Exclusiveness is a characteristic of recent riches, high society and the skunk." 2. Why is the word 'tongue' feminine in Greek, Latin, Italian, Spanish, French and German?" 3. "The worst misfortune that can happen to an ordinary man is to have an extraordinary father."

Client wants to know if wild game expert Don Hunt was serious when he claimed the best way to catch a cheetah was to grab it by the tail and throw it into an open box. He was... World's biggest nail is the boat spike which weighs about two pounds. When I reported that, a customer asked "What's the smallest?" The needle nail. Takes about 95,000 to weigh one pound.

There's a man the odd-quirk experts call "a compulsive swindler." What the addict gets from dope and the alcoholic gets from liquor, this fellow gets from cheating, they contend. No, he's not necessarily a felon running the Pigeon Drop on some suburban Dagwood. He frequently operates in a business that would be legitimate were it not for his uncontrollable urge. A clerk who intermittently can't resist the impulse to fast-count the short change in an otherwise decent purchase. The salesman who even after the close of an honest deal suddenly talks a phony pitch. A business executive who wrenches the nails out of an honorable contract with a last-minute sneaky wrinkle in the fine print. It's not the personal profit these convulsed souls seek, I'm told. It's the sadistic orgasmic exhilaration they get in the bloodless beating of compatriots. They're incurable, that's known. The next scissorbill who knocks on your door with a briefcase in his hand may be one such. Beware, young fellow.

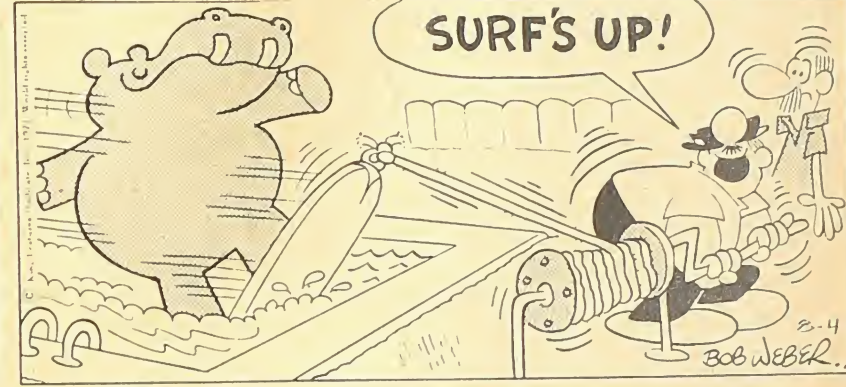

Your questions and comments are welcomed and will be used in "Pass It On" wherever possible. PK Please address your letters to L.M. Boyd, P.O. Box 17076, Fort Worth, Texas 76102.

Tomorrow's forecast from the Carroll Righter Institute

General tendencies: The early morning can bring some sudden and dramatic change that upsets some of your plans. Later you find you have an unusually good day and evening to get a new idea of where you are headed and to work out practical steps for reaching your goal. Don't be afraid of the new, untried.

Aries (Mar. 21 to Apr. 19) Find out what bigwigs expect of you and carry through to the best of your ability, even if faced by an irate associate. Get into civic work also that gives you a chance to prove yourself. Take it easy tonight.

Taurus (Apr. 20 to May 20) Put aside the routine work you can do well tomorrow and handle those current problems that are vexing you. Get good advice from an expert. Then carry through with cheerful promptness and wisdom.

Gemini (May 21 to June 21) You have work to do so get at it without permitting another to talk you into going out for pleasure you don't care about anyway. You have fine ideas to put to work, but they need to be made more practical. Consult with an expert.

Moon Children (June 22 to July 21) Don't permit a disturbed family tie to prevent your going along with the ideas of a clever associate. First clear up misunderstandings of the past. Then make this a memorable day, p.m.

Leo (July 22 to Aug. 21) You have many duties to perform that seem hard in a.m.; schedule your time and you can finish them easily and well. Use the newest techniques and all becomes easy for you. Evening fine for the social side of life.

Virgo (Aug. 22 to Sept. 22) You have excellent ideas to put in operation with the assistance you need from a bigwig you know, so get at them. Once project is well underway, you can devote yourself to mate. Don't think in such a trivial way as you have been doing.

Libra (Sept. 23 to Oct. 22) You have to use good common sense now if you want to get on the right side of one at home who means much to you. Kin give fine advice and this combined with that of experts helps you get right results in business world.

Scorpio (Oct. 23 to Nov. 21) You are equipped with both ideas and practicality that make projects you have in mind successful. An associate asks for your assistance. Give it willingly so that you both have benefits therefrom.

Sagittarius (Nov. 22 to Dec. 21) You have an important financial affair that requires the advice of an expert if it is to work out properly. Get it. Make those appointments that help you pursue projects successfully. Do not argue, though.

Capricorn (Dec. 22 to Jan. 20) A good pal will now give you the support you need for some project that required some fancy angling. Attend social affairs where you are the social lion, lioness. Dress your best.

Aquarius (Jan. 21 to Feb. 19) You can reach right decisions on important matters now if you sit down quietly with an expert and talk them over intelligently. Put more verve in your business affairs and they work out better in the future. Get your points across easily.

Pisces (Feb. 20 to Mar. 20) If you look to good friends to give you the right slant, you can handle those new outlets most successfully. Seek the advice you need from outsiders who are out of town. Couch your letters in appropriate language.

If your child is born today he or she will be one of those charming people who wants it spelled out just what his or her position is in any practical situation. Be sure to give a combined course of study that will blend the material with the idealistic. Much success is possible during this lifetime, provided you make it a point always to give him or her credit where credit is due even as a youngster, but to point out mistakes. There is fine character in this chart, plus an excellent understanding of whatever is scientific.

"The Stars impel, they do not compel." What you make of your life is largely up to you.

Carroll Righter's Individual Forecast for your sign for August is now ready. For your copy send your birthdate and \$1 to Carroll Righter Forecast, The Daily Eagle, Box 629, Hollywood, Calif. 90028.
